- **Comfortable Design:** Lightweight (0.43lb) with adjustable headband and ultra-soft memory protein earmuffs for long-term comfortable use.

ULTRA-SOFT PROTEIN LEATHER EARCUPS

Image: Close-up of the ultra-soft protein leather earcups, showing arrows indicating breathability for comfort.

- **Universal Compatibility:** Works seamlessly with cellphones, tablets, and laptops.

UNIVERSAL COMPATIBILITY: ANDROID & IOS

Image: Headphones placed next to a laptop and smartphone, illustrating universal compatibility with Android and iOS.

- **Wired Mode Option:** Includes a 3.5mm audio cable for continued use even when the battery is depleted.

Image: Headphones shown with a 3.5mm audio cable connected, indicating the wired mode option.

SETUP

1. Charging the Headphones

Before first use, fully charge your FINGERTIME headphones. Connect the provided USB charging cable to the Type-C charging interface on the headphones and to a compatible USB power source. The LED indicator will show charging status.

2. Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Long press the power button until the LED indicator flashes, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for "FINGERTIME-P1" in the list of available devices.
4. Select "FINGERTIME-P1" to connect. Once connected, the LED indicator will stop flashing and remain solid.

OPERATING INSTRUCTIONS

MAINTENANCE

- Keep the headphones clean by wiping them with a soft, dry cloth.
- Avoid exposing the headphones to extreme temperatures, humidity, or direct sunlight.
- Do not disassemble or attempt to repair the headphones yourself, as this will void the warranty.
- Store the headphones in a cool, dry place when not in use, preferably in their original packaging or a protective case.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones fully.
Cannot pair with device.	Headphones not in pairing mode; device Bluetooth off; too far from device.	Ensure headphones are in pairing mode (flashing LED). Turn on Bluetooth on your device. Move headphones closer to the device (within 10 meters).
No sound or low volume.	Volume too low; device not connected; incorrect audio source.	Increase volume on headphones and device. Reconnect headphones to device. Check audio output settings on your device.
Sound quality is poor.	Interference; low battery; device too far.	Move away from other wireless devices. Charge headphones. Move closer to the paired device.
