ZOFGENOW M1

ZOFGENOW Automatic Mouthwash Dispenser M1 User Manual

Model: M1

Product Overview

The ZOFGENOW Automatic Mouthwash Dispenser M1 is designed to provide a convenient and hygienic way to dispense mouthwash. It features adjustable dispensing levels, magnetic cups, and flexible installation options.

Image: Overview of the ZOFGENOW Automatic Mouthwash Dispenser highlighting features such as 2000 mAh battery, auto cleaning, 3 dispensing modes, reusable quality, LED indicator, IPX7 waterproof rating, wall mount design, and Type-C charger.

Key Features:

- **Rechargeable Design:** Equipped with a 2000 mAh battery and Type-C charging port for convenience and sustainability.
- **Adjustable Dispensing:** Offers three volume settings: 10ml (0.35 fl oz), 20ml (0.7 fl oz), and 30ml (1.05 fl oz).
- **Magnetic Cups:** Includes cups that attach magnetically to the dispenser, preventing accidental falls and maintaining organization.
- **Installation Flexibility:** Can be used freestanding on a countertop or mounted on a wall.
- **Waterproof:** IPX7 rated for use in bathroom environments.
- **Auto Cleaning:** Integrated self-cleaning function for hygiene.

Setup Instructions

1. Unpacking and Initial Charge

- Carefully remove all components from the packaging.
- Before first use, fully charge the dispenser using the provided Type-C cable. The LED indicator will show charging status.

2. Filling the Dispenser

- Remove the top section of the dispenser to access the reservoir.
- Pour your preferred mouthwash into the reservoir. The maximum capacity is 550ml (19.4 fl oz).
- Ensure the top section is securely reattached after filling.

3. Installation Options

The dispenser can be placed on a countertop or mounted on a wall.

- **Countertop Placement:** Simply place the dispenser on a flat, stable surface in your bathroom.
- **Wall Mounting:**
  1. Choose a suitable location on a clean, dry wall.
  2. Use the provided 3M adhesive tape for a drill-free installation, or use screws and dowels for a more permanent fixture.
  3. Ensure the mounting bracket is level before attaching the dispenser.

Image: Illustrates the two mounting options for the dispenser: using 3M adhesive tape or screws and dowels for wall installation.

Operating Instructions

1. Power On/Off

- Press and hold the power button to turn the dispenser on or off.

2. Selecting Dispensing Volume

- Press the volume selection button to cycle through the three available dispensing levels: 10ml, 20ml, and 30ml.
- The corresponding LED indicator will light up to show the selected volume.

3. Dispensing Mouthwash

- Place one of the magnetic cups under the dispenser nozzle.
- The dispenser will automatically detect the cup and dispense the pre-selected amount of mouthwash.
- An LED ambient light will activate during dispensing.

Maintenance

1. Regular Cleaning

- To clean the reservoir, empty any remaining mouthwash.
- Fill the reservoir with clean water.
- Dispense the water through the unit until the reservoir is empty. Repeat this process until no mouthwash residue is visible or tasted.
- Wipe the exterior of the dispenser with a soft, damp cloth. Do not submerge the main unit in water.

2. Auto Cleaning Function

- The dispenser includes an auto-cleaning feature. Refer to the product's specific instructions for activating this mode, typically by pressing and holding a dedicated button or a combination of buttons.

Troubleshooting

Problem	Possible Cause	Solution
Dispenser not turning on or working.	Low battery or unit is off.	Ensure the unit is charged. Press and hold the power button to turn it on.
Mouthwash not dispensing.	Reservoir is empty, cup not detected, or nozzle is clogged.	Refill the reservoir. Ensure the magnetic cup is correctly placed. Perform a cleaning cycle to clear any clogs.
Inaccurate dispensing volume.	Incorrect volume setting selected.	Verify the desired volume (10ml, 20ml, or 30ml) is selected using the volume button.
Unit leaking.	Reservoir not sealed properly or unit is damaged.	Ensure the top section of the dispenser is securely twisted and sealed. If leaking persists, contact customer support.
