SOMKTN BL-TKG06

Space Dog Astronaut Star Projector User Manual

Model: BL-TKG06 | Brand: SOMKTN

Introduction

The SOMKTN Space Dog Astronaut Star Projector is a versatile device designed to transform any room into a mesmerizing starry wonderland. It combines the functions of a star projector, white noise machine, and Bluetooth speaker, offering a romantic, relaxing, or cozy ambiance. With 21 light effects, adjustable flow speed, and brightness, it provides a customizable visual and auditory experience.

What's in the Box

- Space Dog Astronaut Star Projector Unit
- Remote Control (batteries not included)
- USB Power Cable
- User Manual

Setup

1. **Unpacking:**
   Carefully remove all components from the packaging. Ensure all listed items are present.
2. **Power Connection:**
   Connect the provided USB power cable to the projector's power input port. Plug the other end into a compatible USB power adapter (not included) or a USB port on a device like a computer or game console. The projector requires a 5V power source.

3. **Remote Control Setup:**
   Insert 2 AAA batteries (not included) into the remote control. The remote allows for convenient adjustment of various settings.

4. **Adjusting Projection Angle:**
   The Space Dog's head is magnetically connected to its body, allowing for 360° adjustment of the projection angle. Gently tilt and rotate the head to direct the light effects onto your desired surface (ceiling, wall, etc.).

Operating Instructions

Powering On/Off

Press the power button on the remote control or the main unit to turn the projector on or off. The device will emit a barking sound upon startup.

Projection Modes and Colors

The projector offers 21 light effects, combining ocean wave projections with starry skies. Use the remote control to cycle through different color combinations and projection patterns. You can adjust the flow speed and brightness to your preference.

Bluetooth Speaker & Sound Activated Mode

Connect your smartphone or other Bluetooth-enabled device to the projector to play music through its built-in speaker. In sound-activated mode, the light colors will change and react to the rhythm of your music or even hand claps, creating a dynamic visual experience.

Maintenance

- **Cleaning:**
  Wipe the projector with a soft, dry cloth. Do not use abrasive cleaners or solvents. Ensure the device is unplugged before cleaning.
- **Storage:**

Store the projector in a cool, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.

- **Handling:**
  Handle the projector with care. Avoid dropping it or subjecting it to strong impacts, as this may damage internal components.

Troubleshooting

Problem	Possible Cause	Solution
Projector does not turn on.	No power or loose connection.	Ensure the USB cable is securely connected and the power adapter is working. Try a different USB port or adapter.
Remote control not working.	Dead batteries or obstruction.	Replace remote control batteries (2 AAA). Ensure no obstructions between the remote and the projector's sensor.
Bluetooth connection issues.	Device not in pairing mode or too far.	Ensure the projector is in Bluetooth mode. Move your device closer to the projector. Restart both devices and try pairing again.
Lights are dim or flickering.	Low power or brightness setting.	Ensure adequate power supply. Adjust brightness using the remote control.

Specifications

Model Number: BL-TKG06

Product Dimensions: 6.8"D x 5.75"W x 10.63"H

Item Weight: 1.76 Pounds

Power Source: Corded Electric (USB)

Voltage: 5 Volts

Wattage: 10 watts

Light Source Type: LED

Number of Light Sources: 21 (color modes)

Material: Acrylonitrile Butadiene Styrene

Connectivity Technology: Bluetooth

Control Method: Remote, App, Push Button

Indoor/Outdoor Usage: Indoor

Special Features: Remote/App Control, Auto OFF/Timer, White Noise, Bluetooth Music Speaker & Sound Activated
