Logitech 960001510

Logitech Sight Video Conferencing Camera User Manual

Model: 960001510 | Brand: Logitech

Introduction

The Logitech Sight is an innovative AI-powered tabletop camera designed to provide a dynamic and inclusive meeting experience for hybrid teams. It works in conjunction with a front-of-room camera to capture the best perspective of in-room participants, ensuring remote attendees feel more connected and engaged. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your Logitech Sight.

Setup

Package Contents

Before you begin, ensure all components are present in the package:

- Logitech Sight Camera Unit
- Table Mount
- USB-C to USB-C Cable
- Power Adapter (if applicable)

Physical Installation

Place the Logitech Sight camera at the center of your meeting table. Ensure it has a clear line of sight to all participants around the table. The device is designed for optimal performance in medium to large collaboration spaces.

Image: The Logitech Sight camera, a cylindrical device with cameras on the top section, designed for tabletop placement.

Use the included table mount to secure the camera. The mount ensures stability and proper positioning.

Connecting the Device

Connect the Logitech Sight to your meeting room system using the provided USB-C cable. The integrated cable management system helps keep your table tidy.

Initial Power On

Once connected, the device will power on automatically. Refer to your video conferencing platform's instructions for integrating the Logitech Sight as a camera and microphone source.

Operating Instructions

Basic Operation

The Logitech Sight works in conjunction with your primary front-of-room camera to provide an enhanced view of meeting participants. It intelligently frames individuals and captures non-verbal cues from around the table.

Indicator Lights and Privacy Shade

The device features indicator lights that provide clear signaling of its status, such as active, muted, or privacy mode. A privacy shade is also integrated for visual assurance when the camera is not in use.

Image: The Logitech Sight camera with a red indicator light illuminated, signifying its operational status.

Microphone Control

The Logitech Sight is equipped with seven beamforming microphones to capture clear audio. You can control the microphone status directly on the device.

Maintenance

Cleaning

To clean the Logitech Sight, gently wipe the exterior surfaces with a soft, dry, lint-free cloth. For stubborn marks,

slightly dampen the cloth with water. Do not use abrasive cleaners, solvents, or aerosol sprays directly on the device.

Storage

When not in use for extended periods, store the Logitech Sight in a cool, dry place, away from direct sunlight and extreme temperatures. Ensure all cables are neatly coiled to prevent damage.

Troubleshooting

No Video Output

- **Check Cable Connections:** Ensure the USB-C cable is securely connected to both the Logitech Sight and your meeting room system.
- **Verify Power:** Confirm the device is receiving power. The indicator light should be on.
- **Software Selection:** In your video conferencing application, ensure Logitech Sight is selected as the primary camera source.
- **Restart System:** Try restarting your computer or meeting room system.

No Audio Input

- **Check Microphone Mute:** Ensure the microphone is not muted via the physical button on the device or within your conferencing software.
- **Software Selection:** In your video conferencing application, ensure Logitech Sight is selected as the primary microphone source.
- **Volume Levels:** Check microphone input levels in your system settings.

Connection Issues

- **USB Port:** Try connecting to a different USB port on your system.
- **Cable Integrity:** Inspect the USB-C cable for any signs of damage.
- **Firmware Update:** Check the Logitech support website for any available firmware updates for your Sight device.

Specifications

Brand	Logitech
Manufacturer	Logitech
Series	Logitech Sight Tabletop Camera (Black)
Product Dimensions	19.46 x 23.95 x 34.01 cm; 1.62 kg
Model Number	960001510

Color	Graphite
Item Dimensions W x H	19.5 x 24 x 34 cm
Standing Screen Display Size	1.87 millimeters
Are Batteries Included	No
Item Weight	1.62 Kilograms
ASIN	B0C18XC77F
Date First Available	October 19, 2023

Warranty and Support
