SAFETY INFORMATION

This product includes safety information regarding weight limit, anti-collision feature, and assembly instructions. Please refer to the product's assembly instructions and user manual for detailed safety information.

- **Weight Capacity:** Do not exceed the maximum weight recommendation of 176 pounds (80 kg) on the desktop. Overloading can cause damage or injury.
- **Anti-Collision Sensor:** The desk is equipped with an anti-collision sensor that automatically stops movement if an obstacle is detected. Ensure the area around the desk is clear during height adjustments.
- **Assembly:** Assembly requires two people. Follow all assembly instructions carefully to ensure stability and safe operation.
- **Children and Pets:** Keep children and pets away from the desk during operation to prevent accidents.
- **Power Supply:** Use only the provided power adapter. Disconnect power before cleaning or maintenance.

SETUP

Unpacking and Component Check

Your Mount-It! L Shaped Electric Standing Desk ships in two separate boxes, which may arrive on different days. Carefully unpack all components and verify against the parts list provided in the included assembly guide. Report any missing or damaged parts immediately to customer support.

Assembly Instructions

Detailed step-by-step assembly instructions are included with your product packaging. It is recommended that two people perform the assembly. Ensure all screws are tightened securely before use.

MAINTENANCE

To maintain your Mount-It! L Shaped Electric Standing Desk, clean the surfaces with a damp or dry cloth as needed. Avoid using harsh chemicals or abrasive cleaners that could damage the finish. Regularly check all fasteners to ensure they remain tight and secure.

TROUBLESHOOTING

- **Desk Not Moving:** Check all power connections. Ensure the power cord is securely plugged into both the desk and a working wall outlet.
- **Error Codes:** If an error code appears on the control panel, refer to the detailed troubleshooting section in your product's included assembly manual for specific instructions. Often, a simple reset (unplugging and replugging the power after 30 seconds) can resolve minor issues.
- **Uneven Height:** If the desk appears uneven, ensure it is placed on a level surface. If the issue persists, consult the assembly manual for recalibration instructions.
- **Anti-Collision Sensor Triggering Frequently:** Ensure there are no obstructions in the desk's path during movement. If the issue continues without visible obstacles, contact customer support.

If you encounter any issues not covered here or in the included manual, please contact Mount-It! customer support for assistance.
