HOOMIC LFHHH007

HOOMIC 14 Inch King Size Metal Platform Bed Frame Instruction Manual

Model: LFHHH007

PRODUCT OVERVIEW

The HOOMIC 14 Inch King Size Metal Platform Bed Frame is designed for durability and style, featuring a vintage Victorian design with a wrought iron headboard and footboard. This platform bed eliminates the need for a box spring, providing ample under-bed storage space and a noise-free sleeping environment.

Key features include a sturdy metal construction, 12.4 inches of under-bed clearance for storage, and noise-reducing design elements for a quiet experience.

SETUP AND ASSEMBLY

This bed frame is designed for easy home assembly and comes flat-packed in one box. Assembly typically takes approximately half an hour. Please ensure all components are present before beginning.

Included Components:

- Bed Frame
- Footboard

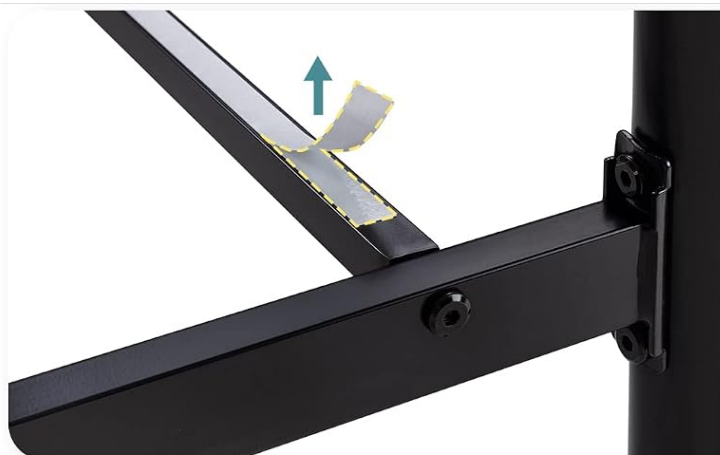

- Hardware Pack
- Headboard
- Slats

Follow the instructions provided in the hardware pack for step-by-step assembly. Key design elements facilitate assembly and stability:

- **U-Shaped Groove:** Ensures quick and sturdy connections between frame components.
- **Sticky Tape:** Applied to the slats to help prevent the mattress from sliding.
- **Noise-Free Foam:** Integrated to prevent friction between slats and the frame, ensuring a quiet sleeping environment.

USAGE GUIDELINES

The HOOMIC Metal Platform Bed Frame is designed for optimal comfort and support without the need for a box spring. Simply place your mattress directly onto the sturdy metal slats.

Storage Space:

Benefit from the generous 12.4 inches of clearance beneath the bed frame, providing ample space for storage. This allows you to neatly store items such as clothes, toys, or quilts, helping to keep your room tidy and organized.

UNDERNEATH STORAGE

Provide Extra Space in a Small Room

Image: Illustration of the under-bed storage capability.

Weight Capacity:

The bed frame is constructed with a robust metal frame and multiple support legs, designed to support a maximum weight capacity of 800 pounds. This ensures stability and durability for various mattress types and user weights.

MAINTENANCE

To maintain the appearance and longevity of your HOOMIC Metal Platform Bed Frame, follow these simple care instructions:

- **Cleaning:** Wipe the metal frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, which may damage the powder-coated finish.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.

TROUBLESHOOTING

Should you encounter any issues with your bed frame, please refer to the following common troubleshooting tips:

- **Squeaking Noises:** If the bed frame begins to squeak, first ensure all assembly bolts are securely tightened. Verify that the noise-free foam is properly positioned between the slats and the frame. Over time, some connections may loosen, requiring re-tightening.
- **Mattress Sliding:** The bed frame is equipped with sticky tape on the slats to help prevent mattress movement. If your mattress is still sliding, ensure the tape is clean and making proper contact with the mattress. For additional stability, non-slip mattress pads can be used.
- **Instability:** Ensure the bed frame is assembled on a flat, level surface. Double-check that all parts are correctly installed according to the assembly instructions. Overloading the bed beyond its 800-pound capacity can also lead to instability.

Important Safety Note: Be careful around sharp edges and finials during assembly and use. Always follow assembly instructions to ensure stability and safe operation of the bed frame.

SPECIFICATIONS

Attribute	Detail
Brand	HOOMIC
Model Number	LFHHH007
Size	King
Product Dimensions	82.8"L x 76.8"W x 45.6"H
Color	Black
