REHOYO BT0698

REHOYO 6-in-1 Professional Beard Trimming Kit

Model: BT0698

Brand: REHOYO

INTRODUCTION

The REHOYO 6-in-1 Professional Beard Trimming Kit is a versatile grooming tool designed for comprehensive personal care. This kit provides multiple interchangeable heads and accessories to cater to various trimming needs, from beard and hair styling to nose, ear, and body grooming. Its cordless design and long-lasting battery offer convenience for both home and professional use.

The REHOYO 6-in-1 Professional Beard Trimming Kit, showcasing its versatile design and multiple attachments.

WHAT'S IN THE BOX

Your REHOYO grooming kit includes the following components:

- Cordless Hair Clipper (Main Unit)
- 6 Detachable Trimmer Heads:
 - T-Blade Trimmer (for hair and beard)

- Precision Trimmer (for carving hair patterns and sideburns)
 - Electric Shaver (Micro Shaver for close shaves)
 - Nose Hair Trimmer
 - Body Trimmer
 - Beard Trimmer (U-Blade)
- 4 Guide Combs (1.5mm, 3mm, 6mm, 9mm) for beard trimming
 - 4 Guide Combs (1.5mm, 3mm, 6mm, 9mm) for hair trimming
 - Hair Cutting Cape
 - Travel Case
 - USB Type-C Charging Cable
 - Cleaning Brush
 - Comb

All components included in the REHOYO 6-in-1 Professional Beard Trimming Kit.

SETUP

Charging the Trimmer

Before first use, fully charge the trimmer. Connect the USB Type-C cable to the charging port at the bottom

of the trimmer and plug the other end into a compatible USB power source (e.g., adapter, USB wall plug, power bank). The smart LED display will indicate the battery level. A full charge takes approximately 2 hours and provides up to 180 minutes of cordless use.

1500MAH LITHIUM BATTERY

Adapter USB wall plug Power bank

The trimmer's LED display shows battery level, and it charges via USB Type-C.

Attaching/Detaching Trimmer Heads

To attach a trimmer head, align the head with the main unit and gently push until it clicks into place. To detach, simply pop the head off by pulling it backwards from the main unit. Ensure the trimmer is turned off before changing heads.

OPERATING INSTRUCTIONS

The REHOYO trimmer is powered by a 6200 RPM motor, offering smooth and precise trimming with low noise. It can be used corded or cordless.

General Operation

- **Power On/Off:** Press the power button located on the front of the trimmer.
- **LED Display:** The digital LED display shows the remaining battery percentage.
- **Guide Combs:** For desired hair length, attach the appropriate guide comb (1.5mm, 3mm, 6mm, or

9mm) to the T-Blade or Beard Trimmer head.

Specific Trimmer Head Usage

- **T-Blade Trimmer (Hair Clipper):** Ideal for carving hair shapes, zero-gapped trimming, and general hair cutting.
- **Beard Trimmer (U-Blade):** Use for trimming different beard styles and maintaining grooming routines.
- **Precision Trimmer (Carving Trimmer):** Designed for intricate hair patterns, sideburns, and detailed styling.
- **Electric Shaver (Micro Shaver):** For finishing lines and edges to ensure a close fit and smooth shave.
- **Nose/Ear Trimmer:** Safely trims nose and ear hair. Insert gently and move in a circular motion.
- **Body Trimmer:** For safely shaving legs, armpits, chest, and other body hair.

MAINTENANCE AND CLEANING

Proper maintenance ensures the longevity and performance of your trimmer.

Cleaning Blades

The trimmer heads feature detachable and washable blades, making cleaning easy. After each use, remove the trimmer head and use the included cleaning brush to remove any hair debris. For a more thorough clean, rinse the detachable blades under running water. Ensure blades are completely dry before reattaching or storing.

Lubrication

While the product description does not explicitly mention oil, it is generally recommended to apply a small amount of clipper oil to the blades after cleaning and drying to maintain their sharpness and smooth operation. Refer to the user manual (PDF) for specific lubrication instructions if provided.

Storage

Store the grooming kit in its durable travel case to protect all components from dust and damage. Ensure the trimmer is fully charged before long-term storage to preserve battery health.

TROUBLESHOOTING

- **Trimmer not turning on:** Ensure the trimmer is fully charged. Check the USB Type-C cable and

power source.

- **Blades pulling hair:** Clean the blades thoroughly to remove any trapped hair. Ensure blades are properly attached. Consider applying a small amount of clipper oil if available.
- **Reduced performance/motor speed:** Recharge the trimmer. If the issue persists, ensure blades are clean and free of obstruction.
- **Excessive noise:** Clean the trimmer head and blades. Ensure all attachments are securely fastened.

SPECIFICATIONS

Product Dimensions	10.24 x 1.97 x 3.23 inches
Item Weight	1.81 Pounds
