JUNTEN Pixiu Ring User Manual

Model: JT23041204

INTRODUCTION

The JUNTEN Pixiu Ring is an adjustable ring designed for both men and women, featuring a Pixiu motif. Pixiu is an auspicious beast in Chinese mythology, believed to attract wealth and good luck. This manual provides essential information on the ring's features, proper wearing, and care instructions to ensure its longevity and maintain its symbolic significance.

PRODUCT FEATURES

- **Material:** Crafted from 925 Sterling Silver, handmade with a retro Thai Silver finish.
- **Design:** Features the Pixiu (also known as Piyao) symbol, believed to bring wealth and good fortune. The ring also incorporates a beautiful lotus design on its surface.
- **Comfort:** Well-polished finish with smooth inside and no sharp edges, ensuring comfortable wear.
- **Adjustable Size:** The ring is open and adjustable, fitting sizes from 6 to 14.
- **Safety:** Nickel-free, lead-free, cadmium-free, and allergy-safe for skin. Designed to be anti-tarnish and resistant to breakage.

WEARING INSTRUCTIONS

To maximize the symbolic benefits of the Pixiu ring, it is important to wear it correctly according to traditional principles.

1. **Orientation:** The Pixiu's head should always face outwards, away from your body. This is believed to allow the Pixiu to "attract" wealth from outside.
2. **Hand Placement:** For attracting wealth and good luck, it is recommended to wear the Pixiu ring on your **left hand**. This follows the principle of "left in and right out" for energy flow.

CARE AND MAINTENANCE

Proper care will help maintain the beauty and integrity of your Pixiu ring. Please follow these guidelines:

- **Avoid Chemicals:** Keep the ring away from acidic, alkaline, and corrosive substances, as these can damage the metal and stone.
- **Prevent Scratches:** Avoid collision with hard objects to prevent surface scratches and deformation.
- **Remove During Activities:** It is advisable to remove the ring when sweating excessively, showering, or sleeping to prevent exposure to moisture and chemicals that can accelerate tarnishing.
- **Cleaning:** When cleaning your ring, use a soft, dry cloth to gently wipe its surface. Do not use abrasive cleaners or harsh chemicals.
