DOGIBIXO RLY-7059-F-G

DOGIBIXO Full Size Bed Frame with LED Lights - Instruction Manual

Model: RLY-7059-F-G

1. Product Overview

The DOGIBIXO Full Size Bed Frame with LED Lights is designed to provide a comfortable and stylish foundation for your mattress. It features an upholstered wingback diamond tufted headboard, integrated LED lighting, and a sturdy wood slat support system. This bed frame is engineered for noise-free operation and does not require a box spring.

- **Elegant Design:** Nailhead trim wingback headboard with velvet fabric for a contemporary look.
- **Smart LED Lighting:** Integrated colorful LED lights to enhance your room's ambiance.
- **Sturdy Construction:** Features 12 high-quality solid wood slats and 9 supporting legs, providing up to 1000 lbs of support.
- **Noise-Free Operation:** Velcro design on side rails and soft pads under support legs minimize noise.
- **No Box Spring Needed:** Mattress can be placed directly on the wood slats.

2. Safety Information

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all parts are securely assembled to prevent instability or collapse.
- Do not exceed the maximum weight capacity of 1000 lbs.
- Use soft pads under the support legs to protect floors and reduce noise.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Do not stand on the bed frame during assembly or use.
- Regularly check all connections and tighten as necessary.

3. Package Contents

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

Part	Quantity
Headboard	1
Footboard	1
Side Rails	2
Center Support Beam	1
Support Legs	9
Wood Slats	12
Hardware Pack (screws, bolts, Allen wrench)	1
LED Light Strip & Remote Control	1

4. Assembly Instructions

Assembly is required. Detailed instructions are included in the package. Please follow the steps carefully. No additional tools are required beyond what is provided.

4.1. Prepare for Assembly

1. Clear an open space for assembly.
2. Unpack all components and lay them out on a soft, clean surface to prevent scratches.
3. Identify each part using the provided part numbers in your package.

4.2. Assemble the Frame

1. Attach the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure but do not fully tighten until the entire frame is assembled.
2. Install the center support beam and its legs. Adjust the height of the center legs to ensure even support.
3. Place the wood slats across the frame. The side rails feature a Velcro design to firmly fix the slats and prevent creaking. Press the slats firmly onto the Velcro strips.
4. Once all components are in place, fully tighten all bolts and screws.

Figure 4.2.1: Product Dimensions and Specifications. The bed frame measures 75.2 inches in length, 58.67 inches in width, and 41.93 inches in height, with a weight capacity of 1000 lbs.

Figure 4.2.2: Noise-Free Design Features. This image highlights the Velcro design for securing slats, soft foam pads for noise reduction, and protective feet pads to prevent squeaking and floor scratches.

Figure 4.2.3: No Box Spring Required. The bed frame is designed for direct mattress placement on the wood slats, accommodating mattresses with a recommended depth of 8 to 12 inches.

5. Operating Instructions (LED Lights)

The bed frame includes an integrated LED light strip with a remote control for customizable lighting.

1. Connect the LED light strip to a power source.
2. Use the provided remote control to turn the lights on/off, change colors (16 options), select from 4 scene modes, and adjust brightness.

6. Maintenance

- **Cleaning:** For the upholstered parts, gently wipe with a damp cloth and mild detergent if necessary. Avoid harsh chemicals. For wood and metal parts, wipe with a dry cloth.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if any looseness is detected.

- **LED Lights:** Ensure the LED strip and power connections are free from dust and damage. If the lights malfunction, check the power connection and remote control battery.

7. Troubleshooting

Problem	Possible Cause	Solution
Bed frame is noisy/creaking.	Loose connections; slats not properly secured; missing protective pads.	Tighten all bolts and screws. Ensure wood slats are firmly pressed onto the Velcro strips. Verify all support legs have soft pads.
LED lights are not working.	Power connection issue; remote control battery dead; damaged LED strip.	Check if the LED strip is properly plugged into a working power outlet. Replace the remote control battery. If issues persist, contact customer support.
Bed frame feels unstable.	Incomplete assembly; loose hardware; uneven floor.	Review assembly instructions to ensure all steps are completed and hardware is tightened. Adjust support legs if the floor is uneven.

8. Specifications

Feature	Detail
Brand	DOGIBIXO
Model Number	RLY-7059-F-G
Size	Full
