Setup and Assembly

Assembly is required for this furniture set. It is recommended that two people perform the assembly to ensure safety and ease of installation.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a soft, clean surface to prevent scratches.

2. **Identify Hardware:** Locate the hardware pack and identify all screws, bolts, and washers. A screwdriver is recommended for assembly (not included).
3. **Attach Legs:** Securely attach the wooden legs to the base of both the sofa and loveseat. Ensure they are tightened firmly but do not overtighten.
4. **Position Furniture:** Once legs are attached, carefully upright the sofa and loveseat in their desired location.
5. **Place Cushions and Pillows:** Arrange the seat cushions, back cushions, and throw pillows as desired. The seat and back cushions are removable.

- **Spot Cleaning:** For spills or stains, spot clean immediately with a damp cloth. Use a mild, water-free cleaning solvent or dry-cleaning product. Always test on an inconspicuous area first.
- **Brush Cleaning:** For deeper cleaning, use a soft brush to gently clean the chenille fabric.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or strong chemical solvents, as these can damage the fabric and finish.
- **Vacuuming:** Periodically vacuum the upholstery using a brush attachment to remove dust and debris.
