OPERATING INSTRUCTIONS

Transforming the Bed Chest

The Hamilton Murphy Bed Chest is designed for easy conversion. Follow these steps to open and close the bed:

1. **To Open:** Unlock the front latches of the chest. Gently pull the front panel forward and down. The bed frame will unfold, and the mattress will extend. Ensure the support legs are fully extended and locked into place for stability.
2. **To Close:** Fold the mattress back into its compact position. Lift the bed frame, ensuring the support legs retract. Push the front panel upwards until it aligns with the chest and secure the latches.

Using the Storage Drawer

The large storage drawer located at the base of the chest provides convenient space for bedding, pillows, or other items.

- To access, simply pull the drawer handles forward.
- Push the drawer back in until it is fully closed and flush with the chest.

MAINTENANCE AND CARE

- **Cleaning:** Wipe the wooden surfaces with a dry cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Mattress Care:** The included memory foam mattress should be spot cleaned with a mild detergent and allowed to air dry. Do not machine wash or dry.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Tighten if necessary to maintain stability.
- **Placement:** Position the bed chest on a level surface to prevent wobbling or instability.

TROUBLESHOOTING

If you encounter any issues with your AFI Hamilton Murphy Bed Chest, please review the following common solutions:

- **Bed does not open/close smoothly:** Check for any obstructions in the mechanism. Ensure the mattress is

properly folded and positioned. Verify that all assembly hardware is securely tightened.

- **Drawer sticks or is difficult to open:** Ensure the drawer is properly aligned on its glides. Check for any items obstructing the drawer's movement.
- **USB ports not working:** Confirm that the bed chest's power cord is securely plugged into a functional wall outlet. Test with a different USB cable or device to rule out cable/device issues.
- **Stability concerns:** Ensure the bed chest is placed on a flat, level surface. Re-check all assembly connections for tightness.

For persistent issues, please refer to the contact information in the Support & Contact section.
