Vivilumens S22

Vivilumens S22 6-in-1 Bedside Lamp Instruction Manual

Model: S22

1. Introduction

Thank you for purchasing the Vivilumens S22 6-in-1 Bedside Lamp. This versatile device combines a touch-controlled dimmable LED lamp, a 10W wireless charger, a Bluetooth 5.0 speaker, a white noise machine, a timer setting, and a 180° adjustable phone holder. Designed for convenience and functionality, it enhances your living space with multiple features in one compact unit.

2. Safety Information

- Ensure the device is connected to a power source using the provided USB Type-C cable. A 10W (or above) USB wall charger with QC compatibility is recommended for optimal performance. The adapter is not included.
- This product is designed for indoor use only. Do not expose to water or high humidity.
- Do not attempt to disassemble or repair the device yourself. Contact customer support for assistance.
- Keep out of reach of children.
- Ensure your phone supports wireless charging before using the wireless charging function.

3. Package Contents

- Vivilumens S22 6-in-1 Bedside Lamp
- USB Type-C Cable
- User Manual

4. Product Overview

The Vivilumens S22 features an intuitive design with touch controls and a versatile light bar. Below is an overview of its main components and functions.

5. Setup

1. **Unpack the Device:** Carefully remove the Vivilumens S22 Bedside Lamp and its accessories from the packaging.
2. **Connect to Power:** Plug the provided USB Type-C cable into the charging port on the device. Connect the other end of the cable to a 10W (or above) USB wall charger (not included).
3. **Power On:** Press and hold the main power button (play/pause button) for approximately 3 seconds to turn on the device. A blue indicator light will illuminate.

6. Operating Instructions

6.1. Light Function

- **Turn On/Off:** Touch any part of the light bar to turn the lamp on or off.
- **Adjust Brightness:** Repeatedly touch the light bar to cycle through 4 brightness levels: 0% (off), 30%, 70%, and 100%.

6.2. Wireless Charging

- Place your wireless charging-compatible smartphone or earbuds on the designated charging area (marked with a cross symbol) on the lamp's surface.
- Ensure the device is plugged into a wall charger for the wireless charging function to work.

6.3. Bluetooth Speaker

- **Pairing:** The device automatically enters Bluetooth pairing mode when powered on. On your smartphone, go to Bluetooth settings and select 'S22' to connect.
- **Play/Pause:** Press the main power button (play/pause icon) to play or pause music.
- **Volume Control:** Use the '+' and '-' buttons to adjust the volume.

6.4. White Noise Machine

- Press the white noise icon button to cycle through 5 different white noise sounds: flowing water, wind, rain,

thunder, and general white noise.

6.5. Timer Setting

- Press the '30' or '60' minute timer buttons to set the white noise machine to automatically turn off after 30 or 60 minutes, respectively.

6.6. Phone Holder

- The light bar can be rotated 180° to serve as an adjustable phone holder. Rotate the light bar to your desired angle to comfortably view your phone, tablet, or e-reader horizontally or vertically.

7. Maintenance

- Clean the device with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Keep the device away from direct sunlight, heat sources, and moisture.
- Avoid dropping the device or subjecting it to strong impacts.

8. Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Lamp does not turn on.	Not connected to power or power button not pressed correctly.	Ensure the USB Type-C cable is securely connected to a working power source. Press and hold the power button for 3 seconds.
Wireless charging not working.	Phone not compatible with wireless charging, phone not placed correctly, or insufficient power adapter.	Verify your phone supports wireless charging. Reposition the phone on the charging area. Use a 10W (or above) USB wall charger.
Bluetooth speaker not connecting.	Device not in pairing mode or out of range.	Ensure the device is powered on. Check your phone's Bluetooth settings and select 'S22'. Keep the phone within 33 feet of the lamp.
White noise not playing.	White noise function not activated.	Press the white noise icon button to activate and cycle through sounds.
