Setup and Assembly

Assembly is required for this product. Please follow the step-by-step instructions provided in the included manual. All parts and accessories are labeled for easy identification.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface. Refer to the parts list in your included manual to identify each piece.
2. **Assemble the Main Desk Frame:** Follow the diagrams to connect the side panels, back panel, and bottom panel of the main desk using the provided hardware.
3. **Install Drawers and Cabinet:** Assemble the two drawers and the storage cabinet according to the instructions. Insert them into their designated slots in the desk frame.
4. **Attach Mirror and Shelving Unit:** Securely attach the mirror and the integrated shelving unit to the main desk frame. Ensure all connections are tight.
5. **Install LED Lights:** The 10 LED bulbs are designed to be attached to the mirror. Follow the instructions to adhere them evenly around the mirror's perimeter.
6. **Connect Power Strip:** Integrate the power strip into its designated slot on the desk. Ensure the power cord is accessible for connection to a wall outlet.
7. **Assemble Storage Stool:** Assemble the stool and ensure the cushioned top with hidden storage is correctly attached.

Maintenance

To maintain the appearance and longevity of your vanity desk, follow these simple care instructions:

- **Cleaning:** Wipe the surfaces with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the engineered wood.
- **Mirror Care:** Clean the mirror with a glass cleaner and a lint-free cloth.
- **Electrical Components:** Ensure the power strip and LED lights are unplugged before cleaning. Do not immerse electrical components in water.

Troubleshooting

If you encounter any issues with your vanity desk, refer to the following common troubleshooting tips:

- **Lights Not Working:**
 - Check if the power cord for the LED lights is securely plugged into the power strip or wall outlet.
 - Ensure the power strip itself is receiving power.
 - Verify that the light control switch is turned on and not set to the lowest brightness.
- **Power Strip Not Functioning:**
 - Confirm the vanity's main power cord is firmly plugged into a working wall outlet.
 - Check if the wall outlet itself is functional by plugging in another device.
 - Ensure no circuit breakers have tripped.
- **Drawers Sticking:**
 - Check for any obstructions in the drawer slides.
 - Ensure the drawer slides are properly aligned and lubricated if necessary.
