2. SAFETY INFORMATION

Important Safety Warning: This wardrobe may tip over. To increase stability and ensure safety, it is crucial to use the included anti-tip device to secure the wardrobe to a wall. Failure to do so may result in serious injury.

- Always assemble the product on a flat, stable surface.
- Do not exceed the maximum weight capacities: each fabric shelf can hold up to **10 kg (22 lbs)**, and each clothing rod can hold up to **15 kg (33 lbs)**.

- Keep small parts away from children during assembly.
- Regularly check all connections and fasteners to ensure they remain tight.
- Do not climb on or hang from the wardrobe.

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of this wardrobe is designed to be straightforward and requires no additional tools. Follow the clear instructions and use the labeled parts for quick setup.

1. **Unpack and Identify Parts:** Lay out all components on a clean, flat surface. Refer to the "Package Contents"

section and Image 3.1 to identify each part.

2. **Assemble the Base Frame:** Connect the appropriate metal tubes using the plastic connectors to form the base of the wardrobe. Ensure all connections are secure.
 3. **Install Lower Shelves and Rods:** Insert the lower vertical metal tubes and attach the fabric shelves and clothing rods as indicated in the assembly diagram.
 4. **Build Upper Sections:** Continue building upwards, adding vertical tubes, fabric shelves, and the upper clothing rod.
 5. **Secure All Connections:** Once the frame is fully assembled, gently press down on each connection point to ensure all tubes are fully seated into the plastic connectors.
 6. **Install Anti-Tip Device:** This is a critical safety step.
 - Position the wardrobe in its desired location.
 - Attach the anti-tip strap to the top rear of the wardrobe using the provided hardware.
 - Mark the corresponding spot on the wall. Drill a pilot hole if necessary, and secure the other end of the strap to the wall using appropriate wall anchors and screws (not always included, depending on wall type).
 - Ensure the strap is taut to prevent tipping.

5. USAGE AND OPERATING INSTRUCTIONS

The SONGMICS Open Wardrobe offers versatile storage solutions for your garments and accessories.

- **Ample Storage:** This wardrobe provides two sections for hanging clothes and multiple shelves for folded items.
- **Adjustable Configuration:** For longer garments such as dresses or coats, the middle large shelf can be removed to create a single, tall hanging compartment.
- **Weight Capacity:** Each fabric shelf is designed to support up to 10 kg (22 lbs), and each clothing rod can hold up to

15 kg (33 lbs). Distribute weight evenly to maintain stability.

- **Versatile Placement:** Its simple and modern design allows this garment rack to be easily integrated into various rooms, including bedrooms, living rooms, hallways, or utility rooms.

6. MAINTENANCE

Proper maintenance will help extend the life of your SONGMICS Open Wardrobe.

- **Cleaning:** Wipe metal tubes and plastic connectors with a soft, damp cloth. For fabric shelves, spot clean with a mild detergent and allow to air dry completely. Avoid harsh chemicals or abrasive cleaners.
- **Regular Checks:** Periodically inspect all connections to ensure they are still tight and secure. Re-tighten if

necessary.

- **Weight Distribution:** Always distribute weight evenly across shelves and hanging rods to prevent strain on the frame.
- **Environment:** Avoid placing the wardrobe in excessively humid environments or direct sunlight for prolonged periods, as this may affect the fabric and plastic components.

7. TROUBLESHOOTING

If you encounter any issues with your wardrobe, refer to the following common solutions:

Problem	Possible Cause	Solution
Wardrobe feels unstable/wobbly	Loose connections; uneven surface; anti-tip device not installed or loose.	Ensure all metal tubes are fully inserted into plastic connectors. Place on a level surface. Install or re-tighten the anti-tip device to the wall.
Fabric shelves sag	Overloaded; uneven weight distribution.	Reduce weight on the shelf, ensuring it does not exceed 10 kg. Distribute items evenly across the shelf.
Clothing rods bend	Overloaded.	Reduce the number or weight of hanging garments, ensuring it does not exceed 15 kg per rod.
Long clothes touch the lower shelf/floor	Standard configuration not suitable for long items.	Remove the middle large shelf to create a single, taller hanging compartment for longer garments.
