- **Mattress Care:** The mattress cover is designed to be easy to replace and clean. For specific cleaning instructions, refer to the label on the mattress cover. General care suggests dry cleaning only.
- **Frame Care:** Wipe the metal frame with a damp cloth and mild detergent as needed. Avoid abrasive cleaners that could damage the finish.
- **Caster Maintenance:** Periodically check the casters for any debris or hair that might impede smooth movement. Clean as necessary.
- **Storage:** When not in use, fold the bed and store it in a dry, cool place to protect the mattress and frame.

TROUBLESHOOTING

If you encounter any issues with your KOMFOTT Folding Rollaway Bed, consider the following common solutions:

- **Bed Does Not Unfold/Fold Smoothly:** Check for any obstructions in the folding mechanism. Ensure all leg supports are properly aligned. Lubricate moving parts if necessary.
- **Bed Feels Unstable:** Verify that all legs are fully extended and locked into place. Ensure the non-slip foot pads are intact and making full contact with the floor. If casters are locked, unlock them before moving.
- **Mattress Shifting:** Confirm that the hook and loop fasteners are securely attached between the mattress and the frame.
- **Casters Not Rolling:** Check for debris (e.g., hair, lint) wrapped around the caster wheels. Clean the wheels as needed. Ensure the lockable casters are in the unlocked position for movement.
