DOGIBIXO RLY-7059-Q-W

DOGIBIXO Queen Size Upholstered Bed Frame with LED Lights (Model: RLY-7059-Q-W) Instruction Manual

This manual provides detailed instructions for the assembly, operation, and maintenance of your DOGIBIXO Queen Size Upholstered Bed Frame with LED Lights.

Important Safety Information

WARNING: Do not exceed the weight limit of 1000 lbs for this bed frame. Be cautious of pinch points during assembly to prevent injury. Ensure all connections are securely fastened before use. Keep small parts away from children during assembly.

Package Contents

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Upholstered Headboard with Wingback and LED Lights
- Bed Frame Side Rails
- Footboard
- Wooden Slats (12 high-quality solid wood slats)
- Support Legs (9 supporting legs)
- Assembly Hardware (screws, bolts, Allen wrench, etc.)
- LED Light Strip and Remote Control
- Instruction Manual

Assembly Instructions

Assembly is designed to be straightforward. Please follow these steps carefully. It is recommended to have two people for assembly.

Step 1: Unpack and Identify Components

Carefully unpack all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided parts list in your physical manual.

Image: All bed frame components laid out on the floor, ready for assembly.

Step 2: Assemble the Bed Frame Structure

Attach the side rails to the headboard and footboard using the provided hardware. Ensure all bolts are tightened securely but do not overtighten. Install the central support beam and its legs.

Image: Diagram illustrating the overall dimensions and structural components of the bed frame.

Step 3: Install the Wooden Slats

Place the wooden slats across the bed frame. The slats are designed with Velcro on both sides to firmly fix them and prevent creaking. Ensure each slat is evenly spaced and secured to the side rails. This bed frame does not require a box spring.

Image: Visual guide demonstrating that no box spring is required, with the mattress resting directly on the wooden slats.

Image: Detailed view of the Velcro design on the slats for noise reduction and soft foam pads under support legs.

Step 4: Attach LED Lights (if not pre-installed)

If your LED light strip is not pre-installed, carefully attach it to the designated area on the back of the headboard. Connect the power cable and controller as per the separate LED light instructions.
For a visual guide on assembly, please refer to the video below:

Operating Instructions: LED Lights

Your bed frame features integrated LED lights in the headboard, controllable via a remote or a smartphone application (if applicable).

Using the Remote Control

Point the remote control directly at the LED receiver. The remote allows you to:

- Turn the lights On/Off.

- Select from 16 different colors.
- Choose from 4 scene modes (e.g., flash, strobe, fade, smooth).
- Adjust brightness levels.

Maintenance

To ensure the longevity and appearance of your bed frame, follow these maintenance guidelines:

- **Cleaning:** For the upholstered parts, gently wipe with a damp cloth. For tougher stains, use a mild fabric cleaner and test on an inconspicuous area first. Avoid harsh chemicals.
- **Frame Care:** Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary.
- **LED Lights:** Keep the LED strip free from dust. If lights malfunction, check connections before contacting support.
- **Weight Limit:** Adhere strictly to the 1000 lbs weight limit to prevent structural damage.

Troubleshooting

Problem	Possible Cause	Solution
Bed frame makes noise (squeaking)	Loose connections; slats not properly secured.	Ensure all bolts are tightened. Verify that the Velcro on the slats is fully engaged with the frame. Check if soft pads are correctly placed under support legs.
LED lights are not working	Power connection issue; remote control battery dead; LED strip damage.	Check if the power adapter is securely plugged into the wall and the LED strip. Replace remote control batteries. If issues persist, contact customer support.
Bed frame feels unstable	Uneven floor; loose assembly.	Ensure the bed frame is on a level surface. Re-tighten all assembly hardware. Verify all support legs are making firm contact with the floor.

Specifications

Feature	Detail
Size	Queen
Product Dimensions (L x W x H)	84.65" x 63.39" x 41.93"
Material	Engineered Wood, Steel, Faux Velvet Fabric
Weight Capacity	1000 Pounds
Special Features	LED Lights, Wingback Diamond Tufted Headboard, Noise-Free Design, No Box Spring Needed
Model Number	RLY-7059-Q-W
