

Dibea US-DC200-WHJ

Dibea Corded Stick Vacuum Cleaner User Manual

Model: US-DC200-WHJ

Brand: Dibea

1. IMPORTANT SAFETY INSTRUCTIONS

When using an electrical appliance, basic precautions should always be followed, including the following:

- Read all instructions before using this vacuum cleaner.
- Do not use outdoors or on wet surfaces.
- Do not allow to be used as a toy. Close attention is necessary when used by or near children.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Do not use with damaged cord or plug. If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service center.
- Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Do not run appliance over cord. Keep cord away from heated surfaces.
- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
- Do not handle plug or appliance with wet hands.
- Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce air flow.
- Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use to pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.
- Do not use without dust bag and/or filters in place.
- Turn off all controls before unplugging.
- Use extra care when cleaning on stairs.
- Unplug from outlet when not in use and before servicing.

2. PACKAGE CONTENTS

Please check the contents of your package to ensure all items are present and undamaged:

- Main Vacuum Unit (with dust cup and motor)
- Extension Pole
- Motorized Floor Head
- Brush Attachment
- Crevice Tool
- Cleaning Brush
- HEPA Filter (pre-installed or separate)
- Wall Mount Bracket
- User Manual (this document)

3. SETUP AND ASSEMBLY

The Dibeia Corded Stick Vacuum Cleaner is designed for easy assembly. Follow these steps to set up your vacuum:

1. **Connect the Extension Pole:** Take the main vacuum unit and the extension pole. Align the end of the extension pole with the connection point on the main unit. Push firmly until you hear a "click" sound, indicating it is securely locked.
2. **Attach the Motorized Floor Head:** Take the motorized floor head and align its connection point with the other end of the extension pole. Push firmly until it clicks into place.
3. **Optional Attachments:** For handheld use or specific cleaning tasks, you can directly attach the brush attachment or crevice tool to the main vacuum unit, or to the end of the extension pole.

4. OPERATING INSTRUCTIONS

The Dibeo Corded Stick Vacuum Cleaner offers powerful suction and versatile cleaning for various surfaces.

4.1 Powering On/Off

To turn the vacuum cleaner on or off, locate the power button on the main unit. Press the button once to turn it on, and press it again to turn it off.

4.2 Cleaning Surfaces

This vacuum is suitable for cleaning a variety of dry surfaces, including carpets, hardwood floors, and tiles. The flexible motorized floor head is designed to effectively pick up dust, pet hair, cat litter, and

crumbs.

Video 4.1: This video demonstrates the vacuum's powerful suction on both carpet and hardwood floors, effectively cleaning up debris.

4.3 Maneuverability and Lightweight Design

The lightweight design (approximately 2.2 lbs for the handheld unit) makes it easy to maneuver and operate with one hand. The low-profile design and LED headlights on the floor head allow for easy cleaning under furniture and in dimly lit areas.

Figure 4.1: The lightweight design allows for easy cleaning of high-up areas.

Figure 4.2: The low-profile design and LED headlights enhance visibility and reach under furniture.

Video 4.2: This video highlights the vacuum's multi-functional and lightweight design, demonstrating its ability to easily clean under furniture.

5. MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your vacuum cleaner.

5.1 Dust Cup and Filter Cleaning

The dust cup and filters can be easily cleaned with tap water. After washing, ensure they are completely dry before reinstalling them into the vacuum cleaner. Regular cleaning will not affect suction power.

Filters are recommended to be changed every six months. Replacement filters are available from the manufacturer or authorized retailers.

Figure 5.1: The transparent dust cup allows for easy monitoring of collected debris, indicating when it needs to be emptied.

6. SPECIFICATIONS

Feature	Detail
Brand	Dibea
Model Name	US-DC200-WHJ

Specific instructions for use	Household cleaning
Batteries required	No

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Vacuum does not turn on.	Not plugged in; power outlet not working.	Ensure the power cord is securely plugged into a working electrical outlet.
Reduced suction power.	Dust cup is full; filters are clogged; blockage in hose/attachments.	Empty the dust cup. Clean or replace the HEPA filter. Check for and remove any blockages in the extension pole, floor head, or attachments.
Motor overheats.	Prolonged use; clogged filters/dust cup.	Turn off the vacuum and allow it to cool down for at least 30 minutes. Ensure dust cup is empty and filters are clean. Avoid continuous long-duration use.

8. WARRANTY AND SUPPORT

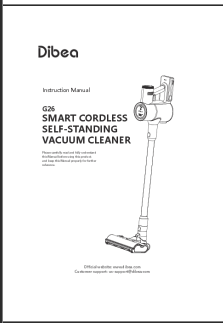

This Dibeas stick vacuum cleaner is FCC/CE/CCC listed and 100% inspected before shipping.

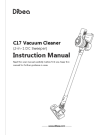

- **30-Day Money-Back Guarantee:** For new purchases.
- **1-Year Warranty Replacement Service:** Covers manufacturing defects for one year from the purchase date.
