## FULMINARE PU-P07

# FULMINARE Air Purifier User Manual

Model: PU-P07

Brand: FULMINARE

## INTRODUCTION AND OVERVIEW

---

The FULMINARE PU-P07 Air Purifier is designed to provide clean, fresh air in your home, office, or bedroom. Equipped with an H13 True HEPA filter, it efficiently captures 99.97% of airborne particles as small as 0.01 microns, including pollutants, allergens, and pet dander. Its compact design and quiet operation make it ideal for creating a healthier and more comfortable environment.

## PACKAGE CONTENTS

---

Please check the package carefully to ensure all items are present:

- FULMINARE HEPA Air Purifier (Model: PU-P07)
- Power Charger
- User Manual
- Leather Handle (pre-attached or included for attachment)
- H13 True HEPA Filter (pre-installed inside the unit)

Image: All components included in the package: the air purifier unit, a new filter, power adapter, user manual, and the leather handle.

## PRODUCT FEATURES

---

### Powerful 3-Stage Filtration

The air purifier utilizes a comprehensive 3-stage filtration system to ensure optimal air quality:

1. **Pre-Filter:** Captures large particles such as dust, lint, and pet hair.
2. **H13 True HEPA Filter:** Traps 99.97% of airborne particles as small as 0.01 microns, including pollen, pet dander, and smoke.
3. **Activated Carbon Filter:** Absorbs odors from pets, cooking, and smoke, as well as harmful VOCs.

# Powerful HEPA 3-Stage Filtration

Filtering Out 99.97% of 0.3 micron particles

## Quiet Operation (Sleep Mode)

Designed for a restful environment, the air purifier operates at a low noise level of 24dB in Sleep Mode, ensuring undisturbed sleep while maintaining clean air.

# Get A Peacefully Sleep

Image: An air purifier operating quietly on a bedside table next to a person and child sleeping, with a graphic indicating a 24dB noise level.

## Customizable Settings & Portability

The unit features 3 adjustable fan speeds and timer settings (2/4/8/10/12 hours) for personalized air purification. Its streamlined design includes a leather handle for easy relocation between rooms.

## Portable Handle, Easier to Move

Image: The air purifier with its brown leather handle, positioned on a wooden desk next to a laptop, highlighting its portability.

### Night Light & Child Lock

A built-in night light enhances ambiance and can be turned off if preferred. The child lock mode prevents unintended adjustments by curious little ones.

### Wide Coverage

With 360-degree air inlets, the FULMINARE air purifier effectively covers areas up to 215 ft<sup>2</sup> (20 m<sup>2</sup>), ensuring clean air circulation throughout the room.

## SETUP

---

1. **Unpack:** Carefully remove the air purifier and all accessories from the packaging.
2. **Access Filter:** Turn the unit upside down and twist the bottom cover counter-clockwise to unlock. Remove the cover.
3. **Remove Filter Packaging:** Take out the H13 True HEPA filter and remove any plastic packaging or film from it.
4. **Insert Filter:** Place the filter back into the unit.
5. **Replace Cover:** Secure the bottom cover by twisting it clockwise until it locks into place.
6. **Connect Power:** Locate the power adapter inside the unit's bottom compartment (if not already found). Connect the adapter to the air purifier and then plug it into a standard electrical outlet. **Note:** This product is **NOT** rechargeable and must remain plugged in during operation.

## OPERATING INSTRUCTIONS

---

The control panel is located on the top of the unit, featuring intuitive touch controls.

Image: A close-up of the air purifier's top control panel, showing icons for fan speeds, sleep mode, light on/off, safety child lock, and timer setting.

## Power On/Off

Press the power button (usually a circle icon) on the control panel to turn the unit on or off.

## Adjust Fan Speed

Tap the fan speed icon to cycle through 3 adjustable fan speeds (Low, Medium, High) and an Auto mode. In Auto mode, the purifier adjusts its fan speed based on the detected air quality.

## Sleep Mode

Activate Sleep Mode for quiet operation, ideal for nighttime use. The noise level is approximately 24dB.

## Night Light Control

Toggle the built-in night light on or off as desired using the light icon on the control panel.

## Timer Setting

Set the operating time for 2, 4, 8, 10, or 12 hours using the timer icon. The unit will automatically turn off after the set time.

## Child Lock Function

To activate or deactivate the child lock, press and hold the child lock button for 3 seconds. This prevents accidental changes to settings.

## MAINTENANCE

---

### Filter Replacement

For optimal performance, it is recommended to replace the H13 True HEPA filter every 3-6 months, depending on usage and air quality. A filter indicator light on the control panel will illuminate when replacement is needed.

1. **Power Off:** Turn off and unplug the air purifier from the power outlet.
2. **Remove Base:** Turn the unit upside down and twist the bottom cover counter-clockwise to unlock and remove it.
3. **Remove Old Filter:** Carefully pull out the old filter from the unit.
4. **Install New Filter:** Place a new FULMINARE PU-P07 Air Purifier Filter into the unit. Ensure it is seated correctly.
5. **Replace Base:** Put the bottom cover back on and twist it clockwise to lock it securely.
6. **Reset Filter Indicator:** Plug in the unit and turn it on. Press and hold the filter reset button (refer to control panel diagram) for 3-5 seconds until the indicator light turns off.

Replacement filters can be purchased by searching for "PU-P07 Air Purifier Filters" in your preferred online store.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not turn on.	Not plugged in; power outlet issue; filter not installed correctly.	Ensure power cord is securely plugged into a working outlet. Check if the filter is properly installed and the bottom cover is locked.
Airflow is weak.	Filter is dirty or clogged; air inlets/outlets blocked.	Replace the filter if it's dirty. Ensure nothing is obstructing the air inlets or outlets.
Unusual noise.	Filter not seated properly; foreign object inside.	Check and re-seat the filter. Unplug the unit and inspect for any foreign objects.
Odor persists.	Filter needs replacement.	Replace the Activated Carbon Filter component.

## SPECIFICATIONS

Attribute	Detail
Model Number	PU-P07
Brand	FULMINARE
Dimensions (D x W x H)	6.3" x 6.3" x 9.13" (16cm x 16cm x 23.2cm)
Weight	1.78 Pounds (0.81 kg)
Coverage Area	Up to 215 ft <sup>2</sup> (20 m <sup>2</sup> )
Filtration Type	H13 True HEPA (3-Stage Filtration)
Noise Level	24dB (Sleep Mode)
Power Consumption	10 Watts
Certifications	CARB Certified
