KEY FEATURES

- **Air Conduction Open-Ear Design:**
Keeps ear canals clean and protects hearing, allowing for situational awareness.

Open-ear Comfort

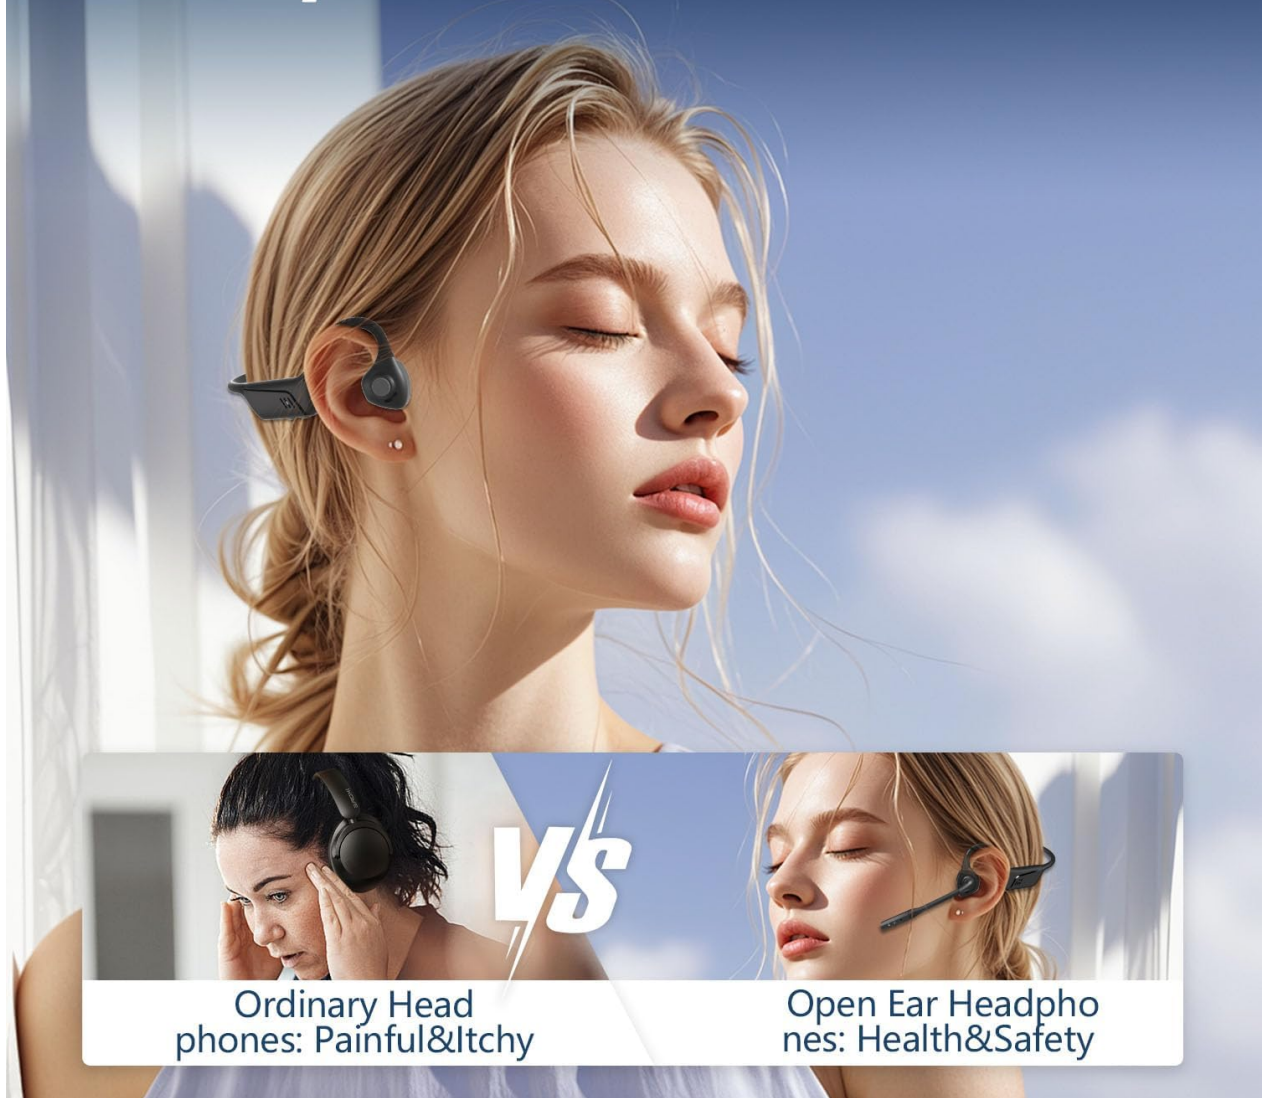

Image: Comparison showing the comfort and safety benefits of open-ear headphones versus traditional headphones.

- **Dual Noise-Canceling Mic for HD Calls:**

Equipped with DSP noise reduction technology for clear calls. The flexible boom mic rotates 240° for optimal voice pickup.

DSP Noise Canceling Mic for HD Calling

DSP noise reduction technology to filter 95% background noise and better pick up sound to improve call quality.

- **Separate Mute Button:**

Provides a dedicated button on the mic boom for privacy.

240° Rotatable Boom & Separate Mute Button

The Bluetooth headset comes with a separate mute button to protect your privacy.

Image: Diagram showing the 240° rotatable boom mic and the separate mute button for privacy.

- **Lightweight and Comfortable:**

Designed for long-term wear without ear pain, made with soft, skin-friendly silicone material.

- **Stable and Powerful Dual Connection:**

Supports simultaneous connection to two devices (phones, PC, tablet, smartwatch) via upgraded Bluetooth 5.3.

Connect Two Devices Simultaneously

Advanced Bluetooth 5.3 widely compatible with Phones/PC/Computer/Laptop/Tablet/Smartwatch etc.

Image: Illustration showing the headset connected to both a smartphone and a laptop simultaneously.

- **Long Battery Life:**

Built-in 250mAh battery provides up to 16 hours of music/calls, 400 hours standby, with 1.5 hours fast charging via Type-C USB.

SETUP

1. Charging:

Connect the headset to a USB power source using the provided Type-C charging cable. The indicator light will show charging status. A full charge takes approximately 1.5 to 2 hours.

2. Power On/Off:

Press and hold the Multi-function Button (MFB) for 3 seconds to power on or off. A voice prompt will confirm.

3. Pairing:

- Ensure the headset is powered off.
- Press and hold the MFB until the indicator light flashes blue and red alternately, indicating pairing mode.
- On your device (phone, PC, tablet), enable Bluetooth and search for "G3".
- Select "G3" to connect. A voice prompt will confirm successful pairing.

Easy to Operate

Image: Diagram showing the various buttons and their functions on the headset, including power, volume, and charging port.

4. Dual Device Connection:

After connecting to the first device, disable Bluetooth on that device. Put the headset back into pairing mode and connect to the second device. Once connected, re-enable Bluetooth on the first device, and the headset should automatically connect to both.

OPERATING INSTRUCTIONS

• Wearing the Headset:

Place the headset around your neck with the ear hooks resting comfortably over your ears. Adjust the boom microphone to the most suitable position for clear voice pickup (rotates 240°).

Image: Step-by-step guide on how to properly wear and adjust the headset for optimal comfort and microphone positioning.

- **Music Playback:**

- Play/Pause: Short press the Multi-function Button.
- Next Song: Long press the Volume + button.
- Previous Song: Long press the Volume - button.
- Volume Up: Short press the Volume + button.
- Volume Down: Short press the Volume - button.

- **Call Management:**

- Answer/End Call: Short press the Multi-function Button.
- Reject Call: Long press the Multi-function Button.
- Mute/Unmute Microphone: Use the dedicated mute button on the microphone boom. A voice prompt will confirm "Mute On" or "Mute Off".

- **Voice Assistant:**

Activate your device's voice assistant by double-pressing the Multi-function Button.

Usage Scenarios:

The open-ear design makes this headset ideal for various activities where situational awareness is important, such as remote meetings, online teaching, home working, call centers, driving, cycling, and general housework.

Situational Awareness

Stay aware of your surroundings while enjoying your favorite music whether working at home or communicating with colleagues at the office!

MAINTENANCE

- Keep the headset clean by wiping it with a soft, dry cloth.
- Avoid exposing the headset to extreme temperatures, humidity, or corrosive substances.
- Store the headset in a cool, dry place when not in use.
- Do not attempt to disassemble or repair the headset yourself, as this will void the warranty.
- The headset has an IP54 waterproof rating, making it resistant to sweat and light splashes, but it is not recommended for swimming.

TROUBLESHOOTING

- **Cannot Pair:**
Ensure the headset is in pairing mode (flashing blue/red light) and within range of your device. Check your device's Bluetooth settings and try restarting both devices.

- **No Sound/Low Volume:**

Check the volume levels on both the headset and your connected device. Ensure the headset is properly connected and not muted.

- **Intermittent Connection:**

Move closer to your connected device to avoid interference. Ensure no other Bluetooth devices are causing interference.

- **Microphone Not Working:**

Ensure the microphone boom is properly positioned and not muted. Check microphone settings on your connected device.

- **Battery Drains Quickly:**

Ensure the headset is fully charged before use. Reduce volume levels if excessively high.

SPECIFICATIONS

Feature	Detail
Model Name	G3 Bluetooth Headset with Microphone
Connectivity Technology	Wireless, Bluetooth
Wireless Communication Technology	Bluetooth 5.3
Bluetooth Range	10 Meters
Battery Capacity	250mAh
Charging Time	2 Hours (via Type-C USB)
