TONEMAC TMM3P

TONEMAC M3 Active Noise Cancelling Wireless Earbuds

INSTRUCTION MANUAL

1. Introduction

Welcome to the TONEMAC M3 Active Noise Cancelling Wireless Earbuds manual. These earbuds, model TMM3P, are designed to provide an immersive audio experience with advanced features such as Active Noise Cancellation (ANC), Bluetooth 5.3 connectivity, and clear call quality. Please read this manual carefully to ensure proper use and maintenance of your new earbuds.

2. What's in the Box

Your TONEMAC M3 package includes the following components:

- TONEMAC M3 Wireless Earbuds (Left and Right)
- Wireless Charging Case
- USB-C Charging Cable
- Multiple sizes of silicone ear tips (3 pairs)
- User Manual

3. Product Features

The TONEMAC M3 earbuds are equipped with several advanced features for an enhanced listening experience:

Active Noise Cancellation (ANC)

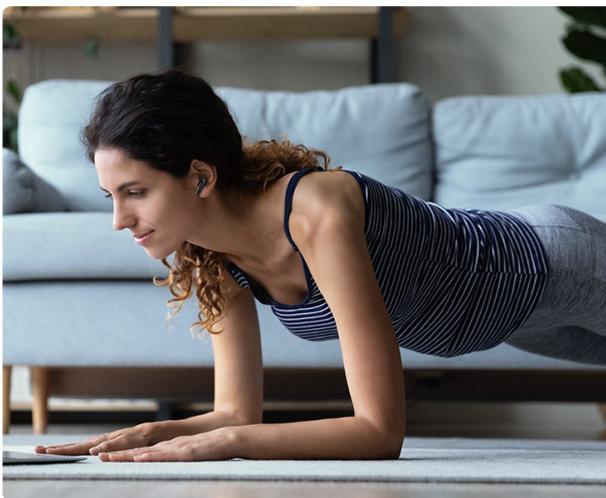

Experience tranquility with the latest Active Noise Cancelling system, designed to automatically recognize and reduce ambient noise by up to 35dB. This allows you to focus on your audio without distractions.

More Peace and Quiet by the Latest Active Noise Cancelling System

Automatic recognition of ambient noise, up to 35dB reduction.

Image: A man relaxing comfortably with the TONEMAC M3 earbuds, illustrating the effectiveness of the active noise cancelling feature.

Lightweight Earbuds distributes weight to reduce in-ear pressure.

With only 0.18oz weight, there is almost no burden in the ears, making all your moves comfortably.

Image: A graphic highlighting the 35dB noise reduction capability of the earbuds.

Bluetooth 5.3 Connectivity

Equipped with the most advanced Bluetooth 5.3 chipsets, the M3 earbuds provide a stable and seamless

wireless connection, delivering crisp, clear high notes and deep bass.

4 Mics ENC for Clear Calls

With four environment pick-up microphones and improved ENC (Environmental Noise Cancellation) algorithms, the earbuds effectively reduce unwanted background noise, ensuring crystal-clear calls even in noisy environments.

Hear Everything Around You Without Taking Earbud Off

Press and hold the Touchpad for 1s to enter the *Transparency Mode*.

Image: A woman smiling while on a phone call, demonstrating the clear call quality provided by the earbuds' microphones.

Extended Playtime

Enjoy up to 8 hours of playtime on a single charge for each earbud, and a total of 30 hours with the included charging case. The case supports Type-C Quick Charge, providing 90 minutes of power back in a short charging time.

30Hrs

with charging case

8Hrs

of each earbud

Transparency Mode

Stay aware of your surroundings without removing your earbuds. Transparency Mode allows you to hear ambient sounds, making it safer for outdoor activities or when interacting with others.

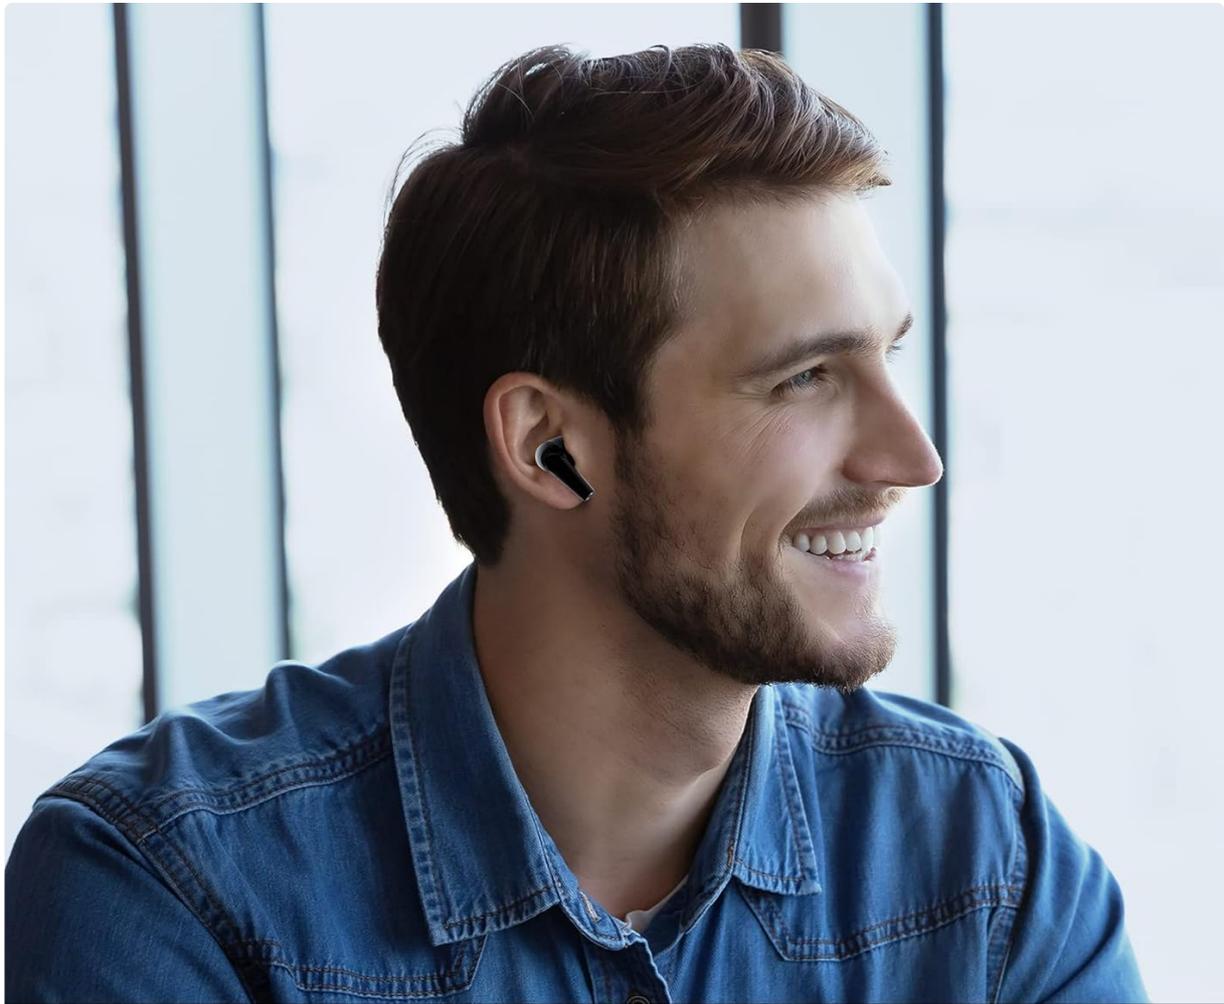

4x Clearer Calls with 4x ENC Microphones

4 environment pick up microphones and improved ENC algorithms reduce unwanted noise during a call.

Image: A couple looking at a smartphone, illustrating the convenience of Transparency Mode which allows users to hear their surroundings.

All Day Relaxing and Secure Fit

The earbuds feature an ultra-lightweight and ergonomic design, ensuring a comfortable and secure fit for extended periods. Three pairs of silicone replaceable ear tips are included to fit your unique ear shape better.

4. Setup

Charging the Earbuds and Case

1. Place both earbuds into the charging case. Ensure they are correctly seated; the indicator lights on the earbuds will illuminate.
2. Connect the USB-C charging cable to the charging port on the case and plug the other end into a compatible USB power source (e.g., wall adapter, computer USB port).
3. The charging case and earbuds will fully charge in approximately 1.5 hours. The indicator light on the case will show charging status and turn solid when fully charged.

Pairing with Your Device

1. Open the charging case. The earbuds will automatically enter pairing mode, and their indicator lights will flash.
2. On your smartphone, tablet, or other Bluetooth-enabled device, go to the Bluetooth settings.
3. Search for available devices and select "TONEMAC M3" from the list.
4. Once connected, the earbud indicator lights will turn off or show a steady light, indicating successful pairing.
5. If pairing fails, place the earbuds back into the case, close it, and then reopen to re-enter pairing mode.

5. Operating

Touch Controls

The TONEMAC M3 earbuds feature intuitive touch controls on each earbud. Please note that touch sensitivity can vary, and precise tapping is recommended.

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Volume Up:** Triple tap on the right earbud.

- **Volume Down:** Triple tap on the left earbud.
- **Activate Voice Assistant:** Press and hold for 2 seconds on either earbud.

Active Noise Cancellation (ANC) and Transparency Mode

Switch between ANC, Transparency Mode, and Normal Mode by pressing and holding the touchpad for 1 second on either earbud. A voice prompt will confirm the mode change.

- **ANC Mode:** Reduces ambient noise for immersive listening.
- **Transparency Mode:** Allows you to hear your surroundings while still enjoying audio.
- **Normal Mode:** Standard audio playback without noise control.

Making Calls

- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Press and hold for 2 seconds on either earbud.

6. Maintenance

To ensure the longevity and optimal performance of your TONEMAC M3 earbuds, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials. Gently remove any earwax or debris from the ear tips and speaker mesh using a small, soft brush or cotton swab.
- **Storage:** Always store the earbuds in their charging case when not in use to protect them from dust, damage, and to keep them charged.
- **Avoid Extreme Conditions:** Do not expose the earbuds to extreme temperatures, humidity, or liquids.
- **Charging:** Use only the provided USB-C cable or a certified equivalent for charging.

7. Troubleshooting

If you encounter any issues with your TONEMAC M3 earbuds, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Earbuds won't connect/pair	Bluetooth is off, earbuds not in pairing mode, interference, previously paired device.	Ensure Bluetooth is on. Place earbuds in case, close, then reopen to re-enter pairing mode. Forget "TONEMAC M3" from your device's Bluetooth list and re-pair. Ensure earbuds are charged.
No sound or low volume	Volume too low, earbuds not properly seated, audio source issue, earbud malfunction.	Increase volume on both earbuds and device. Ensure earbuds are clean and properly inserted. Check if audio is playing from the correct source. Try resetting the earbuds.
Static or distorted sound	Interference, low battery, damaged earbud.	Move closer to your device. Charge the earbuds fully. If the issue persists, contact customer support.

Problem	Possible Cause	Solution
Touch controls unresponsive or too sensitive	Improper touch, software glitch, earbud fit.	Ensure you are tapping the correct area. Try resetting the earbuds. Adjust earbud fit to ensure stable contact.
Earbuds not charging	Poor contact, faulty cable/charger, dirty charging contacts.	Ensure earbuds are correctly placed in the case. Check the charging cable and power source. Clean charging contacts on earbuds and case with a dry cotton swab.
