

Qaekie T19

Qaekie T19 Bone Conduction Headphones User Manual

Model: T19

1. PRODUCT OVERVIEW

The Qaekie T19 Bone Conduction Headphones offer an open-ear listening experience, transmitting sound through your cheekbones to your inner ear. This design allows you to remain aware of your surroundings while enjoying audio. Featuring Bluetooth 5.3 for stable connectivity, a built-in microphone for calls, and a running light for enhanced visibility, these headphones are designed for active lifestyles.

Key Features:

- **Bone Conduction Technology:** Delivers audio without blocking your ear canals.
- **Open-Ear Design:** Ensures situational awareness and comfort during extended wear.
- **Bluetooth 5.3:** Provides a stable and efficient wireless connection.
- **Integrated Microphone:** For clear hands-free calls.
- **Running Light:** Enhances safety during nighttime activities.
- **IPX6 Water Resistance:** Protects against sweat and splashes.

Press '-' 3 times	Last Song
Press '+' 3 times	Next Song
Press '-' 4 times	Last Number Redial
Hold Press the 'light button' for 2 seconds	Wake Up/Shut off the breathing light

4. SETUP

4.1 Charging the Headphones

Before first use, fully charge the headphones. Connect the provided USB-C charging cable to the charging port on the headphones and the other end to a USB power adapter (not included) or a computer's USB port. The LED indicator will

show charging status and turn off when fully charged.

- **Charging Time:** Approximately 1.5-2 hours for a full charge.
- **Battery Life:** Up to 10 hours of playtime on a single charge.

4.2 Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Power On button (usually the '+' button) for 3 seconds until the LED indicator flashes red and blue alternately, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "Qaekie T19" from the list of found devices.
5. Once connected, the LED indicator will stop flashing and remain solid blue or turn off, depending on the model. A voice prompt may confirm the connection.

If pairing fails, turn off the headphones and your device's Bluetooth, then repeat the steps.

5. OPERATING INSTRUCTIONS

5.1 Wearing the Headphones

Place the headphones with the transducers resting on your cheekbones, just in front of your ears. The neckband should rest comfortably behind your head. Adjust for a secure and comfortable fit.

Open-Ear Comfort and Ergonomic Design

Fitted for all-day wear to listen with an ultra-light, secure fit, painless

5.2 Basic Audio Playback

- **Play/Pause:** Press the '+' button once.
- **Volume Up:** Double click the '+' button.
- **Volume Down:** Double click the '-' button.
- **Next Track:** Press the '+' button three times.
- **Previous Track:** Press the '-' button three times.

5.3 Call Management

- **Answer/End Call:** Press the '+' button once during an incoming call.
- **Reject Call:** Hold down the '+' button for 2 seconds during an incoming call.
- **Redial Last Number:** Press the '-' button four times.

5.4 Breathing Light Function

The integrated breathing light enhances your visibility during low-light conditions, such as night running.

- **Activate/Deactivate:** Hold the dedicated light button for 2 seconds.

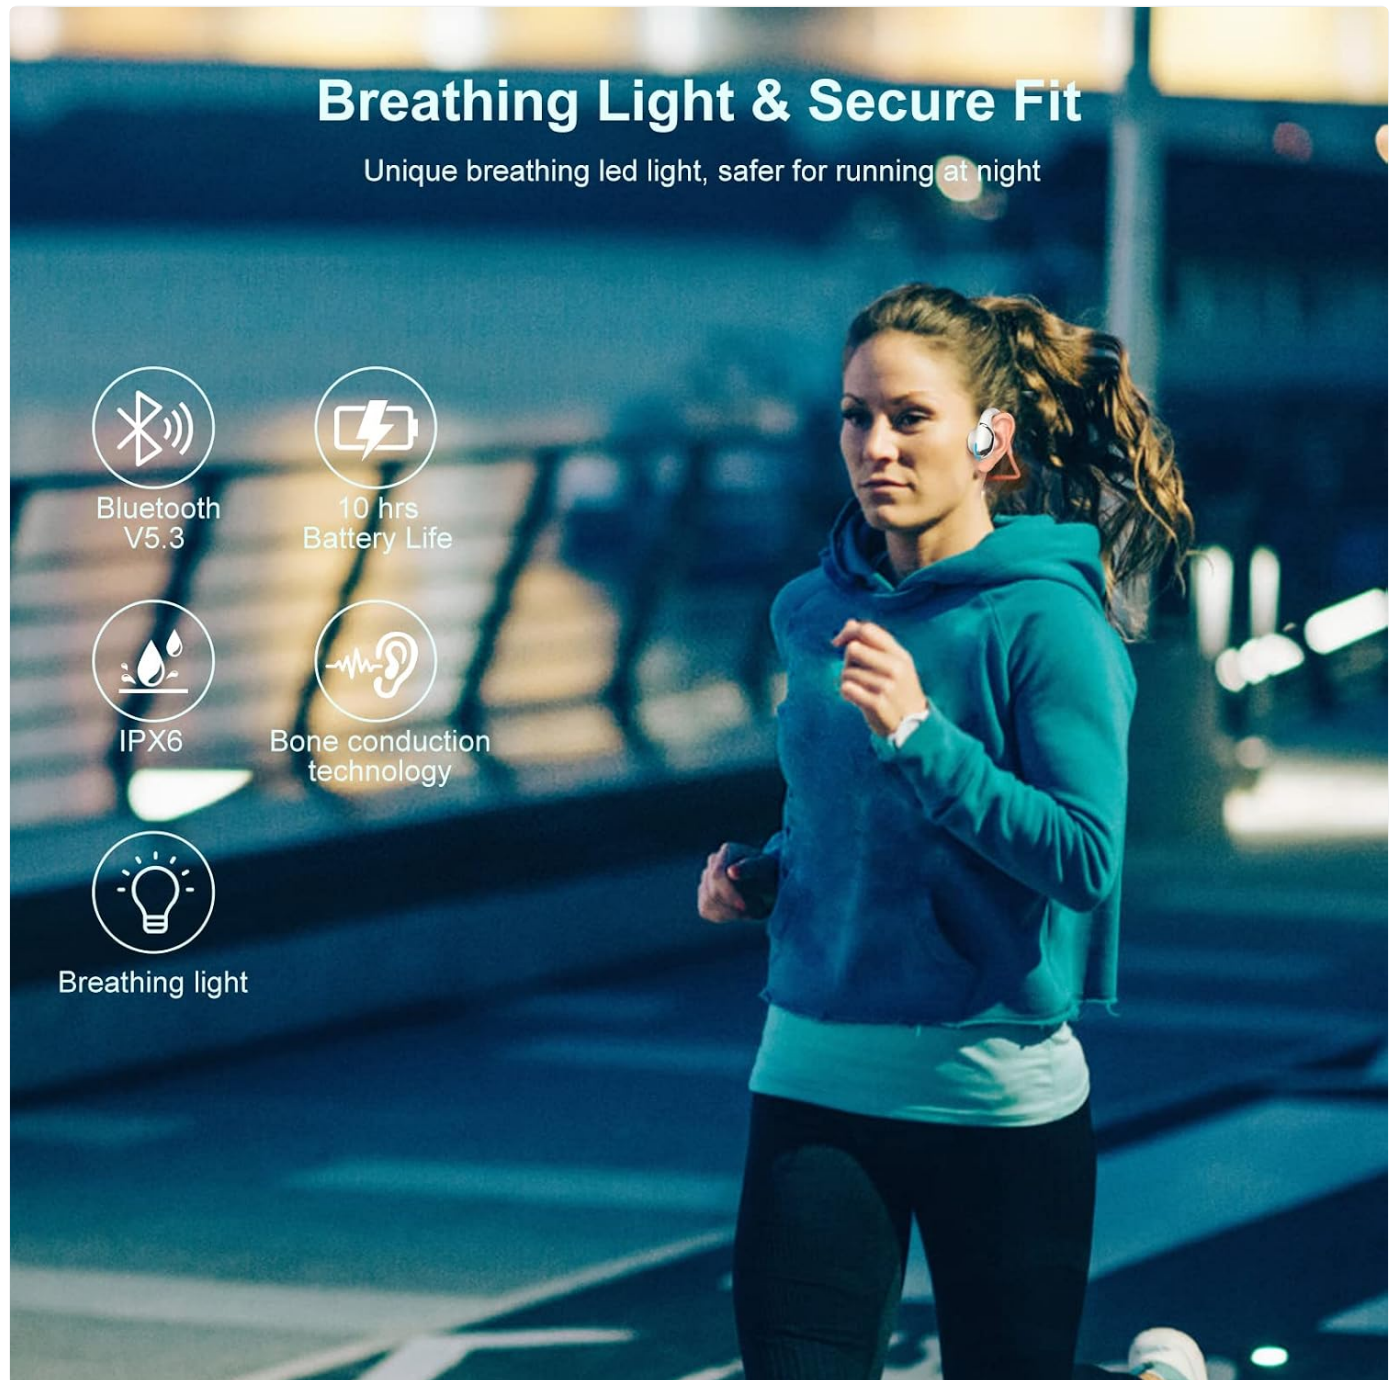

Figure 4: The breathing light feature provides enhanced safety during nighttime activities.

6. MAINTENANCE

- **Cleaning:** Wipe the headphones with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** The headphones are IPX6 water-resistant, meaning they can withstand sweat and light splashes. Do not submerge them in water or expose them to strong jets of water. Ensure the charging port cover is securely closed.
- **Battery Care:** To prolong battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not in use for extended periods.

7. TROUBLESHOOTING

Table 2: Common Issues and Solutions

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones fully.
Cannot pair with device.	Headphones not in pairing mode; Bluetooth off on device; device too far.	Ensure headphones are in pairing mode (flashing red/blue). Turn on Bluetooth on your device. Move device closer to headphones.
No sound or low volume.	Volume too low on headphones or device; headphones not connected.	Increase volume on both headphones and device. Re-pair the headphones.
Sound quality is poor.	Weak Bluetooth signal; interference; improper fit.	Move closer to your device. Avoid strong electromagnetic interference. Adjust headphone placement on cheekbones.
Breathing light not working.	Light function deactivated.	Hold the light button for 2 seconds to activate.
