

Bugaboo Donkey 5 Mono

Bugaboo Donkey 5 Mono Stroller Instruction Manual

Brand: Bugaboo | Model: Donkey 5 Mono

INTRODUCTION

The Bugaboo Donkey 5 Mono is a versatile stroller designed to adapt to your growing family. It seamlessly converts from a single stroller to a side-by-side double stroller, accommodating newborns, siblings, or twins. This manual provides comprehensive instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and optimal use of your stroller.

SETUP

Unpacking and Initial Assembly

Carefully remove all components from the packaging. Ensure all parts listed in the packing list are present.

Chassis Expansion and Folding

The Donkey 5 chassis can be expanded to accommodate a second seat or bassinet. To expand, locate the white levers on the side of the chassis and slide them outwards until the frame locks into the wider position. To fold, ensure seats/bassinets are removed, then press the designated buttons on the handlebar and chassis to collapse.

Video Description: This video demonstrates the easy folding and unfolding mechanism of the Bugaboo Donkey 5 stroller, as well as how to expand the chassis from mono to duo mode.

Handlebar Adjustment

The handlebar height is adjustable to suit different users. Press the buttons on the side of the handlebar and slide it up or down to your desired height.

Seat and Bassinet Installation

The seat and bassinet fabrics are designed to fit onto the same frame. To install, align the frame with the chassis attachment points and press down until you hear a click. Ensure it is securely fastened.

Car Seat Adapter Installation

Car seat adapters (sold separately) can be attached to the chassis to accommodate compatible infant car seats. Align the adapters with the attachment points and click them into place.

Keep essentials close with the side luggage basket offering 22 lbs of storage

OPERATING INSTRUCTIONS

Seat Recline and Reversible Function

The seat can be reclined to three positions and is reversible, allowing your child to face you or the world. Use the levers on the side of the seat to adjust the recline or detach and reattach the seat to change its direction.

Harness System

The 3-point padded harness ensures your child's safety. Adjust the straps for a snug fit.

Brake System

Engage the foot-operated brake located near the rear wheels to secure the stroller. Ensure the brake is fully engaged before leaving the stroller unattended.

Canopy Usage

The UPF 50+ sun canopy with a breezy peekaboo panel provides protection from the sun and allows for ventilation. Extend or retract the canopy as needed.

MAINTENANCE

Fabric Care

All fabrics are machine washable. Refer to the care label for specific washing instructions.

Wheel Maintenance

Regularly check the large, puncture-proof wheels for debris and ensure they rotate smoothly. Clean as needed.

General Cleaning

Wipe down the frame and plastic parts with a damp cloth and mild soap. Avoid harsh chemicals.

TROUBLESHOOTING

Stroller Not Folding/Unfolding Smoothly

Ensure all seats/bassinets are correctly detached and all locking mechanisms are disengaged. Check for any obstructions.

Wheels Not Turning Freely

Inspect wheels for trapped debris or hair. Clean thoroughly. If issues persist, contact customer support.
