Arteck HB305-3 / MB167

Arteck Universal Multi-Device Bluetooth Keyboard and Mouse Instruction Manual

Model: HB305-3 (Keyboard) / MB167 (Mouse)

Brand: Arteck

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your Arteck Universal Multi-Device Bluetooth Keyboard (HB305-3) and Ergonomic Mouse (MB167) set. Designed for seamless multi-device connectivity, this combo enhances your productivity across various operating systems and devices. Please read this manual thoroughly before use to ensure optimal performance and longevity of your product.

KEY FEATURES

- **3-Device Switching:** Connects to up to three Bluetooth devices simultaneously, allowing for quick switching with a single click.
- **Broad Compatibility:** Fully functional with Windows, iOS, iPad OS, Android, and Mac OS, supporting laptops, desktops, PCs, iPads, tablets, and smartphones.
- **7-Button Ergonomic Mouse:** Features left/right click, scroll wheel, DPI button (800/1200/1600/2000/2400 DPI), and two side buttons for forward/backward navigation, plus a dedicated window switch button.
- **Long-Life Rechargeable Battery:** Built-in Li-polymer battery provides up to 6 months of use for the keyboard and 4 months for the mouse on a single charge (based on 2 hours/day non-stop use).
- **Quiet Typing:** Whisper-quiet, low-profile keys with Scissors X structure for comfortable typing.
- **USB-C Charging:** Both keyboard and mouse are rechargeable via the included USB-C cable.

SETUP

1. Initial Charging

Before first use, ensure both the keyboard and mouse are fully charged. Use the provided USB-C charging cable to connect them to a USB power source (e.g., computer USB port, wall adapter). The charging indicator light will show charging status.

Long Battery Life and Rechargeable

Keyboard use for 6 months per charge, based on 2 hours per day

Mouses use for 4 months per charge, based on 2 hours per day

Figure 1: Keyboard and mouse connected for USB-C charging.

2. Bluetooth Pairing

The Arteck combo allows pairing with up to three devices. Follow these steps for each device:

1. **Turn On:** Locate the ON/OFF switch on the top right of the keyboard and the bottom of the mouse. Slide them to the "ON" position.
2. **Select Channel:** On the keyboard, press and hold one of the Bluetooth channel keys (BT1, BT2, or BT3) for 3-5 seconds until its indicator light starts blinking rapidly. This indicates pairing mode. For the mouse, press the channel switch button on the bottom until the desired channel light (1, 2, or 3) blinks rapidly.
3. **Enable Bluetooth on Device:** On your computer, tablet, or smartphone, go to Bluetooth settings and enable Bluetooth.
4. **Search for Devices:** Your device will scan for available Bluetooth devices. Look for "Arteck Keyboard" and "Arteck Mouse" in the list.
5. **Connect:** Select "Arteck Keyboard" and "Arteck Mouse" to pair. Once connected, the indicator light on the keyboard/mouse will stop blinking and remain solid for a few seconds, then turn off to save power.

Figure 2: Multi-device connection setup for keyboard and mouse.

OPERATING INSTRUCTIONS

1. Multi-Device Switching

Once paired with multiple devices, you can switch between them instantly:

- **Keyboard:** Simply press the corresponding Bluetooth channel key (BT1, BT2, or BT3) to switch to the paired device.
- **Mouse:** Press the channel switch button on the bottom of the mouse to cycle through the paired devices (1, 2, 3).

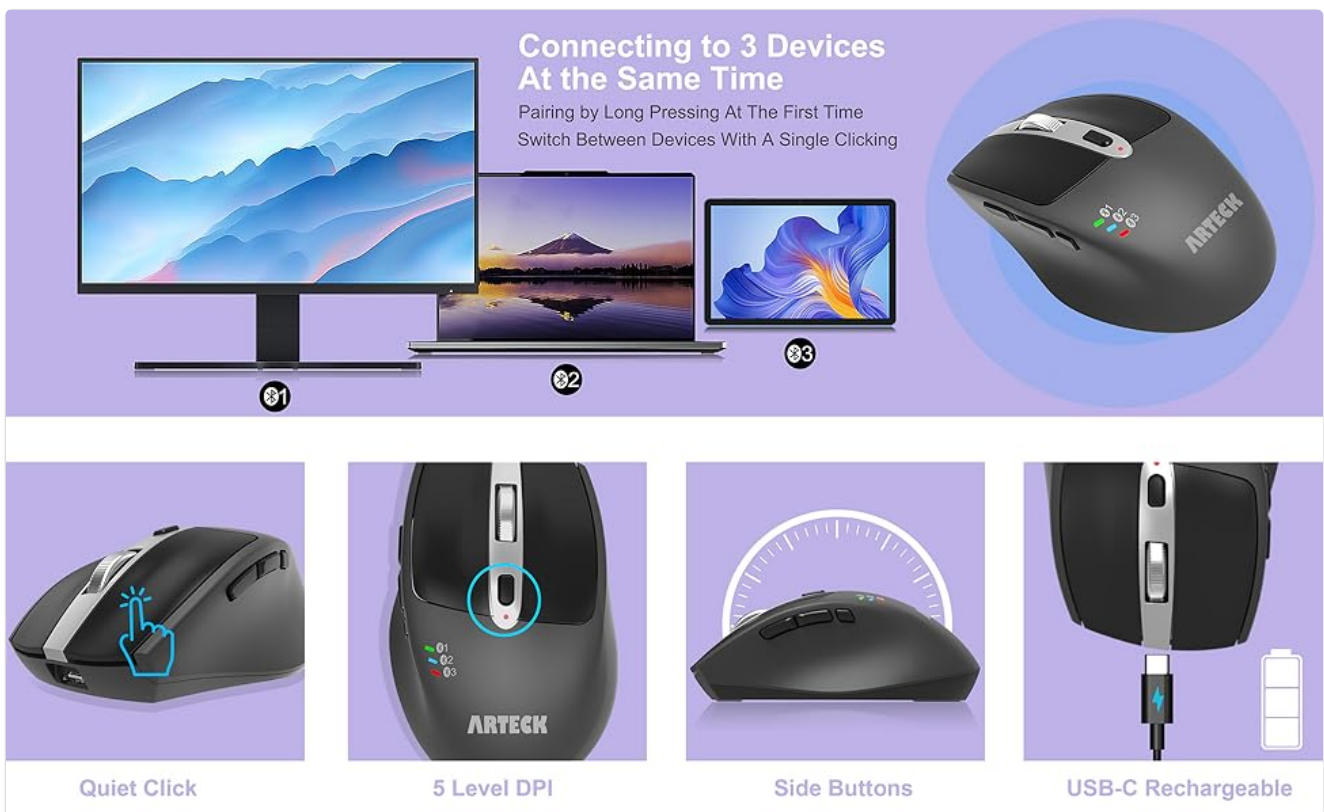

Figure 3: Keyboard Bluetooth channel selection.

2. Mouse DPI Adjustment

The mouse features a DPI button to adjust cursor sensitivity. Press the DPI button (located near the scroll wheel) to cycle through 800, 1200, 1600, 2000, and 2400 DPI settings. Choose the sensitivity that best suits your needs.

Figure 4: Mouse DPI adjustment and side buttons.

3. Special Function Keys (Keyboard)

The keyboard includes system-specific function keys for Windows, iOS, iPad OS, Android, and Mac OS. These keys provide quick access to common functions such as volume control, media playback, and screen brightness. Refer to your device's operating system for specific key functionalities.

MAINTENANCE

1. Battery Management

To maximize battery life, turn off the keyboard and mouse when not in use for extended periods. Recharge them when the low battery indicator appears. The devices can be used while charging.

2. Cleaning

Use a soft, dry cloth to clean the surfaces of the keyboard and mouse. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid using harsh chemicals or abrasive materials.

TROUBLESHOOTING

Problem	Solution
---------	----------

Problem	Solution
Device not connecting via Bluetooth.	<ul style="list-style-type: none"> • Ensure the keyboard/mouse is turned ON and in pairing mode (indicator light blinking). • Check that Bluetooth is enabled on your host device. • Move the devices closer to each other. • Remove previous pairings from your host device's Bluetooth list and try pairing again. • Recharge the keyboard/mouse to ensure sufficient battery.
Keys/mouse not responding.	<ul style="list-style-type: none"> • Check battery level and recharge if necessary. • Ensure the correct Bluetooth channel is selected on the keyboard/mouse. • Restart your host device. • If using the keyboard, ensure Num Lock or Caps Lock are not inadvertently activated if specific keys are not working as expected.
Cursor movement is erratic or slow.	<ul style="list-style-type: none"> • Adjust the mouse DPI setting using the DPI button. • Ensure the mouse is used on a clean, non-reflective surface.
