Lefitus Lefitus

Lefitus Smart Watch for Women: User Manual

Model: Lefitus
Brand: Lefitus

1. INTRODUCTION

Thank you for choosing the Lefitus Smart Watch for Women. This manual provides essential information for setting up, operating, and maintaining your new smartwatch. Please read it carefully to ensure optimal performance and longevity of your device.

2. WHAT'S IN THE BOX

Upon unboxing, please verify that all the following items are included:

- Smart Watch (x1)
- Watch Bands (x3: Rose gold metal, Pink silicone, White silicone)
- Charging Cable (x1)
- User Manual (x1)
- Connection Card (x1)

3. SETUP

3.1. Charging the Watch

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included). A full charge typically takes 2-3 hours.

3.3. Pairing the Watch

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the FitCloudPro app and follow the on-screen instructions to add a new device.
3. The app will search for your smartwatch. Select 'Lefitus' or the device ID (e.g., '170') to pair.
4. Confirm the pairing request on both your phone and watch.

3.4. Enabling Call Function

For Bluetooth call functionality, an additional step is required:

1. On your watch, swipe down to access the quick settings menu and tap the 'Call' icon to activate it.
2. On your smartphone, go to Bluetooth settings.
3. Find and connect to 'Watch Call' in the list of available devices.
4. Once connected, you can make and answer calls directly from your watch.

4. OPERATING THE WATCH

4.1. Display Customization

The watch features a 1.32-inch round ultra-clear screen. You can personalize your watch face:

- The watch includes 4 default dials.
- The FitCloudPro app offers over 200 additional free dials.
- You can also upload your favorite photos to create custom watch faces.

4.4. Music and Camera Control

Control music playback on your smartphone and remotely operate your phone's camera directly from your smartwatch.

5. HEALTH MONITORING FEATURES

The Lefitus Smart Watch is equipped with advanced sensors to help you monitor your physical health.

- **Heart Rate Monitoring:** Continuously track your heart rate throughout the day.

- **Blood Oxygen Tracking:** Monitor your blood oxygen levels.
- **Sleep Quality Monitoring:** Analyze your sleep patterns and quality.
- **Menstrual Cycle Tracking:** Provides reminders and tracking for menstrual periods, ovulation, safe periods, and pregnancy phases.

7. OTHER FUNCTIONS

Your Lefitus Smart Watch offers several other practical features:

- **Weather Updates:** Get current weather information directly on your wrist.
- **Reminders:** Sedentary reminders encourage movement, and drink water reminders help maintain hydration.
- **Tools:** Includes alarm clock, stopwatch, and timer functions.
- **Find Phone:** Helps locate your paired smartphone.

8. MAINTENANCE

8.1. Water Resistance

The watch has an IP67 waterproof rating, making it resistant to splashes and brief immersion. It is suitable for daily life activities but not recommended for swimming or showering with hot water.

8.2. Battery Life and Charging

The 270 mAh battery provides 7-10 days of usage time and up to 13-15 days of standby time on a 2-3 hour charge.

Image: Diagram illustrating the product dimensions and battery specifications, including charging time, battery life, and standby time.

8.3. Cleaning

Wipe the watch and bands regularly with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.

9. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged.
- **Cannot pair with phone:** Check if Bluetooth is enabled on both devices and the FitCloudPro app is open. Restart both devices and try again.
- **Call function not working:** Verify that 'Watch Call' is connected in your phone's Bluetooth settings after enabling the call icon on the watch.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, and your skin is clean and dry.
