VG VOGCREST VG-103

VOGCREST 2-in-1 Facial Hair Remover & Eyebrow Trimmer User Manual

Model: VG-103

PRODUCT OVERVIEW

The VOGCREST 2-in-1 Facial Hair Remover and Eyebrow Trimmer is a versatile grooming tool designed for women. It efficiently removes unwanted facial and eyebrow hair, providing a smooth and pain-free experience. Its compact and portable design, coupled with convenient Type-C charging and a built-in LED light, makes it an essential device for personal care at home or while traveling.

SETUP AND CHARGING

1. **Initial Charge:** Before first use, fully charge the device. Connect the provided USB Type-C charging cable to the charging port on the bottom of the trimmer. Connect the other end to a compatible USB power source (e.g., computer, wall adapter). The LED light will indicate charging status.
2. **Attaching Heads:** To attach a head, align the head with the main unit and gently twist clockwise until it clicks into

place. To remove, twist counter-clockwise.

LONG LASTING

1 Time Charge = 20 Days Usage

Type C Charging Universal & Fast!

OPERATING INSTRUCTIONS

The VOGCREST trimmer is designed for easy and smooth operation. Ensure the device is charged and the desired head is securely attached before use.

1. **Power On/Off:** Slide the power switch located on the side of the device upwards to turn on, and downwards to turn off. The built-in LED light will illuminate when the device is on, providing better visibility.

2. **Facial Hair Removal:** For facial hair (cheeks, chin, neck, upper lip), use the round facial hair remover head. Gently move the device in small, circular motions over the desired area. Its circular motion technique effectively removes even the finest hairs without pain or irritation.
3. **Eyebrow Trimming:** For eyebrows, attach the precision eyebrow trimmer head. Carefully shape and trim eyebrows by guiding the tip along the desired brow line. The LED light assists in precise trimming.
4. **Optimal Results:** For a smoother hair removal experience, use the remover rotatably. Charge on time to maintain high efficiency and prevent pinching.

2 IN 1 DESIGN

MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and longevity of your VOGCREST trimmer.

- Disassemble:** Turn off the device and remove the trimming head by twisting it counter-clockwise.
- Clean Blades:** Use the provided cleaning brush to gently brush away any accumulated hair from the blades and inside the head.
- Wipe Body:** Wipe the main body of the trimmer with a clean, dry cloth. Do not rinse the main unit under water.
- Reassemble:** Once clean and dry, reattach the trimming head by aligning and twisting clockwise until it clicks.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not turning on.	Low battery or not charged.	Charge the device fully using the provided USB Type-C cable.
Poor trimming performance.	Hair buildup in the head or dull blades.	Clean the trimming head thoroughly with the brush. Ensure the head is properly attached.
Device feels hot during use.	Prolonged continuous use.	Turn off the device and allow it to cool down before resuming use.
