

## JORAIR Vital 200S

# JORAIR Vital 200S Replacement Filter Instruction Manual

Compatible with LEVOIT Vital 200S and Vital 200S-P Air Purifiers

## INTRODUCTION

This manual provides essential information for the proper installation, operation, and maintenance of your JORAIR Vital 200S Replacement Filter. Designed for seamless compatibility with LEVOIT Vital 200S and Vital 200S-P air purifiers, this filter ensures optimal air purification performance in your home environment.

## KEY FEATURES: 3-STAGE FILTRATION SYSTEM

The JORAIR Vital 200S Replacement Filter utilizes an advanced 3-in-1 filtration system to capture various airborne particles and odors, contributing to cleaner indoor air.

- **Nylon Preliminary Filter:** Captures large particles such as dust, lint, hair, and pet fur. This pre-filter is typically integrated with your air purifier unit.
- **H13 True HEPA Filter:** Effectively captures 99.97% of airborne particles as small as 0.3 micrometers, including dust, pollen, smoke particles, and pet dander.
- **Activated Carbon Filter with ARC Formula:** Reduces unpleasant odors and fumes from sources like smoke, cooking, pets, and volatile organic compounds (VOCs).

# Powerful 3-Stage Filtration

Filtration rate up to **99.97%** as small as 0.3

## Activated Carbon Filter

Smoke, odors, fumes, VOCs, cooking smell

## Efficient Filtration

Pollen, pet dander, fine dust, smoke particles

## Pre-Filter

Dust, hair, lint, pet fur, fibers

# Full Compatibility with Levoit Vital 200S Air Purifier

Image: Full compatibility with LEVOIT Vital 200S Air Purifier, emphasizing quality assured, 100% compatibility, maximized performance, and perfect size (15.75" x 13.39").

## SETUP & INSTALLATION

Replacing your air purifier filter is a simple process that requires no tools. Follow these steps to install your new JORAIR Vital 200S Replacement Filter:

1. Turn off and unplug your LEVOIT Vital 200S air purifier.
2. Locate the filter cover, usually on the front or back of the unit. Open or remove it according to your air purifier's specific design.
3. Remove the old filter by pulling on the blue tabs or handles. Dispose of the old filter responsibly.
4. Unpack the new JORAIR Vital 200S Replacement Filter from its protective packaging. Ensure the blue pull tabs are facing outwards.
5. Insert the new filter into the air purifier, making sure it fits snugly. The arrow on the filter should indicate the direction of airflow (usually pointing inwards towards the unit).
6. Reattach the filter cover securely.
7. Plug in your air purifier and turn it on. Reset the filter life indicator if your model has one (refer to

your air purifier's manual for specific instructions).

## OPERATING YOUR AIR PURIFIER WITH JORAIR FILTERS

Once the new filter is installed, your LEVOIT Vital 200S air purifier will continue to operate as usual, providing clean air. The JORAIR filter is designed to work efficiently with all operating modes, including quiet and auto modes.

- **Quiet Operation:** The filter's design contributes to the air purifier's ability to operate quietly, ensuring minimal disturbance.
- **Improved Air Quality:** Experience a noticeable improvement in indoor air quality, reducing allergens, dust, and odors.

Image: Demonstrates how the air purifier with the JORAIR filter improves quality of life by removing pet dander, smoke, and hair, leading to better air quality and reduced secondary pollution.

## MAINTENANCE & REPLACEMENT

For optimal performance, it is recommended to replace the JORAIR Vital 200S HEPA filter every 6–12 months. This duration may vary depending on air quality, usage frequency, and environmental factors such as pets or smoking in the household. Regularly check your air purifier's filter indicator for replacement reminders.

- **Pre-Filter Cleaning:** The nylon pre-filter (if removable and washable in your air purifier model) can be cleaned periodically to extend its life and maintain efficiency.
- **Filter Life:** The upgraded electrostatic electret filter technology in JORAIR filters is designed to improve energy efficiency and extend the filter's lifespan.

## TROUBLESHOOTING

If you experience any issues after replacing your filter, consider the following:

- **Filter Indicator Light:** Ensure you have reset the filter life indicator on your air purifier. Refer to your air purifier's user manual for specific instructions on how to do this.
- **Proper Installation:** Double-check that the filter is installed correctly and securely, with the blue tabs facing outwards and the filter fully seated.
- **Airflow Issues:** If airflow seems restricted, ensure no packaging material was left on the filter and that the filter cover is properly closed.

For further assistance, please contact JORAIR customer support.

## SPECIFICATIONS

Feature	Detail
Product Dimensions	15.75 x 13.39 x 1.96 inches
Item Weight	4.41 Pounds (2 Kilograms)
Material Type	HEPA + Activated Carbon
Air Filter Construction	Pleated
Compatible Devices	LEVOIT Vital 200S Air Purifier, LEVOIT Vital 200S-P Air Purifier
Model Number	Vital 200S Smart
Included Components	2 Pack Vital 200S Air Purifier Filters
Recommended Replacement	Every 6-12 months

## **WARRANTY & SUPPORT**

JORAIR provides a 90-day warranty or refund for each customer. If you encounter any problems with the filter fitting your air purifier or have any other concerns, please do not hesitate to contact our customer service team. We are committed to providing satisfactory service to every customer. For support, please visit the [JORAIR Store on Amazon](#) or refer to the contact information provided with your product packaging.
