Noise VS201 V3

Noise Buds VS201 V3 Truly Wireless Earbuds User Manual

Model: VS201 V3

INTRODUCTION

Thank you for choosing the Noise Buds VS201 V3 Truly Wireless Earbuds. This manual provides essential information to help you set up, operate, and maintain your earbuds for optimal performance. Please read this manual thoroughly before using the product.

WHAT'S IN THE BOX

Your Noise Buds VS201 V3 package includes the following items:

- 1N Bluetooth Headphone (Earbuds)
- 1N Charging Case
- 1N Charging Cable (Type-C)
- 1N User Manual
- 1N Warranty Registration Card

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. The charging case provides additional power to the

earbuds, extending their usage time.

1. Place both earbuds into the charging case.
2. Connect the Type-C charging cable to the charging port on the case and plug the other end into a USB power adapter (not included).
3. The indicator lights on the case will show the charging status. Once fully charged, the lights will indicate completion or turn off.

2. Pairing with a Device

The earbuds use Bluetooth v5.1 for a stable and efficient connection.

1. Open the charging case. The earbuds will automatically enter pairing mode, indicated by a flashing LED light on the earbuds.
2. On your smartphone, tablet, or laptop, enable Bluetooth.
3. Search for available Bluetooth devices and select "Noise Buds VS201 V3" from the list.
4. Once connected, the LED indicator on the earbuds will stop flashing, and you will hear a confirmation tone.
5. The earbuds will automatically reconnect to the last paired device when taken out of the case, if Bluetooth is enabled on the device.

OPERATING THE EARBUDS

Touch Controls

The Noise Buds VS201 V3 feature full touch controls for easy management of audio and calls.

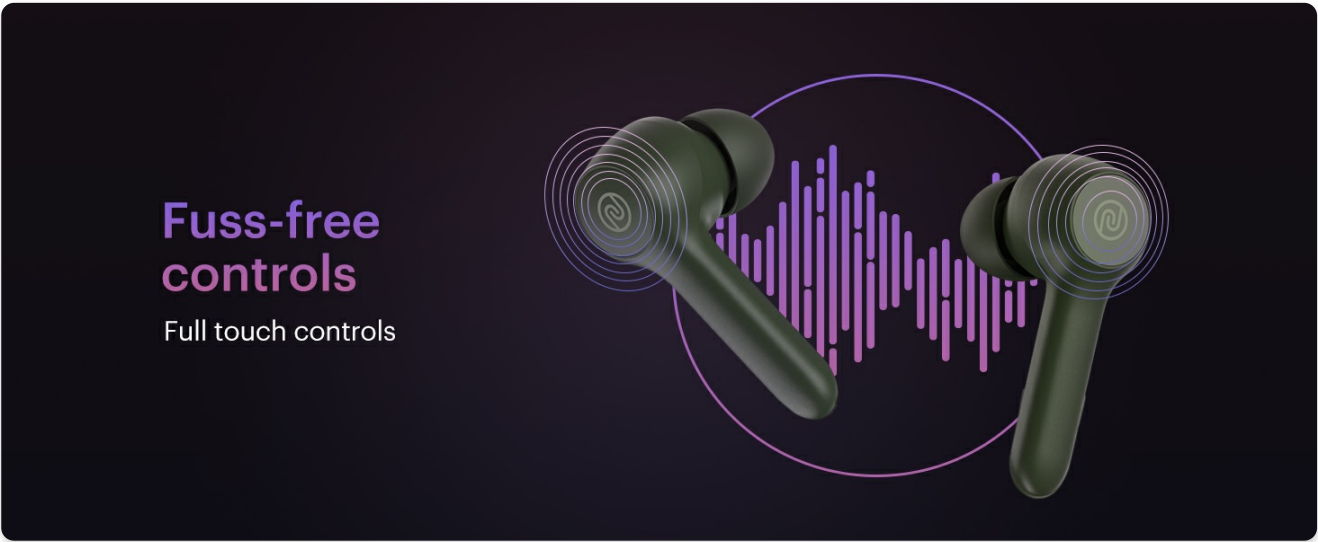

Image: Visual representation of touch control areas on the earbuds.

Action	Function
Single Tap (Left/Right Earbud)	Play/Pause Music, Answer/End Call
Double Tap (Right Earbud)	Next Track
Double Tap (Left Earbud)	Previous Track
Triple Tap (Left/Right Earbud)	Activate Voice Assistant (Siri/Google Assistant)
Long Press (Left/Right Earbud)	Reject Call

Dual Equalizer

The earbuds feature a dual equalizer, allowing you to switch between different sound modes to suit your preference.

- **Bass Mode:** Enhances low frequencies for a richer, deeper bass experience.
- **Normal Mode:** Provides a balanced audio profile suitable for various music genres and clear vocals.

To switch between modes, refer to the specific touch control gesture in the table above or consult the quick start guide included in your package.

Crystal Clear Calls

Each earbud is equipped with an individual microphone, designed to provide clear audio during calls, enhancing your communication experience.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your earbuds.

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage.
- **Water Resistance:** The earbuds are rated IPX5 water resistant, meaning they can withstand splashes and sweat. They are not designed for submersion in water. Avoid exposing them to heavy rain or swimming.
- **Temperature:** Avoid exposing the earbuds to extreme temperatures (hot or cold) as this can affect battery life and overall performance.

TROUBLESHOOTING

If you encounter any issues with your Noise Buds VS201 V3, please refer to the following common troubleshooting steps. For more detailed solutions, you can also refer to the official [Troubleshooting Guide \(PDF\)](#).

- **Earbuds not pairing:** Ensure both earbuds are in the charging case, then open the lid to activate pairing mode. Make sure Bluetooth is enabled on your device and try searching again.
- **Only one earbud working:** Place both earbuds back into the charging case, close the lid, wait a few seconds, then open it again. This often resets the connection between the earbuds.
- **No sound:** Check the volume level on your connected device. Ensure the earbuds are properly paired and selected as the audio output.
- **Charging issues:** Verify that the charging cable is securely connected to both the case and the power source. Try using a different charging cable or power adapter.
- **Connectivity issues:** If experiencing frequent disconnections, try moving closer to your connected device. Obstacles or other wireless devices can interfere with the Bluetooth signal.

SPECIFICATIONS
