

Vbestlife VBESTLIFEvrye4x3twz

Vbestlife Wireless Display Dongle 1080P 5G WiFi Receiver User Manual

Model: VBESTLIFEvrye4x3twz

1. PRODUCT OVERVIEW

The Vbestlife Wireless Display Dongle is a compact and versatile device designed to mirror content from your mobile devices (smartphones, tablets, laptops) to a larger display such as a TV, projector, or monitor. It supports Full HD 1080P resolution and utilizes dual-band 5G WiFi for stable and lag-free transmission, enhancing your viewing and presentation experience.

Package Contents

- 1 x Vbestlife Wireless Display Dongle
- 1 x USB Power Cable
- 1 x User Manual (This document)

2. SAFETY INFORMATION

- Ensure the device is connected to a stable power source.
- Do not expose the device to water or extreme temperatures.
- Avoid disassembling or modifying the device, as this may void the warranty and cause damage.
- Keep the device away from children.
- Use only the provided or recommended power cable.

3. SETUP GUIDE

Follow these steps to set up your Vbestlife Wireless Display Dongle:

1. **Connect to TV/Display:** Plug the HDMI connector of the wireless display dongle into an available HDMI port on your TV, projector, or monitor.
2. **Power On:** Connect the USB power cable to the dongle's power input port and then plug the other end into a USB power adapter (5V/1A recommended, not included) or an available USB port on your TV. The dongle will power on and display a setup screen on your TV.
3. **Select HDMI Input:** Use your TV remote to select the correct HDMI input source that the dongle is connected to.

4. Connect to WiFi (Initial Setup):

- On your TV screen, you will see instructions to connect your mobile device to the dongle's WiFi network.
- On your smartphone, tablet, or laptop, go to WiFi settings and connect to the dongle's WiFi network (SSID usually displayed on the TV screen, e.g., "AnyCast-XXXX" or similar). The password will also be displayed.
- Open a web browser on your mobile device and enter the IP address shown on the TV screen (e.g., "192.168.49.1"). This will open the dongle's settings page.
- On the settings page, select "Internet" or "WiFi Setup" and choose your home/office WiFi network. Enter the password for your WiFi network and confirm. The dongle will then connect to your WiFi network.
- Once connected, the dongle will display its own IP address on your TV screen, indicating it's ready for mirroring.

4. OPERATING INSTRUCTIONS

After the initial setup, you can mirror your device's screen to the TV.

Screen Mirroring (iOS Devices - AirPlay)

1. Ensure your iOS device (iPhone, iPad) is connected to the same WiFi network as the Vbestlife dongle.
2. Swipe down from the top-right corner (or up from the bottom for older models) to open Control Center.
3. Tap "Screen Mirroring" or "AirPlay Mirroring".
4. Select the Vbestlife dongle from the list of available devices (e.g., "AnyCast-XXXX").

5. Your iOS device screen will now be mirrored on the TV.

Screen Mirroring (Android Devices - Miracast/Smart View/Cast)

1. Ensure your Android device is connected to the same WiFi network as the Vbestlife dongle.
2. Go to your device's settings and look for "Cast," "Smart View," "Wireless Display," "Screen Mirroring," or similar options. The exact name may vary by device manufacturer.
3. Select the Vbestlife dongle from the list of available devices.
4. Your Android device screen will now be mirrored on the TV.

Screen Mirroring (Windows/macOS Laptops)

- **Windows:** Press **Windows key** + **P** and select "Connect to a wireless display." Choose the Vbestlife dongle.
- **macOS:** Ensure your Mac is connected to the same WiFi network. Click the AirPlay icon in the menu bar and select the Vbestlife dongle.

Image: Examples of the dongle's use in various settings like home, classroom, and office for screen sharing.

5. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the device. Do not use liquid cleaners or aerosols.
- **Storage:** Store the dongle in a cool, dry place when not in use.
- **Firmware Updates:** Periodically check the dongle's settings page (via the IP address) for available firmware updates to ensure optimal performance and compatibility.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
No display on TV.	Incorrect HDMI input selected; no power; loose connection.	Ensure TV is on the correct HDMI input. Check power cable connection. Try a different HDMI port or USB power source.
Cannot connect to dongle's WiFi.	Dongle not powered on; incorrect password.	Verify dongle is powered and displaying its WiFi details. Double-check the password. Restart the dongle and your mobile device.
Screen mirroring is laggy or disconnects.	Weak WiFi signal; interference; too many devices on network.	Ensure dongle and source device are close to the WiFi router. Reduce network congestion. Check for firmware updates. Use 5G WiFi if available.
No audio or poor audio quality.	TV volume low; audio settings on source device.	Increase TV volume. Check audio output settings on your mobile device. Restart mirroring session.
Cannot access streaming apps (Netflix, Hulu, Prime Video).	Some streaming services block screen mirroring due to DRM.	This is a limitation of certain streaming services, not the dongle. Consider using a dedicated streaming device for these apps.

7. SPECIFICATIONS

Feature	Detail
Product Type	Wireless Display Dongle Adapter
Brand	Vbestlife
Model Number	VBESTLIFEvrye4x3twz
Connectivity Technology	Wi-Fi (Dual Band 5G supported)
Connector Type	HDMI
Resolution	1080p Full HD
Special Feature	Wireless Screen Mirroring
Supported Internet Services	Netflix, Hulu, Amazon Prime Video (Note: Mirroring compatibility may vary due to DRM)
Color	Black

Feature	Detail
Dimensions (Approx.)	10 x 10 x 4 cm (3.9 x 3.9 x 1.6 inches)
Weight (Approx.)	80 grams

8. WARRANTY AND SUPPORT

Vbestlife products typically come with a standard manufacturer's warranty. Please refer to the packaging or your point of purchase for specific warranty terms and conditions. For technical support, troubleshooting assistance, or warranty claims, please contact your retailer or the Vbestlife customer service department. Keep your purchase receipt as proof of purchase for warranty purposes.
