Devoko DVCH-240089-BK

Devoko 70 Gallon Rattan Wicker Storage Bench Deck Box

Model: DVCH-240089-BK

INTRODUCTION

Thank you for choosing the Devoko 70 Gallon Rattan Wicker Large Storage Bench Deck Box. This product is designed to provide versatile storage and seating solutions for both indoor and outdoor environments. Its robust construction and thoughtful features ensure durability and convenience. Please read this manual carefully before assembly and use to ensure proper installation and safe operation.

PRODUCT FEATURES

- **High-End Material:** Constructed from black PE rattan and a solid steel frame, ensuring a strong and durable structure with a long service life. The lid features a high-quality Acacia wood seat.

RATTAN & WOOD

The texture is delicate and comfortable

Premium
Acacia Wood

High Density
Rattan

Image: A detailed view highlighting the texture of the high-density rattan and the smooth finish of the premium Acacia wood used for the bench lid.

- **Bench Seating:** The lid is inlaid with a polished Acacia wood seat (45.2" x 17.6"), providing comfortable seating for two people with a maximum load capacity of 440 lbs.
- **Large Storage Space:** Offers a total capacity of 70 gallons, reinforced with steel bars for internal stability. Ideal for storing children's toys, gardening tools, pool supplies, and cleaning items.
- **Integrated Dust Bag:** Includes a dust-proof bag, sized to fit the interior, secured with Velcro. This bag protects contents from dust and moisture, featuring a zipper for easy access.
- **Hydraulic Gas Rod:** Ensures the lid opens and closes slowly and safely, preventing sudden drops.
- **Built-in Handrails:** Convenient handrails on both sides allow for easy carrying and repositioning of the bench.
- **Footpads:** Located at the bottom of the case to keep it off the ground, reducing wear and tear and protecting surfaces.

EASY TO USE

Safe & Convenient

ASSEMBLY INSTRUCTIONS

The Devoko Storage Bench is designed for straightforward assembly. It is recommended to have a Phillips head screwdriver and a wrench (often included or standard tools) for this process. Do not fully tighten screws until all components are in place.

- Unpack Components:** Carefully remove all parts from the packaging. Verify that all components are present according to the parts list (not provided in this manual, refer to packaging for full list).
- Assemble Side Walls:** Begin by connecting the four outer side walls of the storage box. Use the provided screws and fasteners. *Do not fully tighten the screws at this stage.*
- Insert Bottom Panel:** Once the side walls are loosely assembled, slide or drop the bottom panel into place. Ensure it aligns correctly with the grooves or attachment points.
- Attach Lid:** Position the lid onto the main box structure. Secure the hinges using the designated screws. Attach the hydraulic gas rod to the lid and the main body according to the instructions provided with the hardware.
- Install Dust Bag:** Place the dust-proof bag inside the assembled box. Secure it using the Velcro strips provided along the interior edges.

6. **Final Tightening:** Once all parts are correctly aligned and in place, systematically tighten all screws and fasteners securely. Ensure the lid opens and closes smoothly with the hydraulic gas rod.

Tip: If you encounter difficulty, ensure all parts are oriented correctly. Sometimes, a slight adjustment of loosely fitted parts can help align screw holes.

OPERATING INSTRUCTIONS

Using as Storage:

- To open the storage box, gently lift the lid. The hydraulic gas rod will assist in opening and holding the lid in an open position.
- Place items such as cushions, toys, or tools inside the dust bag for protection.
- To close, gently pull the lid down. The hydraulic gas rod will ensure a slow and controlled closure.

Image: Two children actively organizing and placing various toys into the spacious interior of the open Devoko storage bench, demonstrating its practical use for storing items.

Using as a Bench:

- Ensure the lid is fully closed and securely latched before using it as a seat.
- The Acacia wood surface is designed for comfortable seating.

- Do not exceed the maximum weight capacity of 440 lbs (approximately two adults).

MAINTENANCE

- **Cleaning:** Wipe the rattan and wood surfaces with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by rinsing with clean water and drying thoroughly. Avoid harsh chemicals or abrasive cleaners.
- **Dust Bag Care:** The internal dust bag can be removed and cleaned as needed. Follow care instructions on the bag's label if available, or hand wash with mild detergent and air dry.
- **Outdoor Protection:** While designed for outdoor use, prolonged exposure to extreme weather conditions (heavy rain, snow, intense sun) can affect its lifespan. Consider covering the bench with a protective cover during harsh weather or off-season periods.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Tighten if necessary to maintain structural integrity.

TROUBLESHOOTING

- **Lid does not close smoothly:**
 - Check if any items inside the box are obstructing the lid's path.
 - Inspect the hydraulic gas rod for proper attachment and function.
 - Ensure hinges are correctly aligned and screws are tightened.
- **Bench feels unstable:**
 - Verify that all assembly screws are fully tightened. Refer to the Assembly Instructions.
 - Ensure the bench is placed on a flat, level surface.
- **Water or dust inside the box:**
 - Confirm the dust bag is properly installed and zipped closed.
 - Ensure the lid is fully closed and sealed.
 - For outdoor use, consider if the bench is exposed to direct, heavy precipitation. A protective cover may be needed.

SPECIFICATIONS

Brand	Devoko
Model Number	DVCH-240089-BK
Material	Rattan, Acacia Wood, Steel Frame
Capacity	70 Gallons
Dimensions (Overall)	47" L x 19.6" W x 19.8" H
Bench Seat Dimensions	45.2" L x 17.6" W
