FABULETTA FSV005

FABULETTA FSV005 Cordless Stick Vacuum Cleaner User Manual

Model: FSV005

1. SETUP

1.1 Unboxing and Components

Carefully unpack all items from the packaging. Ensure all components are present before proceeding with assembly.

What's Included

Figure 1: Included Components. The package contains the main vacuum unit, floor brush with LED light, long crevice tool, dust brush, adjustable telescopic alloy tube, instruction manual, two MIF filters, a power adapter, and a wall mount.

The package typically includes:

- Main Vacuum Unit
- Floor Brush with LED Light
- Adjustable Telescopic Alloy Tube
- Long Crevice Tool
- Dust Brush

- MIF Filters (2 included)
- Power Adapter
- Wall Mount
- Instruction Manual

1.2 Assembly

Assemble the main components of the vacuum cleaner as shown in the video below. Ensure all connections are secure.

2. OPERATING INSTRUCTIONS

2.1 Power and Suction Modes

The vacuum cleaner is equipped with a high-performance brushless motor, offering 24kPa strong suction on MAX

mode. Select from three suction modes (Max/Standard/Eco) to suit different cleaning needs and optimize power consumption.

Provides Longer Service Life and Greater Suction Power

Figure 3: Powerful Suction with Upgraded Brushless Motor. The vacuum offers multiple suction modes for various cleaning tasks.

2.2 Versatile Cleaning (6-in-1)

The FABULETTA FSV005 is a 6-in-1 multi-function vacuum, adaptable for various cleaning scenarios. It can be easily converted into a handheld vacuum for upholstery, stairs, or car interiors.

Converts to A Lightweight Handheld Vacuum

Figure 4: Converts to a Lightweight Handheld Vacuum. The modular design allows for easy conversion to a handheld unit.

2.3 Maneuverability and LED Lights

The floor brush head features flexible 150° sideways rotation and 90° up and down rotation, allowing easy navigation around furniture and into tight spaces. Integrated LED headlights illuminate dark areas, ensuring no dust is missed.

Flexible & Under Furniture Reach

3. MAINTENANCE

3.1 Dust Cup Emptying

The large dust cup capacity allows for multiple cleaning sessions without frequent emptying. Utilize the one-touch emptying feature to dispose of debris without direct contact.

One-Touch Empty Dustbin

Figure 7: One-Touch Empty Dustbin. Easily empty the dust cup with a single press of a button.

3.2 Filter Cleaning and Replacement

The vacuum features a 5-stage fully sealed cyclone filtration system. Regularly clean the MIF filter to maintain strong suction and prevent blockages. Refer to the video for instructions on how to remove and install the filter.

Video 3: How to install and remove the filter. This video provides a visual guide on correctly removing and installing the filter

components for cleaning or replacement.

3.3 Roller Brush Cleaning

To maintain effective cleaning, periodically remove and clean the roller brush from the floor head. This helps prevent hair tangles and debris buildup.

Video 4: How to remove the roller brush. This video demonstrates the process of detaching and reattaching the roller brush for cleaning.

4. TROUBLESHOOTING

If the vacuum cleaner is not performing optimally, consider the following common issues:

- **No Power:** Ensure the battery is fully charged and correctly installed. Check the power adapter connection if charging.
- **Reduced Suction:** Check the dust cup for fullness and empty if necessary. Inspect and clean all filters (MIF, metal, multi-cone system) as per maintenance instructions. Ensure there are no blockages in the telescopic tube or floor brush.
- **Brush Roll Not Spinning:** Remove the roller brush and clear any tangled hair or debris. Ensure it is reinstalled correctly.
- **Unusual Noise:** Turn off the vacuum and check for any foreign objects lodged in the brush roll or air pathways.

For persistent issues, please refer to the 'Warranty and Support' section for contact information.

5. SPECIFICATIONS

Feature	Specification
Brand	FABULETTA
Model Number	FSV005
Special Feature	Lightweight
Surface Recommendation	Carpet, Hard Floor
Power Source	Battery Powered
Voltage	25.2 Volts
Recommended Uses	Carpet, Hard Floor, Rug
Color	Blue
Noise Level	70 Decibels

Feature	Specification
Motor Horsepower	0.33 horsepower
Number of Speeds	3
Is Product Cordless	Yes
Item Weight	3 Pounds
Controller Type	Push Button
Control Method	Touch
Included Components	Brush
Amperage	0.5 Amps
Battery Life	45 minutes
Form Factor	Stick
