## Tkisko TO1

# Tkisko TO1 Projector User Manual

Model: TO1 | Brand: Tkisko

## 1. PRODUCT OVERVIEW

The Tkisko TO1 Projector is designed to deliver a high-quality visual experience with native 1080P resolution and 4K support. It features electric focus, 4D/4P keystone correction, and versatile connectivity options including Wi-Fi and Bluetooth.

### What's in the Box

- Tkisko TO1 Projector
- Remote Control
- Carrying Backpack
- Power Cord
- AV Cable
- HDMI Cable
- User Manual

**Video Description:** A brief overview of the Tkisko TO1 projector, showcasing its compact size and ease of use in a home setting, projecting onto a ceiling.

**Video Description:** An unboxing video demonstrating the contents of the Tkisko TO1 projector package, including the projector, remote, and various cables.

## 2. SETUP GUIDE

### 2.1 Initial Placement and Power

Place the projector on a stable, flat surface or mount it securely. Ensure adequate ventilation around the device. Connect the power cord to the projector and then to a power outlet.

## 2.2 Focus and Keystone Correction

The Tkisko TO1 features electric focus and 4D/4P keystone correction for optimal image clarity and shape. Use the remote control to adjust these settings.

**Image Description:** A Tkisko TO1 projector projecting an image onto a wall, with a remote control in hand demonstrating the digital focus and 4D/4P keystone correction features. The projected image shows vertical and horizontal adjustment capabilities and a 50% zoom function.

**Video Description:** A demonstration of the Tkisko TO1 projector's menu navigation and projection settings, including adjusting the projection mode and keystone correction.

## 2.3 Connectivity

The projector offers multiple input options:

- **HDMI:** Connect devices like laptops, gaming consoles, or TV sticks using an HDMI cable.
- **USB:** Plug in USB drives for media playback.
- **AV:** Use the AV cable for older devices.
- **3.5mm Audio Jack:** Connect external speakers or headphones.

## Wide Compatibility Easy and Enough

**Image Description:** The Tkisko TO1 projector displayed with various connectivity options such as AV, AUX, USB, and HDMI, alongside compatible devices like a smartphone, tablet, gaming controller, and headphones.

### 3. OPERATING INSTRUCTIONS

#### 3.1 Power On/Off

Press the power button on the projector or the remote control to turn the device on or off.

#### 3.2 Wireless Connection (Wi-Fi)

The projector supports 5G+2.4G Wi-Fi for smooth streaming. Navigate to the Wi-Fi settings in the projector's menu, select your network, and enter the password.

**Image Description:** A Tkisko TO1 projector projecting a large image onto a wall, demonstrating 5G wireless screening from a smartphone. Icons indicate compatibility with iPhone, Android phones, MacBook, and Windows laptops.

### 3.3 Bluetooth Audio

Connect external Bluetooth speakers or headphones for enhanced audio. The projector features 5.1 bidirectional Bluetooth. Go to Bluetooth settings, enable Bluetooth, and pair with your desired device.

**Image Description:** The Tkisko TO1 projector connected via Bluetooth 5.1 to an external speaker, illustrating its bidirectional Bluetooth capability. It also shows the projector being used as a standalone Bluetooth speaker, with a smartphone connected.

### 3.4 Image Size Adjustment (Zoom)

The projector supports a 50% zoom function, allowing you to reduce the image size from 100% to 50% without moving the projector. This can be adjusted via the remote control.

**Image Description:** A visual representation of the Tkisko TO1 projector's adjustable screen size, showing projections of 50, 100, and 300 inches against a scenic backdrop, emphasizing optimal viewing distance.

**Video Description:** A quick demonstration of the Tkisko TO1 projector's initial setup, showing the projected image and basic functionality.

## 4. MAINTENANCE

---

Proper maintenance ensures the longevity and optimal performance of your Tkisko TO1 Projector.

### 4.1 Lens Care

- Use a soft, lint-free cloth to gently wipe the projector lens.
- For stubborn smudges, use a lens cleaning solution specifically designed for optical surfaces.
- Avoid abrasive materials or harsh chemicals that can scratch the lens.

### 4.2 Dust Protection

The Tkisko TO1 features a fully sealed optical engine designed to protect the lens from dust and scratches, contributing to a longer lifespan. However, regular cleaning of the exterior and ensuring the projector is stored in a clean environment is recommended.

### 4.3 General Cleaning

- Wipe the exterior of the projector with a soft, dry cloth.
- Do not use liquid cleaners or aerosols directly on the projector.
- Ensure ventilation ports are clear of obstructions to prevent overheating.

## 5. TROUBLESHOOTING

---

If you encounter issues with your Tkisko TO1 Projector, refer to the following common problems and solutions:

## 5.1 No Image or Blurry Projection

- **Check Focus:** Use the electric focus function via the remote control to sharpen the image.
- **Adjust Keystone:** If the image is trapezoidal, use the 4D/4P keystone correction to square it.
- **Input Source:** Ensure the correct input source (HDMI, USB, AV) is selected.
- **Cable Connection:** Verify all cables are securely connected.

## 5.2 No Sound

- **Volume Level:** Increase the volume on both the projector and the connected device.
- **Audio Output:** Check if external speakers or headphones are properly connected via Bluetooth or the 3.5mm audio jack.
- **Source Audio:** Ensure the audio is enabled on the source device.

## 5.3 Remote Control Issues

- **Batteries:** Replace the remote control batteries.
- **Line of Sight:** Ensure there are no obstructions between the remote and the projector's IR receiver.
- **Distance:** Operate the remote within the recommended range.

## 5.4 Wireless Connection Problems

- **Wi-Fi Signal:** Ensure the projector is within range of your Wi-Fi router and the signal is strong.
- **Network Password:** Double-check the Wi-Fi password.
- **Device Compatibility:** Confirm your device supports the projector's wireless screening protocols (e.g., AirPlay, Miracast).

## 6. SPECIFICATIONS
