

KREAFUNK KF-0905

KREAFUNK Alight Portable Bluetooth Speaker and Lamp User Manual

Model: KF-0905

1. INTRODUCTION

Thank you for purchasing the KREAFUNK Alight Portable Bluetooth Speaker and Lamp. This device combines a high-quality Bluetooth speaker with an integrated lamp, designed for versatile use both indoors and outdoors. Its water-resistant design and portable nature make it an ideal companion for various environments. This manual provides essential information for the safe and effective operation, setup, and maintenance of your Alight speaker and lamp.

2. SAFETY INFORMATION

Please read all safety instructions carefully before using the product. Failure to follow these instructions

may result in electric shock, fire, or other injuries.

- Do not expose the device to extreme temperatures or direct sunlight for extended periods.
- Avoid dropping or subjecting the device to strong impacts.
- Do not attempt to disassemble, repair, or modify the device yourself. Contact authorized service personnel for any repairs.
- Ensure the charging port is dry before connecting the charging cable.
- Keep the device away from medical devices, as it contains magnets.
- Dispose of batteries according to local regulations. Do not incinerate.

3. PACKAGE CONTENTS

Verify that all items are present in your product packaging:

- KREAFUNK Alight Portable Bluetooth Speaker and Lamp
- USB Charging Cable
- Mounting Hardware (e.g., metal plate with double-sided tape for magnetic attachment)

4. SETUP

4.1 Initial Charging

1. Connect the provided USB charging cable to the charging port on your Alight speaker.
2. Connect the other end of the USB cable to a compatible USB power adapter (not included) or a computer USB port.
3. Allow approximately 2 hours for a full charge. A full charge provides up to 15 hours of combined play and light time.

4.2 Bluetooth Pairing

1. Ensure your Alight speaker is charged.
2. Press and hold the power button (location typically on the bottom or side) until you hear an audible prompt or see an indicator light flashing, indicating pairing mode.
3. On your smartphone, tablet, or other Bluetooth-enabled device, navigate to the Bluetooth settings.
4. Select "KREAFUNK Alight" from the list of available devices.
5. Once connected, you will hear a confirmation sound, and the indicator light will typically become solid.

4.3 Mounting (Optional)

The Alight speaker features a magnetic base for easy attachment to metallic surfaces or using the included mounting hardware.

1. Identify a suitable, clean, and dry surface for mounting.
2. Peel the protective film from the double-sided tape on the metal plate (included).
3. Firmly press the metal plate onto the desired surface and hold for a few seconds to ensure adhesion.
4. Attach the Alight speaker to the metal plate using its magnetic base.

5. OPERATING INSTRUCTIONS

5.1 Power ON/OFF

- To power ON: Press and hold the power button for approximately 3 seconds.
- To power OFF: Press and hold the power button for approximately 3 seconds.

5.2 Playing Audio

- Once paired via Bluetooth, audio from your connected device will play through the Alight speaker.
- Control playback (play/pause, skip tracks) and volume directly from your connected device.
- The speaker has a wireless range of up to 10 meters (33 feet).

5.3 Lamp Function

The Alight speaker features an integrated lamp with adjustable brightness levels.

- To turn the lamp ON/OFF: Short press the dedicated light button (if available, or a quick press of the power button after the speaker is on).

- To adjust brightness: Repeatedly short press the light button to cycle through the 3 brightness levels:
 - Low (approx. 8 lumens)
 - Medium (approx. 16 lumens)
 - High (approx. 24 lumens)

6. MAINTENANCE

6.1 Cleaning

- Wipe the device with a soft, damp cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals.
- Ensure the charging port cover is securely closed before cleaning with a damp cloth or exposing to water.

6.2 Battery Care

- The ALight speaker uses a built-in Lithium Ion battery.

- To prolong battery life, avoid fully discharging the battery frequently.
- Store the device in a cool, dry place when not in use for extended periods.
- Over time, the capacity of rechargeable batteries may decrease. This is normal wear and tear.

7. TROUBLESHOOTING

If you encounter issues with your KREAFUNK Alight speaker and lamp, refer to the following common solutions:

Problem	Possible Solution
Device does not turn on	Ensure the battery is charged. Connect the charging cable and allow it to charge for at least 30 minutes before attempting to power on again.
Cannot pair via Bluetooth	<ul style="list-style-type: none">• Ensure the speaker is in pairing mode (indicator light flashing).• Make sure Bluetooth is enabled on your device.• Move the speaker closer to your device (within 10 meters).• Forget/remove "KREAFUNK Alight" from your device's Bluetooth list and try pairing again.• Restart both the speaker and your Bluetooth device.
No sound from speaker	<ul style="list-style-type: none">• Check the volume level on both the speaker and your connected device.• Ensure the speaker is successfully paired and connected.• Try playing audio from a different application or source.
Lamp is not working	Ensure the speaker is powered on and the battery is charged. Press the light button to cycle through brightness levels.
