Ambiano Compact Air Fryer Instruction Manual

Model: Compact (c9f05c07-9a47-4d29-af33-8d5c5f6e1a8a)

INTRODUCTION

Thank you for purchasing the Ambiano Compact Air Fryer. This appliance is designed to provide a healthier alternative for preparing your favorite fried foods by using rapid air circulation technology. Please read this instruction manual thoroughly before operating the appliance and retain it for future reference. Proper use and maintenance will ensure optimal performance and extend the lifespan of your air fryer.

IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons.

- Read all instructions before use.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electric shock, do not immerse cord, plugs, or the appliance in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to 'off', then remove plug from wall outlet.
- Do not use appliance for other than intended use.
- Ensure the frying basket is properly inserted before operating.
- Do not block any ventilation openings.

SETUP

1. **Unpacking:** Carefully remove the air fryer and all packaging materials. Ensure all components are present and undamaged.
2. **First Use Cleaning:** Before first use, wipe the exterior of the air fryer with a damp cloth. Wash the frying basket with hot water, dish soap, and a non-abrasive sponge. Rinse thoroughly and dry completely.
3. **Placement:** Place the air fryer on a stable, heat-resistant surface, away from walls or other appliances to allow for proper air circulation. Ensure there is at least 10 cm (4 inches) of free space on the back, sides, and above the appliance.
4. **Power Connection:** Plug the power cord into a grounded wall outlet.

OPERATING INSTRUCTIONS

Basic Operation:

1. **Prepare Food:** Place the food you wish to air fry into the frying basket. Do not overfill the basket to ensure even cooking.
2. **Insert Basket:** Slide the frying basket back into the main unit until it clicks securely into place.
3. **Power On:** The LED digital touch screen will illuminate.
4. **Set Temperature and Time:**
 - Use the temperature control buttons (usually '+' and '-') to set the desired cooking temperature between 80°C and 200°C.
 - Use the timer control buttons to set the cooking time, up to 30 minutes.
5. **Select Program (Optional):** The air fryer features 7 automatic cooking programs. Press the 'M' button to cycle through the preset programs. Each program has a default temperature and time, which can often be adjusted manually after selection.
6. **Start Cooking:** Press the start/pause button (often represented by a power icon or play symbol) to begin the cooking process.
7. **Shake Basket:** For best results, especially with smaller items, pull out the basket halfway through the cooking time and gently shake it. Then, slide the basket back in to resume cooking.
8. **Finish Cooking:** The air fryer will beep when the set time has elapsed. Carefully pull out the basket using the cool-touch handle.
9. **Remove Food:** Use tongs or a spatula to remove the cooked food from the basket. Avoid using metal utensils that could scratch the non-stick coating.

MAINTENANCE AND CLEANING

Regular cleaning of your Ambiano Compact Air Fryer will ensure its longevity and hygienic operation.

1. **Unplug and Cool:** Always unplug the appliance from the power outlet and allow it to cool completely before cleaning.
2. **Clean Frying Basket:** The non-stick coated frying basket should be washed with hot water, dish soap, and a non-abrasive sponge. For stubborn residue, soak the basket in hot water with dish soap for about 10 minutes before cleaning. **Note: The frying basket is NOT dishwasher safe.**
3. **Clean Exterior:** Wipe the exterior of the air fryer with a damp cloth. Do not use harsh abrasive cleaners or scouring pads, as they may damage the finish.

4. **Clean Interior:** The interior of the appliance can be wiped with a damp cloth. Ensure no water enters the electrical components.
5. **Storage:** Once clean and dry, store the air fryer in a cool, dry place.

TROUBLESHOOTING

If you encounter issues with your Ambiano Compact Air Fryer, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Air fryer does not turn on.	Appliance not plugged in. Power outlet not working.	Ensure the power cord is securely plugged into a working outlet. Check the circuit breaker.
Food is not cooked evenly.	Basket is overfilled. Food not shaken during cooking.	Do not overfill the basket. Shake the basket halfway through cooking.
White smoke coming from the appliance.	Grease residue from previous use.	Clean the frying basket and the interior thoroughly after each use.
Appliance smells during first use.	Manufacturing residues burning off.	This is normal for first use. Ensure good ventilation. The smell will dissipate.
