SPA4PIEDS SPA02-000

SPA4PIEDS Collapsible Foot Spa with Heat, Bubble, Red Light & Temp Control

Model: SPA02-000

Brand: SPA4PIEDS

1. INTRODUCTION

This manual provides essential instructions for the safe and effective use of your SPA4PIEDS Collapsible Foot Spa. Please read all instructions carefully before operation.

Image 1: The SPA4PIEDS Collapsible Foot Spa in operation, showing bubbles, red light, and the control panel.

2. SAFETY INFORMATION

The SPA4PIEDS foot spa is built with a safety-first, water-isolated design and carries both ELT and CE certifications. To ensure safe operation, observe the following:

- Do not use without water.
- Ensure the power cord is connected securely.
- The temperature near the heater and water outlet may become high during heating.
- Avoid placing your feet too close to the heater or water outlet.
- Keep out of reach of children.
- Do not stand in the foot spa.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- Collapsible Foot Spa Unit

- 8 Shiatsu Massage Rollers (integrated)
- Removable Pumice Stone
- Power Cord
- Instruction Manual

4. SETUP

1. **Unfold the Foot Spa:** Place the collapsed foot spa on a flat, stable surface. Gently push down on the base and pull up the sides until the unit is fully expanded.
2. **Position the Support Rod:** Locate the central support rod. Push it up and lock it into place to provide stability for the unit.
3. **Fill with Water:** Fill the spa bath with warm water up to the desired level. Do not exceed the maximum fill line.
4. **Connect Power:** Connect the power cord to the foot spa and then plug it into a suitable electrical outlet.

Amazingly Foldable Design

3.9 inches tall can easily be stowed under a table or sofa

5. OPERATING INSTRUCTIONS

The foot spa features an intuitive control panel for a customized experience.

Perfect Gift Choice

Bring Care to Your Loved One

Image 3: The control panel with buttons for temperature, timer, on/off, red light, and bubbles.

1. **Power On/Off:** Press the **ON/OFF** button to activate or deactivate the unit.
2. **Temperature Control:** Use the **TEMP+** and **TEMP-** buttons to adjust the water temperature between 95°F and 118°F. The unit will maintain the selected temperature.
3. **Bubble Function:** Press the **BUBBLE** button to activate the revitalizing bubble massage. Press again to turn off.
4. **Red Light Therapy:** Press the **RED LIGHT** button to turn on the gentle red light feature. Press again to turn off.
5. **Timer Setting:** Press the **TIMER** button to set the duration of your foot spa session. Available settings typically include 10, 20, 30, 40, 50, and 60 minutes.
6. **Shiatsu Massage Rollers:** The foot spa includes 8 non-automatic shiatsu massage rollers. Gently

move your feet over these rollers to knead tension from the soles.

7. **Pumice Stone:** A removable pumice stone is provided for exfoliating rough skin. Use it while soaking your feet for a complete pedicure experience.

Precise Temperature Control

Enhance circulation and enjoy soothing warmth.

6. MAINTENANCE AND CLEANING

Regular cleaning ensures hygiene and extends the life of your foot spa.

1. **Drain Water:** After each use, unplug the power cord. Locate the drain plug at the bottom of the unit and open it to release the water.
2. **Clean the Interior:** Wipe the interior of the foot spa with a soft cloth and mild soap. Rinse thoroughly with clean water.
3. **Dry Completely:** Allow the foot spa to air dry completely before collapsing and storing.
4. **Pumice Stone Care:** Rinse the pumice stone after each use and allow it to dry.

7. STORAGE

The collapsible design makes storage convenient.

1. **Collapse the Unit:** Once dry, unlock the central support rod and gently push the sides of the foot spa inwards until it is fully collapsed.
2. **Store Flat:** The lightweight, flat-folding design allows it to be stored under a bed, sofa, or on a closet shelf.

Amazingly Foldable Design

3.9 inches tall can easily be stowed under a table or sofa

Image 7: The foot spa collapses to a compact size for easy storage.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not power on	Not plugged in; Power outlet issue; Unit not expanded correctly.	Ensure power cord is securely plugged in. Try a different outlet. Fully expand the unit and ensure support rod is locked.
Water not heating	Temperature setting too low; Insufficient time for heating.	Increase temperature setting. Allow 5-15 minutes for water to reach desired temperature. Starting with warm tap water can expedite heating.

Problem	Possible Cause	Solution
Bubbles not working	Bubble function not activated.	Press the BUBBLE button on the control panel.
