Serta Perfect Sleeper Nurture Night 14.5" Plush Pillow Top King Mattress User Manual

Brand: Serta | Model: 500303123-1060

INTRODUCTION AND OVERVIEW

The Serta Perfect Sleeper Nurture Night mattress is designed to provide unparalleled comfort and support for a rejuvenating sleep experience. This 14.5-inch plush pillow top King mattress incorporates advanced sleep technologies, including Cooling Gel Memory Foam and a robust 825-coil density system, to ensure optimal pressure relief, motion isolation, and temperature regulation.

Key features include:

- **Cool Twist Gel Memory Foam:** This unique design features cooling gel swirled into premium memory foam, enhancing airflow and heat dissipation for a cool, contouring comfort.
- **PillowSoft Aire Soft Foam:** Provides enhanced cushioning and promotes airflow through its gently rippling design, combined with Serta's cushion quilt foam for a plush feel.
- **Gel Band Support:** A band of gel memory foam offers targeted lumbar support for the lower back and hips.
- **Custom Support Coil System:** An 825-coil density system delivers contouring, cradling support and significantly minimizes motion transfer, ensuring undisturbed sleep.
- **CertiPUR-US Certified:** All foams are certified for content, emissions, and durability.

SETUP

Your Serta Perfect Sleeper mattress is shipped full-size and is not compressed, meaning it is ready for immediate placement and use upon delivery. Due to its substantial size and weight (approximately 99.8 pounds), it is highly recommended to have assistance from multiple persons for moving and positioning the mattress.

Initial Placement and Airing

- 1. Unpack:** Carefully remove all packaging materials from the mattress.
- 2. Position:** Place the mattress on a suitable foundation (see Troubleshooting for foundation types).
- 3. Airing:** Allow the mattress to air out for approximately one week to dissipate any new product odors and to allow it to reach its maximum comfort level.

NOT COMPRESSED

Mattress comes full size and ready to use. No need
to wait for it to expand

Image: The Serta Perfect Sleeper mattress positioned on a bed frame, ready for use.

Built for those who want to feel embraced.
Cradles the body while reducing motion and provides
a softer, more restorative rest.

OPERATING INSTRUCTIONS

The Serta Perfect Sleeper Nurture Night mattress is designed for optimal sleep comfort. Simply place it on a compatible bed frame or foundation and enjoy its features.

Comfort Features in Use:

- **Cooling Gel Memory Foam:** Experience a consistently cool sleep surface due to the integrated cooling gel, which helps regulate temperature throughout the night.
- **Motion Isolation:** The pocketed innersprings minimize motion transfer, ensuring that movements from a partner do not disturb your sleep.
- **Lumbar Support:** The gel band support provides targeted comfort and alignment for your lower back and hips, reducing pressure points.
- **Edge Support:** Serta's BestEdge Foam Encasement Technology provides a strong edge, preventing roll-off and extending the usable sleep surface.

Refreshingly cool sleep

Cool Twist® Gel Memory Foam offers a unique design of cooling gel swirled into premium memory foam for enhanced airflow, heat dissipation, and contouring comfort.

MAINTENANCE

Proper care and maintenance will extend the life and comfort of your Serta Perfect Sleeper mattress.

- **Regular Cleaning:** Vacuum your mattress regularly using a handheld attachment to keep it clean. Avoid saturating the foams and fibers with liquid, as this can cause damage.
- **Spot Cleaning:** For stains, spot clean using warm water and a mild detergent. Ensure the surface is completely dry before replacing sheets.
- **Proper Support:** Always ensure your mattress is supported by a proper foundation (e.g., Serta Foundation, traditional box springs, platform frames with slats no more than 2 inches apart, or adjustable bases) to prevent sagging.
- **Rotation:** While not strictly required, rotating your mattress periodically (e.g., once per month or less frequently based on preference) can help distribute wear evenly over time.
- **Mattress Protector:** Use a liquid-resistant mattress protector to guard against spills and stains, which can compromise the integrity of the mattress fabric and foams. Choose a protector made from breathable materials.

TROUBLESHOOTING & FAQS

- **My new mattress smells. What can I do?**

Please allow one week of use for your mattress to reach its maximum comfort while it breaks in and airs out. This is a normal process for new mattresses.

- **How do I clean my mattress?**

We do not recommend applying liquids directly to your mattress. Instead, utilize baking soda to absorb odors or spot clean stains with warm water and a mild detergent. Vacuum off any residue after 15 minutes. Using a mattress protector is the best option for preventing stains.

- **What kind of foundation do I need?**

Our Serta Foundation, traditional box springs, platform frames with slats no more than 2 inches apart, or adjustable bases all work well with this mattress. Proper support is crucial for mattress longevity and comfort.

SPECIFICATIONS

Product Dimensions	79.5 x 76 x 14.5 inches (Length x Width x Thickness)
Item Weight	99.8 pounds
Manufacturer	Serta
Item Model Number	500303123-1060
Refill Material	Memory Foam
Assembly Required	No
Included Components	Mattress
Age Range Description	Adult
Size	King
Top Style	Pillow Top
Cover Material	Polyester
Number of Layers	9
Special Features	Breathable Construction, Edge Support, Low Motion Transfer, Lumbar Support, Temperature Regulating
Color	Light Blue With Dark Blue Sides
Coil Type	Pocketed Coil

WARRANTY INFORMATION

The Serta Perfect Sleeper Nurture Night mattress comes with a **10-year limited warranty**. For detailed terms and conditions, please refer to the warranty documentation included with your purchase or contact Serta customer support.
