DOGIBIXO RLY-7059-F-W

DOGIBIXO Full Size Upholstered Platform Bed Frame with LED Wingback Headboard Instruction Manual

Model: RLY-7059-F-W

1. Introduction

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your DOGIBIXO Full Size Upholstered Platform Bed Frame with LED Wingback Headboard. Please read this manual thoroughly before beginning assembly or use to ensure proper setup and safe operation.

Image 1.1: Overview of the DOGIBIXO Full Size Upholstered Platform Bed Frame.

2. Safety Information

- Ensure all components are present and undamaged before assembly. Do not proceed with assembly if any parts are missing or damaged.
- Assemble the bed frame on a soft, clean surface to prevent scratches or damage to the product or floor.
- Tighten all bolts and screws securely during assembly. Periodically check and retighten fasteners to maintain stability.
- Do not exceed the maximum weight capacity of 1000 lbs for the bed frame.
- Keep small parts away from children during assembly to prevent choking hazards.
- Ensure the LED light strip is properly installed and connected according to instructions to avoid electrical hazards.

3. Package Contents

The package includes all necessary components for assembly. Please verify that you have received the following parts:

- Upholstered Wingback Headboard
- Side Rails (Left and Right)
- Footboard
- Wooden Slats (12 pieces)

- Center Support Beam
- Support Legs (9 pieces)
- LED Light Strip and Controller
- Hardware Pack (bolts, screws, washers, Allen wrench)
- Instruction Manual

4. Setup and Assembly

Assembly is designed to be straightforward, with all necessary parts included and no additional tools required beyond the provided Allen wrench. Follow the detailed instructions provided in the separate assembly guide for quick and accurate setup.

Key Assembly Features:

- **No Box Spring Required:** This bed frame is designed to support your mattress directly on the wooden slats, eliminating the need for a box spring. Recommended mattress depth is 8"-12".
- **Noise-Free Design:** The wooden slats are secured with Velcro strips on both sides to prevent movement and creaking. Soft pads are installed under each support leg to protect floors and further reduce noise.

Image 4.2: Details of the noise-free design, including Velcro for slats and protective feet pads.

5. Operating Instructions (LED Lights)

The integrated LED light strip in the headboard offers customizable lighting options to enhance your room's ambiance.

LED Light Features:

- **16 Colors:** Choose from a spectrum of 16 distinct colors.
- **4 Scene Modes:** Select from pre-programmed lighting modes for different atmospheres.
- **Brightness Adjustment:** Adjust the intensity of the light to your preference.

Control:

The LED lights can be controlled using the included remote control or a compatible smartphone application (refer to the LED light specific instructions for app download and pairing).

6. Maintenance

To maintain the appearance and longevity of your bed frame, follow these care instructions:

- **Cleaning:** Wipe the upholstered surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Fasteners:** Periodically check all bolts and screws and tighten them as needed to ensure the frame remains stable.
- **LED Lights:** Ensure the LED light strip and connections are free from dust and debris.

7. Troubleshooting

If you encounter any issues with your bed frame, refer to the following troubleshooting tips:

- **Squeaking Noises:**
  - Ensure all assembly bolts are securely tightened.
  - Verify that the wooden slats are properly seated and the Velcro strips are fully engaged.
  - Check that the support legs have their soft pads intact and are making even contact with the floor.
- **LED Lights Not Working:**
  - Check if the power adapter is securely plugged into a working outlet.

- Ensure all connections between the LED strip, controller, and power adapter are firm.
- Replace the remote control battery if the remote is unresponsive.

- **Instability/Wobbling:**
  - Re-check all connections and ensure all bolts are tightened.
  - Ensure the bed frame is on a level surface. Adjust leg levelers if applicable.

8. Specifications
