Setup

Initial Charging

Before first use, fully charge the camera's built-in battery using the provided USB cable. A full charge can take 8-10 hours.

App Installation and Pairing

Download the "ieGeek Cam" app from your smartphone's app store (iOS or Android). Follow the in-app instructions to create an account and pair your camera. Ensure your phone is connected to a 2.4GHz Wi-Fi network, as the camera does not support 5GHz Wi-Fi.

Operating the Camera

2K QHD Video and Color Night Vision

The ZS-GX3S captures high-resolution 2K QHD video, providing clear and detailed images. With its 2 PIR LEDs and 2 white lights, it offers 33ft color night vision, allowing for clear monitoring even in low-light conditions.

AI & PIR Motion Detection

The camera features advanced AI and PIR motion detection, identifying people and sending real-time alarm notifications (0.2s-3s). Upon detection, it records video and audio, and can activate a siren and spotlight to deter intruders.

Two-Way Audio

Utilize the built-in 2-way audio feature to communicate with visitors or deter unwanted guests directly through the app.

Storage Options

The camera supports dual storage modes: local storage via an SD card (up to 128GB, not included) or free lifetime cloud storage for 6-second clips with 7-day loop coverage.

Maintenance

Battery Life

The camera's professional rechargeable battery offers extended battery life depending on usage:

- Up to 180 days: Alarm 3-5 times a day, each time 10 seconds recording (suitable for uninhabited country cabins or small villas).
- Up to 90 days: Alarm 20 times a day, each time 10 seconds recording (suitable for a single dormitory door).
- Up to 60 days: Alarm 30 times a day, each time 10 seconds recording (suitable for frequently used doorways; solar panel recommended for better lighting conditions).
- Up to 45 days: Alarm 50 times a day, each time 10 seconds recording (not recommended for indoor, high-traffic areas; wired cameras suggested).

Weather Resistance

The camera is IP65 waterproof, with upgraded rubber rings for improved airtightness, making it resistant to rain and snow.

Troubleshooting

Connectivity Issues

Ensure your Wi-Fi network is 2.4GHz. The camera does not support 5GHz Wi-Fi. If experiencing disconnections, try fully charging the camera for 8-10 hours before use. Check Wi-Fi signal strength in the app.

Motion Detection Sensitivity

Adjust the motion detection sensitivity settings within the "ieGeek Cam" app. You can customize human detection for day/night to avoid false alarms from animals or cars.

Recording Time

If recordings are too short (e.g., 6 seconds), check the recording management settings in the app to adjust the recording time (e.g., 20 seconds, 40 seconds, 1 minute).

Specifications

- **Model Number:** ZS-GX3S
- **Video Resolution:** 2K 3MP
- **Night Vision:** 33ft Color Night Vision (2 PIR LEDs + 2 white lights)
- **Connectivity:** Wi-Fi (2.4GHz only)
- **Power Source:** Battery Powered (10000 mAh)
