# Polder 2-Tier Spinner Caddy Instruction Manual

Model: STO-6790

Brand: Polder

## INTRODUCTION

The Polder 2-Tier Spinner Caddy is designed to enhance organization and storage in your home. This versatile caddy features dual rotating tables, providing easy access to stored items. Its clear plastic construction ensures contents are visible, making it ideal for various spaces such as kitchens, bathrooms, and pantries. The caddy is built with a stable base and an aluminum pole, capable of holding up to 8 lbs (3.6 kg).

This manual provides instructions for the assembly, operation, and maintenance of your Polder 2-Tier Spinner Caddy.

## SETUP AND ASSEMBLY

The Polder 2-Tier Spinner Caddy is designed for straightforward assembly without the need for additional hardware. Follow these steps to set up your caddy:

1. Place the base unit on a flat, stable surface.
2. Insert the aluminum pole into the central opening of the base unit, ensuring it is securely seated.
3. Carefully place the top tier onto the upper end of the aluminum pole. Ensure it is level and stable.
4. Verify that both tiers rotate smoothly on the pole.

The caddy is now ready for use. For a visual guide, please refer to the assembly video below.

## MAINTENANCE

To ensure the longevity and cleanliness of your Polder 2-Tier Spinner Caddy, follow these simple maintenance guidelines:

- **Cleaning:** The clear plastic tiers are easy to clean. Wipe them down with a damp cloth and mild soap as needed. Avoid abrasive cleaners or scouring pads, as these can scratch the plastic surface.
- **Drying:** After cleaning, dry all components thoroughly with a soft cloth to prevent water spots.
- **Inspection:** Periodically check the caddy for any signs of wear or damage. Ensure the aluminum pole is securely in place and the tiers rotate smoothly.

## TROUBLESHOOTING

If you encounter any issues with your Polder 2-Tier Spinner Caddy, consider the following:

- **Tiers not rotating smoothly:** Ensure the caddy is placed on a flat, level surface. Check that the aluminum pole is correctly inserted and not obstructed. Remove any debris or spills that might be hindering rotation.

- **Caddy feels unstable:** Verify that the base and pole are fully assembled and secure. Ensure items are distributed evenly across both tiers and that the total weight does not exceed the 8 lbs (3.6 kg) capacity.
