SAFETY INFORMATION

This product contains small parts and is recommended for ages 14 and up. Due to the very small size of the micro blocks, there is a choking hazard for young children. Adult supervision is advised for younger builders. Keep all components away from pets. Always build on a clean, flat surface to prevent loss of pieces.

WHAT'S IN THE BOX

Your dOvOb Micro Mini Blocks 8-in-1 Dogs Set includes:

- Approximately 1616 micro building blocks, separated into individual bags for each dog model.
- A detailed assembly instruction booklet for all 8 dog models.
- Specialized tweezers to assist with handling the small blocks.

ASSEMBLY INSTRUCTIONS

Each dog model comes with its own set of micro blocks in a separate bag, ensuring a streamlined building process. Follow the step-by-step instructions provided in the included booklet for optimal results. The small size of the blocks (approximately 4x4mm) requires precision and patience. Utilize the provided tweezers to aid in placing and securing the tiny pieces.

1. **Preparation:** Choose one dog model to build. Open only the corresponding bag of blocks to avoid mixing pieces. Lay out the pieces on a clean, well-lit surface.
2. **Follow the Booklet:** Refer to the instruction booklet for your chosen dog. Each step clearly illustrates which blocks to use and where to place them. Pay close attention to the number and type of blocks required for each step.
3. **Utilize Tweezers:** For precise placement of the micro blocks, especially in tight spaces, use the specialized tweezers. This will help prevent frustration and ensure a secure fit.
4. **Layer by Layer:** Building typically progresses layer by layer. Ensure each layer is firmly pressed together before moving to the next to maintain structural integrity.
5. **Patience is Key:** Micro block assembly can be challenging due to the small scale. Take breaks if needed and enjoy the intricate process.

OPERATING AND DISPLAY

Once assembled, your dOvOb micro mini block dogs are ready for display. These models are designed to be static display pieces. Handle them with care, especially when moving, to prevent pieces from detaching. They are perfect for decorating desks, shelves, or any space where you want to add a touch of canine charm.

MAINTENANCE

To keep your micro block dog models in excellent condition:

- **Cleaning:** Gently dust the models with a soft brush or a dry cloth. Avoid using water or cleaning solutions, as they may damage the blocks or loosen connections.
- **Storage:** If disassembling or storing, keep all blocks organized to prevent loss. Store in a cool, dry place away from direct sunlight to prevent color fading.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Missing pieces	Manufacturing error or pieces lost during assembly.	Carefully check your building area. If pieces are genuinely missing, please contact dOvOb customer support with details of the missing parts.
Difficulty connecting blocks	Incorrect alignment or insufficient pressure.	Ensure blocks are perfectly aligned before applying firm, even pressure. Use the provided tweezers for better grip and precision.
Model is unstable	Blocks not fully pressed together or incorrect assembly step.	Review previous steps in the instruction booklet. Ensure all blocks are securely connected.
