## SETUP AND ASSEMBLY

The mini-figures and accessories require assembly. No scissors or glue are required for assembly.

1. **Unpack Components:** Carefully remove all parts from their packaging. Note that the product comes without boxes, with parts packaged separately.
2. **Identify Parts:** Refer to the included assembly instructions (if provided separately) or the visual guides in this manual to identify the individual body parts (head, torso, arms, legs) and accessories.
3. **Assemble Figures:** Connect the movable arms and legs to the torso, and attach the head. Articulations are designed to be detachable for customization.
4. **Attach Accessories:** Select desired weapons and accessories and attach them to the figures. The figures are designed to hold various items.
5. **Cannon Assembly:** Assemble the cannon according to its specific parts, as shown in the visual guides.

## OPERATING (USAGE)

Once assembled, the figures are ready for imaginative play or display.

- **Posing Figures:** The figures feature movable arms and legs, allowing for various poses and dynamic scenes.
- **Accessory Customization:** Interchange weapons and accessories among the figures to create different soldier configurations.
- **Display:** The assembled figures can serve as creative decorations for offices, bookshelves, desks, or rooms.
- **Educational Play:** Engaging with these building blocks can help develop logical thinking, strategic planning, visual observation, and spatial perception.

## MAINTENANCE

---

Proper care will ensure the longevity of your action figures.

- **Cleaning:** Wipe figures gently with a dry or slightly damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store figures and accessories in a cool, dry place away from direct sunlight to prevent material degradation or discoloration.
- **Handling:** While durable, avoid excessive force when assembling or posing figures to prevent breakage of small parts or articulations.

## TROUBLESHOOTING

---

If you encounter any issues during assembly or use, consider the following:

- **Parts Not Fitting:** Ensure you are using the correct parts for the intended connection. Some connections may require a gentle but firm push. Do not force parts excessively.
- **Loose Articulations:** If a joint feels too loose, it may be due to repeated detachment. For display

purposes, a small amount of non-permanent adhesive (e.g., poster putty) can be used to secure poses, but this is not recommended for active play.

- **Missing Parts:** Carefully check all packaging materials. If parts are genuinely missing, contact the manufacturer or retailer for assistance.
