LUNQIN Car Phone Holder Instruction Manual

Model: 750439896810 | For Honda CRV CR-V 2023-2026

1. Introduction

This manual provides comprehensive instructions for the installation, operation, and maintenance of your LUNQIN Car Phone Holder. Designed specifically for Honda CRV CR-V models from 2023 to 2026, this holder offers a secure and convenient way to mount your mobile phone while driving. Please read this manual thoroughly before installation and use to ensure optimal performance and safety.

2. Product Features

- **Vehicle-Specific Design:** Custom-fit for Honda CRV CR-V 2023-2026 models, ensuring seamless integration.
- **Non-Obstructive Placement:** Mounts without blocking the navigation screen or air vents.
- **Gravity Linkage:** Allows for single-handed phone placement and automatic secure gripping.
- **Adjustable Viewing Angle:** Supports multi-angle rotation for optimal viewing.
- **Secure Hold:** Features a triangular gravity design for stable phone retention, even on bumpy roads.
- **Phone Compatibility:** Suitable for mobile phones (including cases) with a maximum width of 7.5 cm (3 inches).

3. Package Contents

- 1 x LUNQIN Car Phone Holder (Gravity Linkage Mount)
- 1 x Vehicle-Specific Mounting Base
- 1 x Installation Tool (Pry Tool)

4. Safety Information

- Ensure the phone holder is securely installed before driving.
- Do not attempt to install or adjust the holder while the vehicle is in motion.

- Verify that the phone holder does not obstruct your view of the road, mirrors, or vehicle controls.
- Always prioritize safe driving practices.

5. Setup and Installation

Follow these steps to install your LUNQIN Car Phone Holder:

5.1. Base Installation

1. Locate the area between the hazard warning light button and the air conditioning lever on your Honda CRV CR-V dashboard.
2. Gently pry off the dash trim a little bit using the provided installation tool to create a small gap.
3. Insert the top two clips of the vehicle-specific mounting base into the gap.
4. Press firmly on the bottom two clips to secure the base into place. Ensure it is flush and stable.

5.2. Phone Holder Attachment

1. Attach the gravity linkage phone holder to the ball joint on the installed base.
2. Secure it by tightening the nut on the back of the phone holder until it is firm.

Image: The gravity phone holder securely mounted onto the dedicated base.

6. Operating Instructions

6.1. Placing Your Phone

The LUNQIN Car Phone Holder features a gravity linkage design for easy one-handed operation:

- Gently place your phone into the holder from the top. The side arms and bottom support will automatically close and secure your phone as its weight activates the gravity mechanism.

Image: Illustration of the gravity induction lock and pick-up release mechanism.

6.2. Removing Your Phone

- Simply lift your phone upwards. The gravity mechanism will release the side arms and bottom support, allowing you to remove your phone easily.

6.3. Adjusting the Viewing Angle

- The phone holder can be rotated 360 degrees on its ball joint. Loosen the nut behind the holder slightly, adjust to your desired horizontal or vertical orientation and angle, then re-tighten the nut to secure.

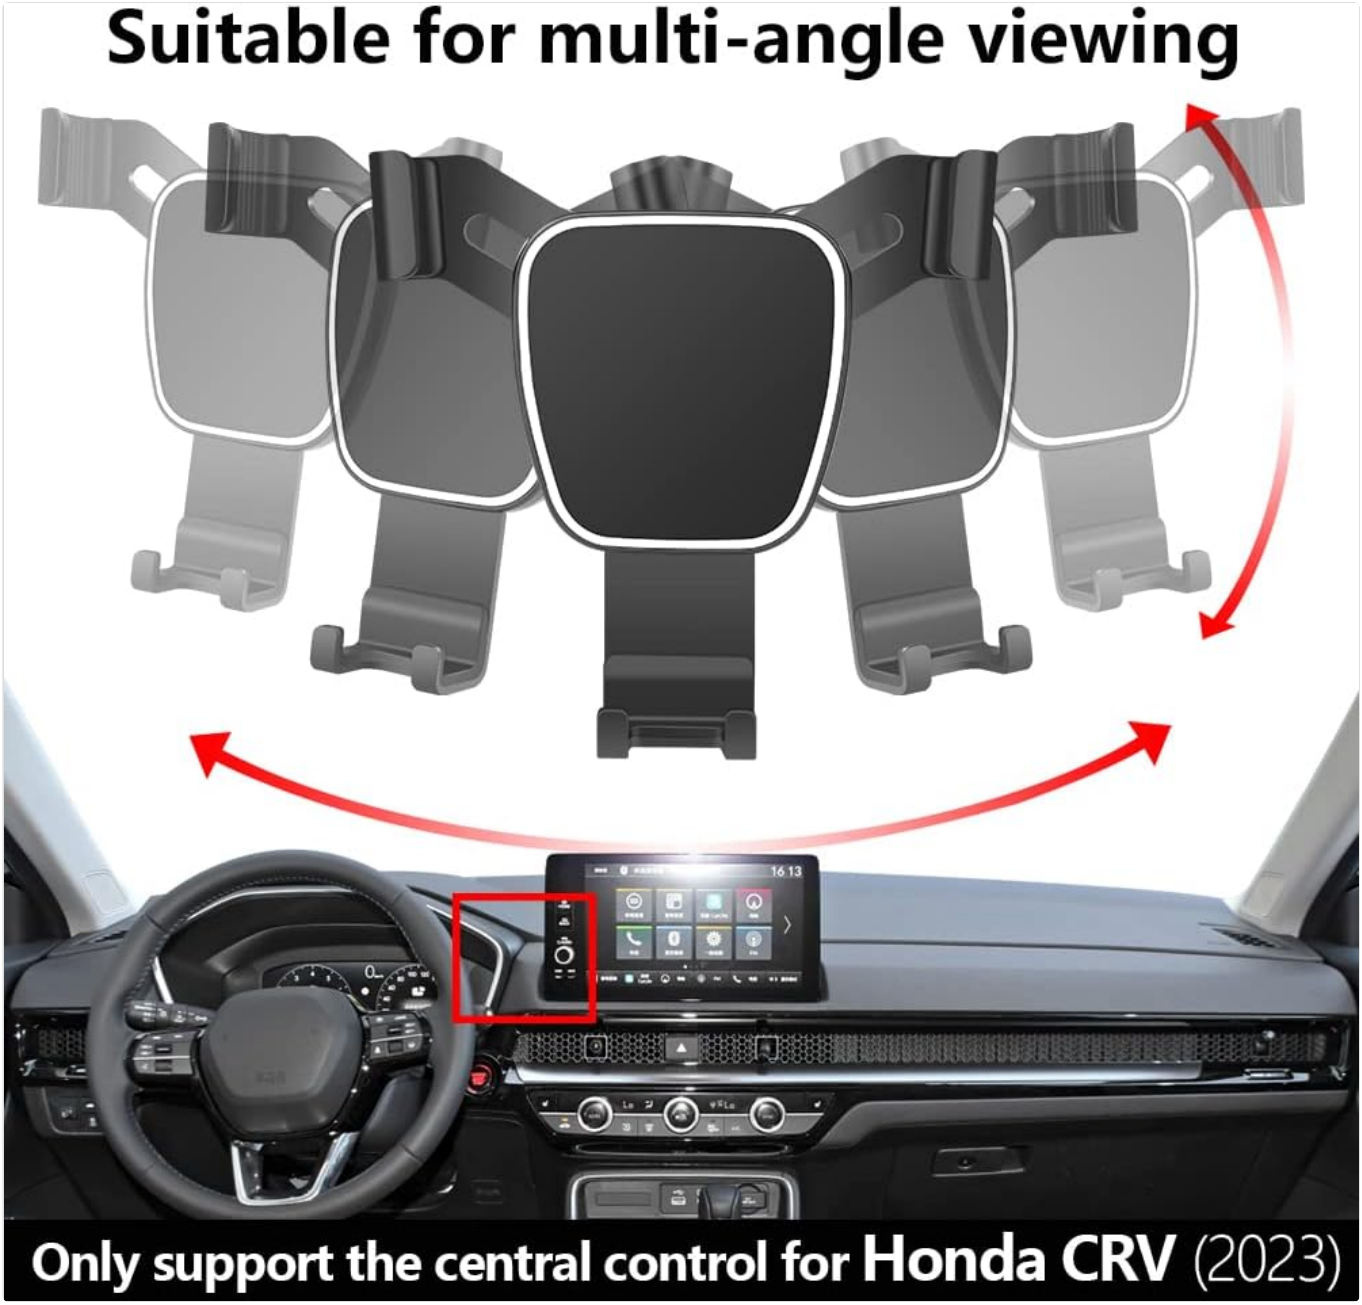

Image: The phone holder can be adjusted to multiple angles for optimal viewing.

7. Maintenance

- Clean the phone holder regularly with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these may damage the product finish.
- Ensure the gravity linkage mechanism is free from dust or debris to maintain smooth operation.

8. Troubleshooting

- **Issue: Phone holder feels loose after installation.**
  Solution: Re-check that all clips on the base are fully engaged and the nut securing the phone holder to the ball

joint is tightened firmly.

- **Issue: Phone does not sit securely in the holder.**
  Solution: Ensure your phone's width (including its case) does not exceed 7.5 cm (3 inches). The gravity mechanism relies on the phone's weight to engage the side arms.
- **Issue: Difficulty adjusting the viewing angle.**
  Solution: Loosen the tightening nut behind the ball joint slightly before attempting to adjust the angle. Re-tighten once the desired position is achieved.

9. Specifications

Attribute	Value
Product Dimensions	4.33 x 4.33 x 2.36 inches
Item Weight	3.52 ounces
Model Number	750439896810
Compatible Devices	Smartphones
Compatible Phone Models	HTC, iPhone, Samsung (and similar width phones)
Mounting Type	Dashboard (Vehicle-Specific)
