Tribesigns YS0034

Tribesigns Modern Natural Storage Cabinet Set

MODEL: YS0034

Instruction Manual

Important Safety Information

Please read and understand all instructions before assembly and use. Retain this manual for future reference.

- Always secure the cabinet to the wall using the anti-tip-over device provided to prevent tipping and injury, especially if children are present in the household.
- Do not overload the shelves or doors beyond their specified weight capacity. Each shelf can bear up to 40 lbs.
- Ensure the cabinet is placed on a flat, stable surface.
- Keep small parts away from children during assembly.

Prevent Tip-Over Incidents

Keep stable and family safety

Product Overview

The Tribesigns Modern Natural Storage Cabinet Set (Model YS0034) is a versatile and freestanding furniture piece designed for various rooms such as living rooms, dining rooms, or garages. It offers ample storage with four doors and four interior shelves, each capable of holding up to 40 lbs. The cabinet features a natural wood grain finish with carved door details and sturdy metal legs, complemented by an anti-tip-over device for enhanced stability.

Key Features:

- **Ample Storage:** Four doors and four shelves provide significant storage capacity.
- **Multi-functional Design:** Suitable for use as a sideboard, buffet cabinet, or general storage in various home environments.
- **Sturdy Construction:** Made primarily from E1 level manufactured wood with thick metal legs for stability.
- **Safety Features:** Includes an anti-tip-over device.
- **Push-Open Doors:** Equipped with an inner rebound mechanism for easy opening and secure closing.

Thick Metal Legs

Setup Instructions

This storage cabinet is designed for straightforward assembly. Detailed instructions and labeled parts are included in the product packaging. Please follow these instructions carefully.

Before You Begin:

- Unpack all components and verify against the parts list in your included manual.
- Ensure you have all necessary tools as specified in the manual.
- Assemble on a soft, clean surface to prevent scratches.

Assembly Steps:

1. Follow the step-by-step diagrams and instructions provided in your product manual.
2. Attach the metal legs securely to the base of the cabinet.
3. Install the inner rebound mechanisms for the doors as instructed.
4. Once assembled, attach the anti-tip-over device to the cabinet and securely fasten it to a wall stud using

appropriate hardware.

Operating Instructions

The Tribesigns Storage Cabinet is designed for simple and efficient use.

Opening and Closing Doors:

- To open a door, gently push on the door panel. The inner rebound mechanism will release the latch, allowing the door to swing open.
- To close a door, push it firmly until the magnetic latch engages and holds it shut.

Utilizing Shelves:

- Place items evenly on the shelves to distribute weight.
- Do not exceed the maximum weight capacity of 40 lbs per shelf.

Maintenance

Proper care will ensure the longevity and appearance of your Tribesigns Storage Cabinet.

Cleaning:

- Wipe surfaces with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- Dry immediately with a clean cloth to prevent water spots.

General Care:

- Periodically check all fasteners and tighten if necessary to maintain stability.
- Avoid exposing the cabinet to direct sunlight or extreme temperature changes, which can cause warping or fading.
- Do not place hot items directly on the surface; use coasters or protective pads.

Troubleshooting

If you encounter any issues with your Tribesigns Storage Cabinet, please refer to the following common solutions:

- **Missing or Damaged Parts:** If any parts are missing or damaged upon arrival, please contact Tribesigns customer support immediately for assistance. Refer to the parts list in your manual.
- **Doors Not Aligning Properly:** Ensure all hinges and door mechanisms are correctly installed and tightened according to the assembly instructions. Slight adjustments to hinge screws may help align the doors.
- **Cabinet Feels Unstable:** Verify that all legs are securely attached and that the cabinet is placed on a level surface. Confirm the anti-tip-over device is properly installed and anchored to the wall.
- **Difficulty with Push-Open Mechanism:** Check that the inner rebound mechanisms are installed correctly and are not obstructed. Ensure the doors are pushed firmly to engage the latch.
