

ANOUV 618

ANOUV Portable Charger with Built-in Cables

MODEL: 618

Brand: ANOUV

Introduction

Thank you for choosing the ANOUV Portable Charger. This 10000mAh power bank is designed for convenience and versatility, featuring built-in charging cables, multiple output ports, an LED display, and a dual LED flashlight. This manual provides essential information for safe and efficient use of your device.

Key Features

- **Built-in Cables:** Includes 3 built-in charging cables (Lightning, USB-C, Micro-USB) and 1 built-in USB-A cable for recharging the power bank itself.
- **High Capacity:** 10000mAh battery provides multiple charges for most smartphones and smart devices.
- **Multiple Outputs:** Features 5 output options (3 built-in cables + 2 USB-A ports) for simultaneous charging of various devices.
- **Multiple Inputs:** Can be recharged via the built-in USB-A cable, a USB-C port, or a Micro-USB port.
- **Dual LED Flashlight:** Integrated dual LED lights for emergency illumination.
- **LED Digital Display:** Clearly shows the remaining battery percentage.
- **Compact & Slim Design:** Portable and lightweight, ideal for travel.
- **Safety Protection:** Equipped with smart chip technology for short circuit, over-current, over-voltage, and over-heat protection.

Package Contents

- 1 x ANOUV 10000mAh Portable Power Bank (Model 618)
- 1 x User Manual

Setup: Charging the Power Bank

Before first use, fully charge your ANOUV Portable Charger. For optimal performance, it is recommended to fully drain the power bank's original battery by charging your phone until it can no longer charge, then fully recharge the power bank to 100% and allow it to charge for an additional hour.

Charge 5 Devices Simultaneously

Image: The power bank being recharged using its built-in USB-A cable and an external USB-C cable.

You have multiple options to recharge the power bank:

1. **Using the Built-in USB-A Cable:** Pull out the built-in USB-A cable and plug it into any USB wall adapter or computer USB port.
2. **Using the USB-C Input Port:** Connect a USB-C cable (not included) to the power bank's USB-C input port and a compatible wall adapter.
3. **Using the Micro-USB Input Port:** Connect a Micro-USB cable (not included) to the power bank's Micro-USB input port and a compatible wall adapter.

The LED digital display will show the charging progress. A full charge typically takes approximately 6 hours.

Operating Instructions

Charging Your Devices

Charge 5 Devices Simultaneously

2 USB output ports and 3 built in output cables

Image: The power bank connected to and charging a smartphone, a tablet, and wireless earbuds.

The ANOUV Portable Charger offers versatile charging options for your devices:

1. **Using Built-in Cables:** Pull out the appropriate built-in cable (Lightning, USB-C, or Micro-USB) and plug it directly into your device. The power bank will automatically begin charging.
2. **Using USB-A Output Ports:** Connect your device's charging cable (USB-A to your device's connector) to one of the two USB-A output ports on the power bank. The power bank will automatically begin charging.

You can charge up to 5 devices simultaneously using a combination of the built-in cables and USB-A output ports.

Using the Dual LED Flashlight

Dual LED Flashlight

To activate the dual LED flashlight, press and hold the power button for a few seconds. To turn it off, press and hold the power button again.

Charging Examples

Large Capacity Portable Power Bank

ipad mini
2 charges

Galaxy S9
2.8 charge

Air Pods pro
13 charges

iPhone 13 pro
2.5 charges

Image: Infographic showing approximate charge capacities for various devices.

The 10000mAh capacity of the ANOUV Portable Charger can provide:

- Approximately 2 charges for an iPad Mini.
- Approximately 2.8 charges for a Samsung Galaxy S9.
- Approximately 13 charges for AirPods Pro.
- Approximately 2.5 charges for an iPhone 13 Pro.

Note: Actual charging times and number of charges may vary based on device battery size, usage, and environmental factors.

Specifications

Feature	Detail
Model Number	618

Battery Capacity	10000 Milliamp Hours (mAh)
Product Dimensions	5.7 x 2.7 x 0.7 inches
Item Weight	8.8 ounces
Connector Type	USB Type C (Input), Micro USB (Input), USB Type A (Output/Input)
Special Features	Built-in Cables, Digital Display, Flashlight, Slim Design
Color	Black
Batteries	1 Lithium Ion battery required (included)

Safety Information

- Do not expose the power bank to extreme temperatures (above 60°C/140°F or below 0°C/32°F).
- Avoid dropping, disassembling, or attempting to repair the device yourself.
- Keep away from water, moisture, and flammable materials.
- Store in a cool, dry place when not in use.
- Keep out of reach of children.
- Dispose of the power bank according to local regulations for electronic waste.

Troubleshooting

- **Device not charging:** Ensure the power bank is charged. Check cable connections. Try a different cable or port.
- **Power bank not charging:** Ensure the charging cable is properly connected to a power source. Try a different wall adapter or cable.
- **LED display not working:** Press the power button briefly to activate the display. If it remains off, the battery may be completely depleted or there may be a fault.
- **Flashlight not working:** Press and hold the power button for a few seconds to turn the flashlight on/off.

Maintenance

- Clean the power bank with a soft, dry cloth. Do not use liquid cleaners.
- Avoid exposing the device to direct sunlight for extended periods.
- If storing for a long time, charge the power bank to about 50-75% every 3 months to prolong battery life.

Warranty & Support

Your ANOUV Portable Charger comes with a 12-month quality warranty. If you encounter any problems or have questions regarding your product, please do not hesitate to contact us. We are committed to resolving your issue within 24 hours. For support, please refer to the contact information provided with your purchase or visit the official ANOUV website.
