

OnePlus CPH2513

# OnePlus Nord N30 5G User Manual

Model: CPH2513 | Brand: OnePlus

## 1. PRODUCT OVERVIEW

The OnePlus Nord N30 5G is an unlocked dual-SIM Android smartphone designed to deliver a comprehensive mobile experience. It features a large 6.7-inch LCD display with a 120Hz refresh rate, a powerful 5000 mAh battery with 50W fast charging capabilities, and a high-resolution 108MP camera system. This device is equipped with a Qualcomm Snapdragon 695 Chipset and runs on OxygenOS 13.1, providing a smooth and efficient user interface.

Image: Front and rear view of the OnePlus Nord N30 5G smartphone, showcasing its sleek design and camera module.

## 2. WHAT'S IN THE BOX

Upon unboxing your OnePlus Nord N30 5G, please verify that all the following items are present:

- OnePlus Nord N30 5G Smartphone
- Charger Adapter
- Type-C Cable
- Welcome Start Guide

- SIM Tray Ejector

## 3. SETUP GUIDE

### 3.1. Inserting SIM Card(s) and MicroSD Card

1. Locate the SIM tray on the side of your device.
2. Insert the provided SIM tray ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM card(s) and/or MicroSD card into the designated slots on the tray. Ensure the gold contacts face downwards. The device supports dual SIM functionality (SIM & SIM/MicroSD).
4. Carefully reinsert the SIM tray back into the phone until it clicks into place.

### 3.2. Initial Power On and Setup

1. Press and hold the Power button (located on the right side of the device) until the OnePlus logo appears.
2. Follow the on-screen prompts to select your language, connect to a Wi-Fi network, and set up your Google account.
3. You will be guided through setting up security features such as fingerprint unlock or facial recognition, and data transfer from an old device if applicable.

Image: Side view of the OnePlus Nord N30 5G, highlighting the power button and volume controls for initial setup and daily operation.

## 4. OPERATING YOUR DEVICE

### 4.1. Navigation and User Interface

The OnePlus Nord N30 5G runs on OxygenOS 13.1, offering a fast and smooth user experience. Navigate through the system using gestures or traditional navigation buttons, configurable in the settings. Swipe down from the top of the screen to access the notification shade and quick settings panel.

### 4.2. Camera Operation

The device features a 108MP Triple Camera system with 3x Lossless Zoom and Electronic Image Stabilisation (EIS). To open the camera, tap the camera icon on your home screen or lock screen. Switch between photo, video, portrait, and other modes by swiping across the bottom of the viewfinder. Tap the shutter button to capture images or start/stop video recording.

Image: Detailed view of the OnePlus Nord N30 5G's rear camera module, featuring the 108MP main sensor and additional lenses.

#### 4.3. Display and Audio

Enjoy your content on the 6.7-inch 120 Hz LCD display. The adaptive refresh rate helps conserve battery life. For an immersive audio experience, the device includes Dual Stereo Speakers with a 200% Ultra Volume Mode, allowing for louder and clearer sound without distortion.

## RAM-ing speed!

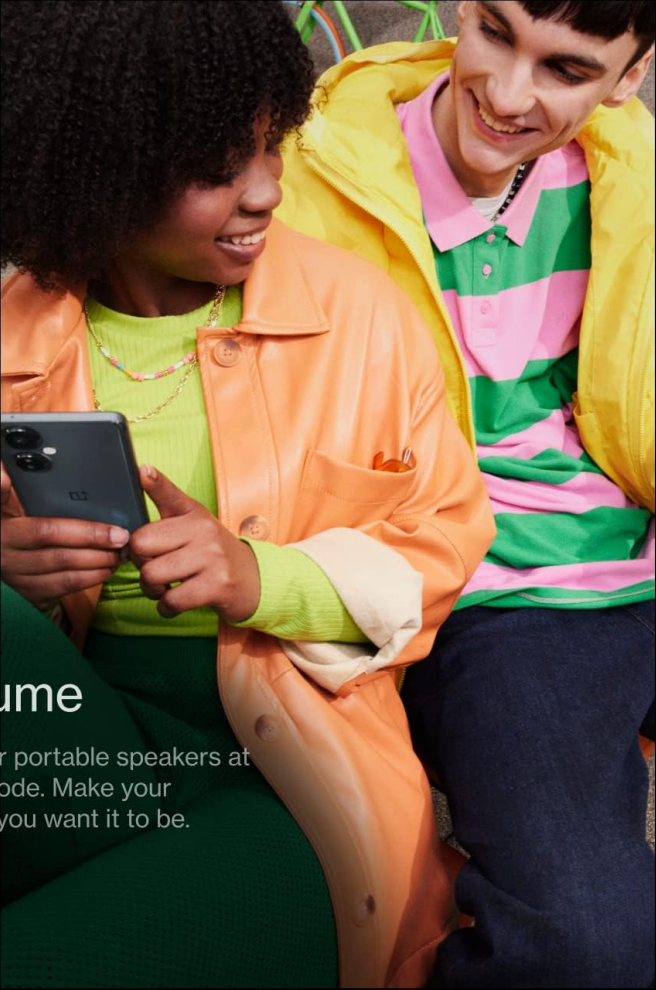

Multi-taskers rejoice, with up to 8GB of expandable virtual RAM and a speedy Snapdragon® 695 chipset that will have you swiping and switching between apps at blistering speed.

Image: The OnePlus Nord N30 5G displaying vibrant content, emphasizing its large screen and audio capabilities.

### 4.4. Battery and Charging

The OnePlus Nord N30 5G is powered by a 5000 mAh battery. It supports 50W SUPERVOOC Endurance Edition fast charging, capable of providing a day's power in approximately 30 minutes. The Battery Health Engine technology is integrated to extend the battery's lifespan and prevent overcharging.

## Pump up the volume

Hear all your alerts and leave your portable speakers at home with 200% Ultra Volume Mode. Make your favorite audio as live and loud as you want it to be.

Image: An illustrative view of the OnePlus Nord N30 5G connected to its charger, highlighting the internal battery and charging port.

## 5. MAINTENANCE

### 5.1. Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. You can typically find update options in the 'Settings' menu under 'About device' or 'System updates'.

### 5.2. Cleaning Your Device

To clean your phone, use a soft, lint-free cloth. For stubborn smudges, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials, as these can damage the screen and finish.

### 5.3. Battery Care

To maximize battery lifespan, avoid extreme temperatures. While fast charging is supported, occasional slower charging can also be beneficial. Do not let the battery completely drain frequently.

## 6. TROUBLESHOOTING

### 6.1. Device Not Powering On

If your device does not power on, ensure it has sufficient charge. Connect it to the charger for at least 15-30 minutes before attempting to power it on again. If the issue persists, try a forced restart by holding the Power button and Volume Down button simultaneously for about 10-15 seconds.

### 6.2. Connectivity Issues (Wi-Fi/Bluetooth/5G)

For Wi-Fi or Bluetooth issues, try toggling the respective settings off and on. For 5G connectivity, ensure you are in an area with 5G coverage and that your SIM card and plan support 5G. You can also try restarting the device or resetting network settings (Settings > System > Reset options > Reset Wi-Fi, mobile & Bluetooth).

### 6.3. Apps Crashing or Freezing

If an app is crashing or freezing, try force-closing it from the recent apps menu or through Settings > Apps. Clear the app's cache and data if the problem continues. If the issue is widespread across multiple apps, consider restarting your device.

## 7. SPECIFICATIONS

Feature	Detail
Model Name	Nord N30
Item Model Number	CPH2513
Operating System	OxygenOS
CPU Model	Snapdragon 695
CPU Speed	2.2 GHz
RAM Memory Installed Size	8 GB
Memory Storage Capacity	128 GB (Expandable up to 1TB)
Standing Screen Display Size	6.7 Inches
Resolution	2400 x 1080 pixels
Refresh Rate	120 Hz
Battery Capacity	5000 mAh
Charging Time	47 minutes (for full charge)
Main Camera	108MP Triple Camera with 3x Lossless Zoom and EIS
Front Camera	Yes

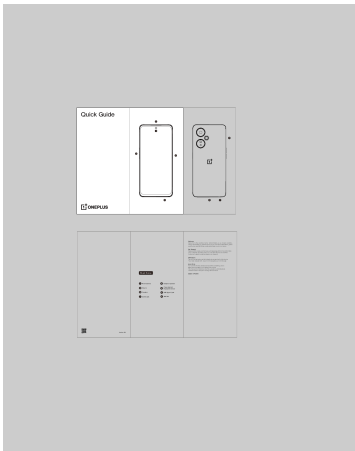

Audio Jack	3.5 mm
Special Features	Dual SIM, GPS
Product Dimensions	2.99 x 0.31 x 6.54 inches
Item Weight	1.04 pounds
Color	Chromatic Gray

## 8. WARRANTY AND SUPPORT

For detailed warranty information and customer support, please refer to the official OnePlus website or the warranty card included with your product. You can also find frequently asked questions and troubleshooting resources on their support pages. Keep your proof of purchase for warranty claims.
