## 2. SAFETY INFORMATION

To ensure safe operation and prevent injury or damage, please adhere to the following safety guidelines:

- Avoid use near water:** Do not use the clipper in or near bathtubs, showers, or other water sources.
- Do not use on wet skin:** Ensure skin and hair are dry before use to prevent electrical hazards and ensure optimal performance.
- Ensure proper charging:** Always charge the device fully before initial use and as needed, using only the provided charging adapter.
- Keep out of reach of children:** This device is not a toy and should be stored safely away from children.
- Handle blades carefully:** The blades are sharp. Exercise caution when attaching, detaching, or cleaning them to avoid injury.
- Clean according to manufacturer instructions:** Regular cleaning is crucial for hygiene and performance. Refer to the maintenance section for detailed instructions.

### 3. WHAT'S IN THE Box

---

Your Skull Shaver Beast Clipper Duo package includes the following components:

*Image: The Skull Shaver Beast Clipper Duo and its accessories, including the clipper unit, charging adapter, USB cable, rinse stand, blade oil, cleaning brush, and a set of eight colored cutting combs.*

- **Beast Clipper Duo Unit:** The main cordless clipper device.
- **Charging Adapter & USB Cable:** For recharging the clipper's internal battery.
- **Rinse Stand:** For convenient cleaning and storage.
- **Blade Oil:** For lubricating the blades to maintain performance.
- **Cleaning Brush:** For removing hair debris from the blades.
- **Eight Cutting Combs:** Various sizes for different hair lengths and styling options.

### 4. SETUP

---

Before using your Beast Clipper Duo for the first time, follow these setup steps:

1. **Charge the Clipper:** Connect the charging adapter to the clipper and plug it into a power outlet. Allow the clipper to charge fully before its initial use. The battery life indicator on the device will show the charging progress.
2. **Attach a Cutting Comb:** Select the desired cutting comb based on your preferred hair length. Align the comb with the clipper head and gently push until it clicks securely into place. Ensure it is firmly attached before operation.
3. **Adjust Guard (if applicable):** If using an adjustable guard, set it to your desired hair length.

### 5. OPERATING INSTRUCTIONS

---

The Skull Shaver Beast Clipper Duo is designed for versatile hair cutting and grooming. Here's how to use it effectively:

#### General Hair Cutting

- 1. Prepare Hair:** Ensure hair is clean and dry. For best results, comb hair to remove tangles.
- 2. Select Comb:** Attach the appropriate cutting comb for your desired hair length.
- 3. Power On:** Press the power button to turn on the clipper.
- 4. Begin Cutting:** Hold the clipper firmly and move it against the direction of hair growth. Use smooth, even strokes. The ergonomic design allows for easy reach to the back of the head for self-haircuts.
- 5. Check Progress:** Periodically check your hair length and adjust as needed.

## Using the DUO Clip Attachment

The DUO Clip attachment allows for easy switching between self-styling and giving haircuts to others.

- For Self-Haircuts:** Use the clipper in its standard handheld position for easy maneuverability.
- For Haircuts on Others:** The DUO Clip allows you to hold the clipper in a more traditional barber-style grip, providing better control when cutting someone else's hair.

### Beard Trimming

The Beast Clipper Duo can also be used for precise beard trimming:

- 1. Select a Shorter Comb:** Choose a smaller cutting comb or use the clipper without a comb for a closer trim.
- 2. Trim Beard:** Carefully trim your beard to the desired length and shape, moving the clipper in the direction of hair growth for a smoother finish.

## 6. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Skull Shaver Beast Clipper Duo:

- 1. Cleaning After Each Use:** After each use, turn off the clipper and remove the cutting comb. Use the provided cleaning brush to remove any loose hairs from the blades and the clipper body.

- Rinsing Blades:** The blades can be rinsed under running water. Ensure the clipper unit itself is not submerged. Use the rinse stand for convenient cleaning. Allow blades to air dry completely before reattaching or storing.
- Oiling Blades:** Periodically, apply a small drop of the provided blade oil to the blades. Turn on the clipper for a few seconds to distribute the oil evenly. This helps maintain blade sharpness and reduces friction.
- Storage:** Store the clipper and its accessories in a dry, cool place, away from direct sunlight and moisture.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your Beast Clipper Duo, refer to the following common solutions:

- Clipper not turning on:** Ensure the battery is fully charged. Connect the clipper to the charger and wait for the battery indicator to show a full charge.
- Poor cutting performance:** Clean the blades thoroughly to remove any hair buildup. Apply blade oil as described in the maintenance section. Ensure the cutting comb is correctly attached.
- Unusual noise or vibration:** This may indicate a need for cleaning and oiling the blades. If the issue persists after maintenance, contact customer support.
- Battery not holding charge:** Ensure you are using the original charging adapter and cable. If the battery life significantly decreases over time, it may be reaching the end of its lifespan.
