Hot Wheels HPX93

Hot Wheels Ultra Hots Loop Madness Track Set Instruction Manual

Model: HPX93

Important Safety Information

Warning: Not suitable for children under 36 months. Small parts may be generated. Adult supervision is recommended during assembly and play.

Package Contents

Before beginning assembly, please ensure all components are present:

- 1 Hot Wheels Ultra Hots Loop Madness Track Set (unassembled)
- 1 Hot Wheels car (1:64 scale)

The product packaging box, displaying the Hot Wheels Ultra Hots branding, an image of the track set, and indicating that assembly is required and it's suitable for ages 4+.

Setup Instructions

Follow these steps to assemble your Hot Wheels Ultra Hots Loop Madness Track Set:

1. Unpack all components from the box.
2. Connect the straight track pieces to form the entry and exit sections of the track.
3. Attach the three loop sections to the track, ensuring they are securely clicked into place.
4. Connect the slam launcher mechanism to the beginning of the track.
5. Attach the finish gate or end piece to the end of the track.
6. Verify all connections are firm to prevent the track from separating during play.

This image displays the complete Hot Wheels Ultra Hots Loop Madness Track Set, featuring three interconnected loops, a slam launcher, and a finish gate, with a single Hot Wheels car positioned on the track.

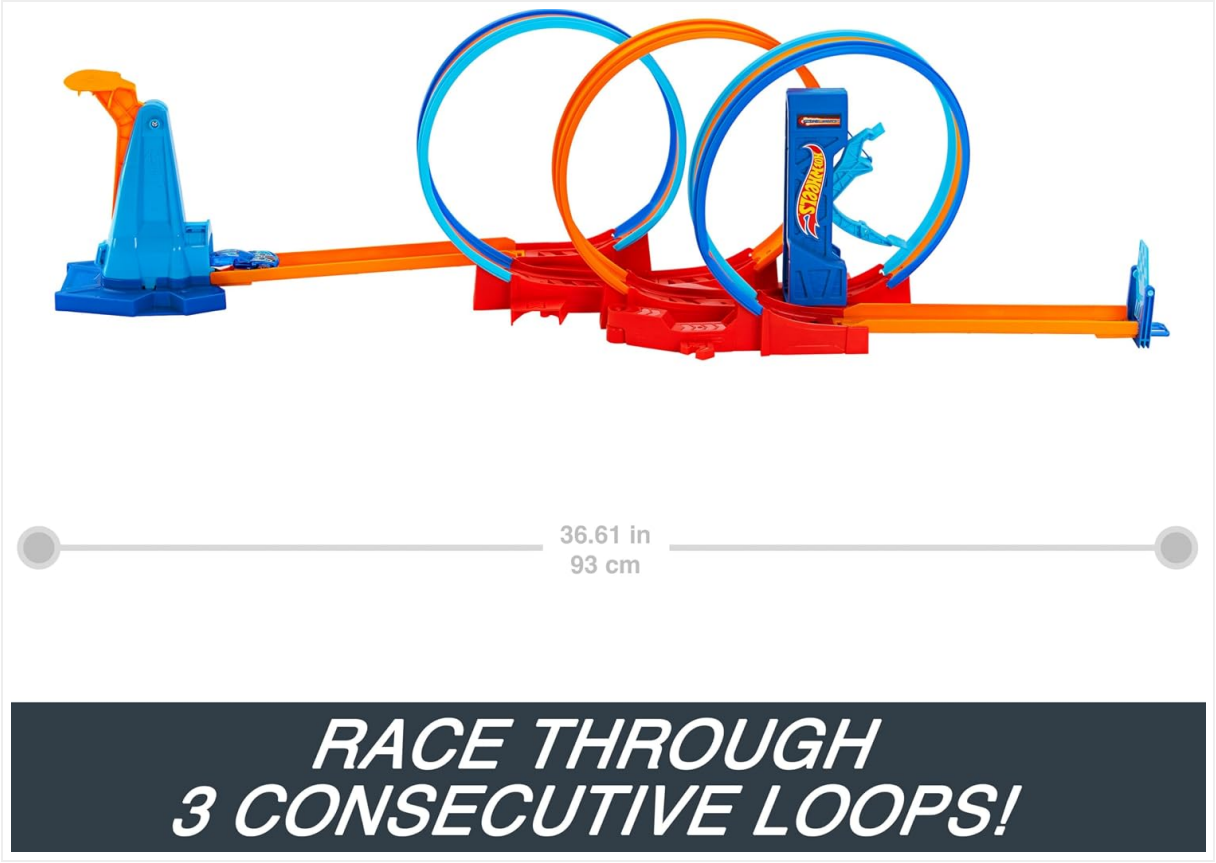

Operating Instructions

To operate your Hot Wheels Ultra Hots Loop Madness Track Set:

1. Place the included Hot Wheels car at the starting point of the slam launcher.
2. Firmly press down on the slam launcher to propel the car forward. The car will enter the first two loops.
3. As the car exits the second loop and approaches the third, a built-in loop kicker will provide an additional boost to help it complete the final loop and continue its journey.
4. Observe the car as it races through the three consecutive loops and exits the track.

This image shows a hand pressing down on the slam launcher mechanism, demonstrating how to propel a Hot Wheels car onto the track.

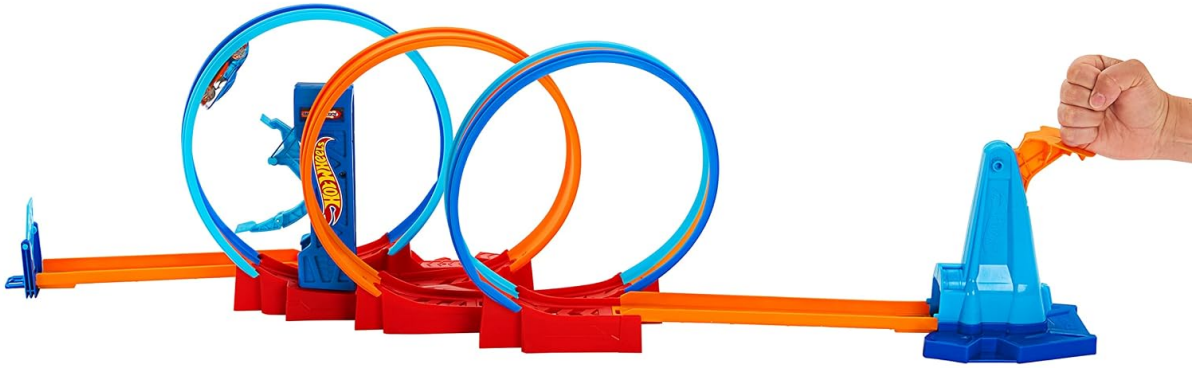

This image illustrates a hand touching the loop kicker, which provides an additional boost to the car as it navigates the third loop.

Maintenance and Storage

To ensure the longevity of your track set:

- **Cleaning:** Wipe the track and components with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** The track set is designed to break down for easy and convenient storage. Disassemble the track sections and store them in a dry, cool place away from direct sunlight.

This image shows the track set in a collapsed state, highlighting its design for easy and convenient storage.

Troubleshooting

If you encounter issues with your track set, refer to the following common problems and solutions:

- **Car does not complete the loops:**
  - Ensure the slam launcher is pressed firmly and consistently.
  - Check that all track connections are secure and there are no gaps.
  - Verify the car's wheels are clean and free of debris.
- **Car derails from the track:**
  - Inspect track sections for any damage or misalignment.
  - Ensure the track is placed on a flat, stable surface.
  - Confirm the car is placed correctly on the track before launching.

Specifications

Feature	Detail
