Loewe 001 Women Eau de Toilette Spray User Manual

Model: 8426017072175

INTRODUCTION

This manual provides essential information for the proper use, care, and maintenance of your Loewe 001 Women Eau de Toilette Spray. Please read these instructions carefully to ensure optimal performance and longevity of your fragrance.

SETUP

Upon receiving your Loewe 001 Women Eau de Toilette Spray, carefully remove it from its packaging. Inspect the bottle and spray mechanism for any signs of damage during transit. Ensure the cap is securely fastened. No assembly is required for this product.

An image showing the Loewe 001 Women Eau de Toilette spray bottle next to its elegant packaging box. The bottle is clear glass with a wooden cap, displaying the 'LOEWE 001 WOMAN Eau de Toilette' label. The box features a black and white botanical illustration.

OPERATING INSTRUCTIONS

For optimal and long-lasting fragrance effects, apply the Loewe 001 Women Eau de Toilette Spray to the body's pulse points. These areas generate more body heat, which helps to continually warm and release the fragrance throughout the day.

Application Steps:

1. Identify pulse points: Common pulse points include the wrists, behind the ears, the crease of your arms and knees, and the base of your throat.
2. Hold the bottle approximately 5-7 inches (12-18 cm) away from your skin.
3. Press the spray nozzle firmly to release a fine mist of the fragrance onto the chosen pulse points.
4. Avoid rubbing the fragrance into your skin after application, as this can break down the scent molecules and diminish its longevity.

5. For a lasting effect, consider spraying fragrance lower on the body, as scent tends to rise.

MAINTENANCE

To preserve the quality and longevity of your Loewe 001 Women Eau de Toilette Spray, follow these maintenance guidelines:

- **Storage:** Store the fragrance in a cool, dry place, away from direct sunlight and extreme temperatures. Heat and light can degrade the fragrance over time.
- **Cap Security:** Always ensure the cap is tightly secured after each use to prevent evaporation and contamination.
- **Handling:** Handle the bottle with care to avoid dropping it, which could cause breakage.

TROUBLESHOOTING

If you encounter any issues with your Loewe 001 Women Eau de Toilette Spray, refer to the following common troubleshooting tips:

- **Scent Fades Quickly:**
 - Ensure you are applying to pulse points.
 - Consider moisturizing your skin before application, as fragrance lasts longer on hydrated skin.
 - Reapply as needed throughout the day.
- **Spray Nozzle Clogged:**
 - Gently wipe the nozzle with a damp cloth to remove any residue.
 - If severely clogged, try running the nozzle under warm water for a few seconds, then dry thoroughly before attempting to spray again.
- **No Spray/Weak Spray:**
 - Check if the dip tube inside the bottle is properly submerged in the liquid.
 - Ensure the cap was not left off, leading to potential evaporation or air entry.

SPECIFICATIONS

Feature	Detail
Brand	LOEWE
Model Number	8426017072175
Item Form	Liquid
Item Volume	75 Milliliters (2.5 Fl Oz)
Scent	Sweet vanilla, warm sandalwood
