## KEY FEATURES

- **5-in-1 Versatility:** Includes multiple interchangeable heads for beard, ear, nose, body, and precision trimming.
- **IPX7 Waterproof:** Designed for full body wash, allowing for easy cleaning under running water.
- **LED Display:** Shows battery percentage (0-99%) and charging status.
- **Cordless Operation:** Provides flexibility and convenience during use.
- **USB Charging:** Supports two charging methods: direct USB cable connection or via the charging stand.
- **Long Battery Life:** Approximately 1.5 hours for a full charge, providing up to 99 minutes of work time.
- **Strong Magnetic Motor:** Delivers high torque and low energy consumption for efficient trimming.

## SETUP

### Charging the Trimmer

Before first use, fully charge the trimmer. The device supports two charging methods:

1. **Using the Charging Stand:** Place the trimmer into the charging stand. Connect the USB charging cable to the stand and then to a 5V USB power source (e.g., wall adapter, computer, power bank).
2. **Direct USB Charging:** Connect the USB charging cable directly to the charging port on the trimmer handle and then to a 5V USB power source.

The LED display will show the battery percentage during charging. A full charge takes approximately 1.5 hours and provides up to 99 minutes of operation.

### Attaching and Detaching Trimmer Heads

To change the trimmer head:

1. Ensure the trimmer is turned off.
2. To remove a head, hold the trimmer handle firmly and gently pull the attached head upwards until it detaches.
3. To attach a new head, align the head with the slot on the trimmer handle and press down firmly until it clicks into place.

## Attaching Guide Combs

Guide combs are used with the precision trimmer head to achieve desired hair lengths.

1. Select the desired guide comb (3mm, 6mm, 9mm, or 12mm).
2. Align the comb with the cutter head of the precision trimmer.
3. Press the comb down firmly until it snaps into place.
4. To remove, apply force to the rear end of the comb and lift it off.

Image: A four-step visual guide demonstrating how to correctly position, attach, and remove the adjustable guide combs from the trimmer head.

## OPERATING INSTRUCTIONS

### Power On/Off

Press the power button once to turn the trimmer on. Press it again to turn it off. The LED display will illuminate when the device is active.

### Using Different Attachments

- **Precision Trimmer:** Ideal for beard shaping, sideburns, and detailed styling. Use with guide combs for desired hair length.
- **Body Trimmer:** Suitable for larger areas of the body.
- **Nose & Ear Trimmer:** Gently insert the trimmer into the nostril or ear canal to trim unwanted hair.
- **Micro Shaver:** For a close, smooth finish on smaller areas.
- **Power Trimmer:** For general hair cutting and bulk removal.

Always ensure your skin is clean and dry before trimming. For best results, move the trimmer against the direction of hair growth.

# MULTIPLE POSITION COMB

Installation and removal position comb

3mm

6mm

9mm

12mm

1. Position comb and cutter head alignment

2. Press the position comb

3. Apply force to the rear end of the position comb

4. Easily remove the position comb

Image: A collage showing a man using the trimmer for various grooming tasks, including beard trimming, nose hair trimming, and body hair trimming, demonstrating the versatility of the kit.

## MAINTENANCE

### Cleaning

The Atopskins trimmer is IPX7 waterproof, allowing for easy cleaning.

1. Turn off the trimmer and detach the head.
2. Rinse the trimmer head and body directly under running water to remove hair clippings and debris.
3. Use the provided cleaning brush to remove any stubborn hair from the blades.
4. Allow all parts to air dry completely before reattaching the head or storing the device.

## Multi-functional 5 in 1 Cordless Body Groomers Kit

Image: The trimmer head being rinsed under a faucet, illustrating the ease of cleaning due to its waterproof design.

### Storage

Store the trimmer and its accessories in a cool, dry place, away from direct sunlight and out of reach of children. Use the provided storage base to keep the attachments organized.

### TROUBLESHOOTING

- **Trimmer not turning on:** Ensure the device is fully charged. If the battery is low, connect it to a power source using the USB cable or charging stand.
- **Reduced trimming performance:** Clean the trimmer head and blades thoroughly. Ensure no hair or debris is obstructing the blades. If performance remains low, the blades may need replacement (contact support for availability).
- **Device turns off unexpectedly:** This could indicate a low battery. Recharge the trimmer. If the issue persists after a full charge, contact customer support.

### SPECIFICATIONS

Feature	Specification
Model Number	212-2
Product Dimensions	8.66 x 6.57 x 3.11 inches
Weight	1.32 Pounds
Power Source	Battery Powered, Corded Electric, USB Cable
Blade Material	Stainless Steel
Waterproof Rating	IPX7
Charging Time	Approx. 1.5 hours
Operating Time	Up to 99 minutes
