

Marsail TZESD5V

Marsail Electric Standing Desk User Manual

Model: TZESD5V

Brand: Marsail

1. INTRODUCTION

This user manual provides essential information for the assembly, operation, maintenance, and troubleshooting of your Marsail Electric Standing Desk. Please read this manual thoroughly before use to ensure proper function and longevity of your desk.

The Marsail Electric Standing Desk is designed to enhance your workspace with its adjustable height feature, promoting a healthier and more productive work environment. It integrates storage solutions and a monitor stand for optimal organization and ergonomic posture.

2. ASSEMBLY AND SETUP

For detailed assembly instructions, please refer to the official Installation Manual (PDF) provided with your product. It is recommended that assembly be performed by at least one person. Basic tools, such as a screwdriver, are recommended, though all necessary installation tools are included.

2.1. Pre-Assembly Checklist

- Verify all components are present as per the packing list.
- Ensure you have adequate space for assembly.
- Keep small parts out of reach of children.

2.2. Initial Setup

After assembly, connect the power cable to a suitable power outlet. The control panel will illuminate, indicating the desk is ready for operation.

3. OPERATING INSTRUCTIONS

Your Marsail Electric Standing Desk features an intuitive control panel for easy height adjustment and memory presets.

Figure 1: Marsail Electric Standing Desk in a typical office setup.

3.1. Height Adjustment

Use the **Up** (▲) and **Down** (▼) buttons on the control panel to manually adjust the desk height. The current height in inches will be displayed on the digital screen.

The desk offers a height adjustment range from approximately 28.3 inches (minimum) to 46 inches (maximum).

Smooth and Silent Lifting

Wide height adjustment range

3.2. Memory Presets

The desk features 4 memory preset buttons (1, 2, 3, 4) to save and recall your preferred sitting and standing heights.

- **To Save a Preset:** Adjust the desk to your desired height. Press and hold one of the numbered memory buttons (1, 2, 3, or 4) until the display flashes or beeps, indicating the height has been saved.
- **To Recall a Preset:** Simply press the corresponding numbered memory button (1, 2, 3, or 4). The desk will

automatically move to the saved height.

Figure 3: The convenient control panel allows for one-button height adjustment and custom settings.

3.3. Anti-Collision Technology

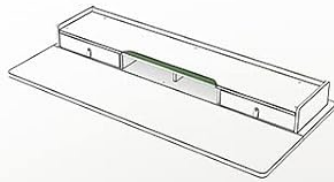

The desk is equipped with anti-collision technology. If the desk encounters an obstacle during height adjustment, it will automatically stop and reverse slightly to prevent damage.

4. FEATURES AND DESIGN

The Marsail Electric Standing Desk is designed with user convenience and ergonomics in mind.

4.1. Integrated Storage Solutions

- **Monitor Stand:** A top shelf functions as a monitor stand (4" H x 52" W x 10" D), ideal for dual monitor setups, raising screens to eye level for improved posture.
- **Dual Drawers:** Two spacious tabletop drawers (15" W x 9" D x 3" H) provide convenient storage for office supplies.
- **Storage Cubicle:** An additional storage cubicle (22" W x 9" D x 3" H) offers extra space for organization.
- **Device Slot:** A dedicated slot for phones or tablets.
- **Pen Slot:** Integrated pen slot for easy access.
- **Storage Hooks:** Two storage hooks with a 44 lbs (20 kg) weight capacity for headphones or bags.

4.2. Durable Construction

- **Frame:** Reinforced carbon alloy steel T-shaped base provides rock-solid stability and resistance to rust.
- **Tabletop:** Made from CARB P2 Certificated Environmental Grade Engineered Wood, ensuring durability and environmental responsibility.
- **Motor:** Advanced motor system for quick and quiet (<50dB) height adjustments.

- **Weight Capacity:** Supports up to 176 lbs (80 kg).

Figure 5: The desk promotes comfortable ergonomic posture by raising your screen closer to eye level.

5. MAINTENANCE

- To maintain the appearance and functionality of your Marsail Electric Standing Desk, follow these simple guidelines:
- **Cleaning:** Wipe the desk surfaces with a dry cloth. Avoid abrasive cleaners or harsh chemicals.
 - **Motor Care:** The motor is designed for long-term use and requires minimal maintenance. Ensure no obstructions are present during height adjustments.
 - **Cable Management:** Utilize the included cable clips to keep wires tidy and prevent entanglement, which can affect desk movement.

6. TROUBLESHOOTING

If you encounter any issues with your Marsail Electric Standing Desk, please refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Desk does not move	Power cable disconnected or loose.	Check power connections to the wall outlet and the desk.
Desk stops during adjustment	Anti-collision sensor activated by an obstacle.	Remove any obstructions and try again.
Inconsistent height adjustment	Overload or uneven weight distribution.	Ensure desk load is within 176 lbs capacity and evenly distributed.
Memory presets not working	Presets not properly saved.	Re-save your desired heights by holding the memory button until it flashes.

If the issue persists after attempting these solutions, please contact Marsail customer support for further assistance.
