TEEHO TE001L

TEEHO TE001L Keyless Entry Door Lock with Handle Instruction Manual

Model: TE001L | Brand: TEEHO

1. PRODUCT OVERVIEW

This manual provides detailed instructions for the installation, operation, and maintenance of your TEEHO TE001L Keyless Entry Door Lock with Handle. This keyless entry system offers enhanced security and convenience for your home or office.

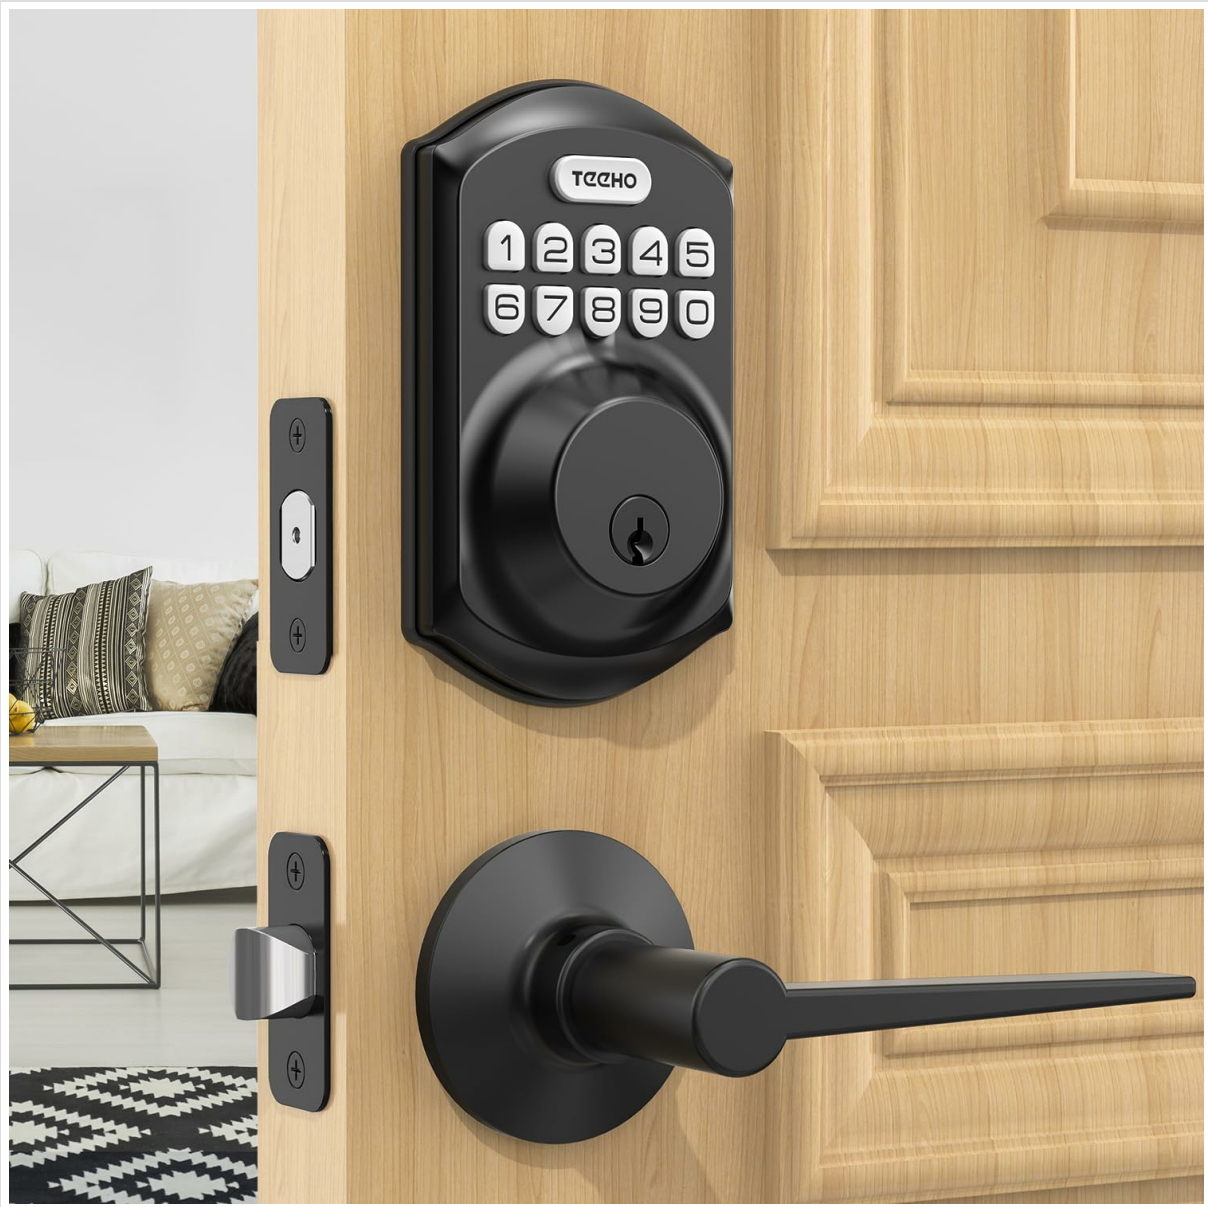

Image 1.1: TEEHO TE001L Keyless Entry Door Lock with Handle, Matte Black. This image displays the complete lock set, including the exterior keypad deadbolt and the interior handle, showcasing its sleek design and matte black finish.

2. PRODUCT COMPONENTS

The TEEHO TE001L Keyless Entry Door Lock with Handle includes the following components:

- Latch (x1)
- Knob Release Tool (x1)
- Screws for the Latch Plate (x2)
- Screws for the Strike Plate (x2)
- Interior Knob (x1)
- Exterior Knob (x1)
- Plastic Latch Cover (x1)
- Strike Plate (x1)

3. INSTALLATION GUIDE

Follow these steps to install your TEEHO TE001L Keyless Entry Door Lock. A screwdriver is the only tool

required for installation. Ensure your door has a 2-1/8" (54mm) door hole; this lock is not compatible with 38mm door holes.

1. **Prepare the Latch:** The latch is suitable for backset scale ranges of 2-3/8 inches (60mm) and 2-3/4 inches (70mm). Adjust the latch to match your door's backset.
2. **Install the Latch:** Insert the adjusted latch into the door's edge hole. Ensure it is correctly oriented. Use a screwdriver to tighten the screws for the latch plate, securing it to the door.
3. **Install the Exterior Knob:** Match the exterior knob to the keyhole on the door and carefully pass its spindle through the lock latch mechanism.
4. **Prepare the Interior Knob:** Before installing the interior knob, you need to disassemble the rear lock ball. Rotate the interior knob to align the internal protruding part, then use the knob release tool to depress the knob retainer and pull the knob out of the spindle.
5. **Connect Knobs:** Connect the interior knob and exterior knob together, ensuring proper alignment of the internal components.
6. **Secure Knobs:** Tighten the screws with a screwdriver to firmly connect the front and rear lock components.
7. **Install Rear Ball Lock:** Finally, buckle the rear ball lock against the rear lock body. Ensure it is securely installed according to the corresponding position.

Video 3.1: Ball Shaped Handle Installation Guide. This video provides a visual step-by-step demonstration of how to install the TEEHO TE001L door lock, including adjusting the latch, connecting the knobs, and securing the components. It shows the process from unboxing to final assembly.

4. OPERATING INSTRUCTIONS

The TEEHO TE001L offers multiple convenient ways to secure and access your door:

- **Keyless Entry:** Utilize up to 20 access code options, ranging from 4 to 10 digits, for easy entry without a physical key.
- **Smart-Locking:** The system features automatic locking, which can be configured to engage between 10 and 99 seconds after the door closes. For immediate locking, use the one-touch auto-lock option by holding down any key on the keypad for 2 seconds.
- **One-Time Code Feature:** Generate temporary access codes for guests, cleaners, or delivery personnel. These codes are automatically deleted after a single use, enhancing security.
- **Anti-Peeping Password:** Enter random digits before or after your actual code to prevent others from guessing your entry sequence.
- **Mute Mode:** Silence keypad tones for quiet operation.
- **Vacation Mode:** A security feature designed for extended absences, disabling regular access codes until manually reactivated.
- **Backlit Keypad:** The keypad illuminates for easy visibility in low-light conditions.

5. FEATURES

The TEEHO TE001L is designed with robust features for security and durability:

- **Security Deadbolt:** Equipped with an ANSI Grade 3 smart door lock cylinder, constructed from durable alloy.
- **Power Source:** Operates on 4 AA batteries, providing over 1 year of typical use.

- **Weather Resistance:** Features an IP54 weather resistance rating, suitable for various environmental conditions.
- **Combination Lock Set:** Includes both a passage handle and a keypad deadbolt lock for comprehensive door security.
